THE PITTSBURG, SHAWMUT & NORTHERN R. R.

Through Passenger Service Between

St. Marys, Brockwayville, Shawmut, Smethport, Olean, Friendship, Angelica, Hornellsville, Wayland, Buffalo, and New York.

Effective Sunday, May 29, 1905—Eastern Standard Time. Time of Trains at St. Marys.

DEPART.

7:45 A. M.—For Keresey (Arr. 8:14 A. M.), Havana (Arr. 8:56 A. M.), Weedville (Arr. 9:03 A. M.), Elton (Arr. 9:46 A. M.), Shawmut (Arr. 9:58 A. M.), Brockwayville (Arr. 9:48 A. M.), connecting for Buffalo (Arr. 6:10 P. M.), Bolivar (Arr. 2:33 P. M.), Friendship (Arr. 4:08 P. M.), Angelica (Arr. 4:24 P. M.), Hornellsville (Arr. 4:10 P. M.), Wayland (Arr. 7:23 P. M.), connecting at Wayland with D. L. & W. R. R. and at Hornellsville with Erie R. R. for all points East and West.

8:40 P. M.—For Keresey (Arr. 9:25 P. M.), Elton (Arr. 9:09 P. M.), Shawmut (Arr. 9:22 P. M.), Brockwayville (Arr. 9:47 P. M.), connecting with P. & E. for Falls Creek (Arr. 5:10 P. M.), DuBois (Arr. 5:25 P. M.), Brookville (Arr. 5:50 P. M.), and Pittsburg (Arr. 9:30 P. M.).

ARRIVE.

8:05 A. M. J. From Brockwayville, Shawmut, 8:50 P. M. J. Elton, Keresey and Buffalo.

8:45 P. M.—From Wayland, Hornellsville, Canaan, Angelica, Friendship, Bolivar, Buffalo, Bradford, Olean, Eldred, Smethport and Clermont.

All trains daily except Sunday.

A. M. LANE, C. J. BENWICK, Gen'l Supt. Gen'l Pass. Agent, St. Marys, Pa.

Kodol Dyspepsia Cure
Digests what you eat.

THIN BLOOD—WEAK NERVES

One Follows the Other, but Dr. Williams' Pink Pills Quickly Cure Both.

The steady use of a particular set of muscles tends to chronic fatigue, which produces faulty or difficult motion, trembling, cramps and even paralysis. Writers, telegraphers, tailors and seamstresses are among the classes most threatened in this way with the loss of their power to earn a living. The following instance shows that nerve power may be recovered after it seems entirely lost, if the right means are taken. Mrs. O. S. Blacksten, of No. 584 North Bowman street, Mansfield, Ohio, says:

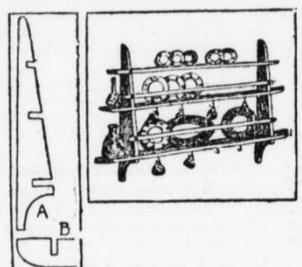

"For years my hands would become so numb at times that I would drop anything I attempted to lift. Later they became so bad that I could not sew any longer, and at last I could scarcely do anything at all with my hands. At night the pricking sensations would come on worse than ever, and my hands and arms would pain so that I dreaded to go to bed. My family doctor gave me some nerve tablets. They helped me a little, but only for a short time after I had taken them and if I happened to be without them for a day or two I would be as bad as ever or even worse. Finally I got a box of Dr. Williams' Pink Pills and began to take them.

"The result was surprising. By the time I had taken the last pill in my first box I could see a gain. Thanks to Dr. Williams' Pink Pills, I am now all right. I can sleep undisturbed by pain, and for two years I have been as well as ever." Dr. Williams' Pink Pills feed the nerves by making new, rich blood and in this way have cured nervous diseases of every description from simple restlessness to paralysis. They have banished the tortures of neuralgia, the weakness of nervous prostration, the disability and awful pain of locomotor ataxia. They are sold by all druggists or direct by the Dr. Williams Medicine Company, Schenectady, N. Y.

PRESENTS BOY CAN MAKE.

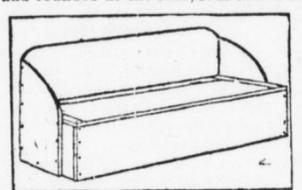

Suggestions for a China Rack for Dining-Room and Seat with Box for Bedroom.

For the dining-room a china rack would be an acceptable present to mother, and the one shown in the illustration is quite an easy one to make.

A CHINA RACK.

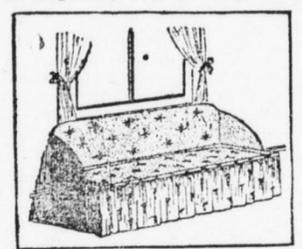

It consists of three shelves, two side plates and two thin rails. The side plates are 30 inches high, with three notches cut in them, as shown in Fig. A, and the shelves can measure 36 inches long, of three different widths and rounded at the ends, four inches in

A WINDOW SEAT AND SHOE BOX. FIG. 1.

from which notches are cut, as shown in Fig. B.

A window seat and shoe box, a very useful piece of furniture for a bed or dressing-room, is in the shape of a

A WINDOW SEAT AND SHOE BOX. FIG. 2.

box with side arms and back as shown in the illustration. It is a very simple affair to construct, and is made from a box, two sides and a back board, then upholstered with denim and cretonne.

CARDBOARD DOLL HOUSE.

Full Directions About Making the Home and the Furniture to Put Therein.

Christmas will soon be here, and I will tell the little girls how to make a doll's house out of cardboard boxes and not cost a cent, so that they can save their pennies for something else, writes a lady in the Boston Globe. First get a large paper box and cover. Then all the little odds and ends of pretty paper, silk, cloth of all kinds, lace, bits of ribbon and cardboard, spoons of all sizes (try for some very small ones). Next get a paper box, large or small, cut in the bottom of the box and sides windows and doors, at the windows take lace or some pretty thin muslin and tack to box with thread in long stitches, stick over a narrow strip of gilt or silver paper, then loop the curtain back with pretty paper ribbon or yarn. On the door tack up any pretty thing for drapery, or crape paper will not be so heavy. Next stick with glue some small pictures on wall, and paper for a carpet or rugs stuck to floor. Now for the furniture: For table cut cardboard some pretty shape, large or small. Tack or stick to top of a spool, stick paper for tablecloth and wrap crape paper around it. Take cardboard and bend for chairs. After cutting out just bend sides down and stick thin paper where the board is bent, for it will not break. Shape back of sofa, bend for seat, take small spoons cut in halves and tack for feet to sofa, roll up stiff paper and cover with thin paper for arms of pillows. A roof garden can be on top of box. Take small spoons for plant pots and get some fine green for plants.

Take another box and have for chamber, cut board for bed, cut small spool and tack for feet of bed. Stick small flower headboard.

A bright child can make a number of articles. See how neat you can make everything. For dolls, small paper dolls, with their dresses stuck on and some pins to make them sit. Better still, very small rag dolls. Make a small rag head, wind thread around neck, then make short arms out of just a small bit of cloth. Cut out calico as you would paper. The skirts should be gathered and sewn on body. The dolls should be made all sizes and dressed in all colors. The skirt is what they stand on. A Dinah can be made of black cloth, mark face with red thread, dress in gay skirt and sew a turban on head. Then pin baby in arms and one or two small dolls to skirt. I hope the little girls can understand this.

A little cripple girl amused herself one winter with one of these doll boxes. And the best is, you can put on cover to box and take around with you.

COFFEE NEURALGIA

Leaves When You Quit and Use Postum.

A lady who unconsciously drifted into nervous prostration brought on by coffee, says:

"I have been a coffee drinker all my life, and used it regularly, three times a day.

"A year or two ago I became subject to nervous neuralgia, attacks of nervous headache and general nervous prostration which not only incapacitated me for doing my household work, but frequently made it necessary for me to remain in a dark room for two or three days at a time.

"I employed several good doctors, one after the other, but none of them was able to give me permanent relief.

"Eight months ago a friend suggested that perhaps coffee was the cause of my troubles and that I try Postum Food Coffee and give up the old kind. I am glad I took her advice, for my health has been entirely restored. I have no more neuralgia, nor have I had one solitary headache in all these eight months. No more of my days are wasted in solitary confinement in a dark room. I do all my own work with ease. The flesh that I lost during the years of my nervous prostration has come back to me during these months, and I am once more a happy, healthy woman. I enclose a list of names of friends who can vouch for the truth of the statement." Name given by Postum Co., Battle Creek, Mich.

There's a reason.

Ten days' trial leaving off coffee and using Postum is sufficient. All grocers.

UNIQUE NAPKIN HOLDER.

A Very Ingenious Method of Solving the Problem of Fastening Baby's Bib Comfortably.

Few mothers there are who do not know how difficult it is to keep the children's napkins where they will protect dress and waist fronts to the best advantage. The expedients of pinning around the neck or tucking napkins into collar bands when bib days are over are never satisfactory, the first causing an uncomfortable roll, and the latter invariably disarranging collars or ties. In the accompanying illustration a little holder is shown which will solve this problem to every mother's delight, assures the American Agriculturist.

The holder is made of brown linen, 15 inches long and nearly two wide. The edge is buttonholed with red floss, as also are the initials of the little one for whom it is intended. Sprays of holly with its glossy green leaves and scarlet berries furnish a pretty decoration. The ends are provided with small safety pins which are to be fastened to the napkin just in front of each shoulder, the holder forming a sort of collar around the back of the neck. The napkin is thus held smoothly across the chest at the point most needed.

These holders may be made of various materials, linen, wash ribbon or lawn

THE COMPLETE HOLDER.

being given preference in the order named. If the material is light in weight they may be made double to give durability and firmness. The edges should be machine or brier stitched, hemstitched or buttonholed. In case of ribbon being utilized the selvage will be sufficient finish.

Any simple decoration is appropriate. Colors which will please the child who is to wear it are always most desirable. Where initials are used if they are placed toward one end of the strip, as in the holder illustrated, when the meal is over the napkin may be folded and rolled with the opposite end of the holder, leaving the portion bearing the initials to wrap round the outside. There is then no likelihood of napkins turning up at the wrong plates. If preferred, small clips or clasps may be substituted for the pins.

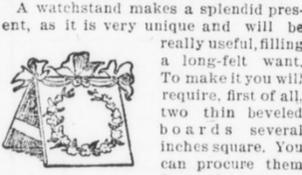

These holders are made so simply that small needlewomen may safely attempt sets of them for Christmas, allowing one for each little tot who has not yet learned the grown-up's way of using a napkin.

A LITTLE GIRL CAN MAKE.

A Pretty and Convenient Watch-Case from Some Bits of Linen Embroidery Silks and Ribbons.

Here is a dainty Christmas gift that any girl who is at all handy with needle, paste and scissors may easily fashion:

A watchstand makes a splendid present, as it is very unique and will be really useful, filling a long-felt want. To make it you will require, first of all, two thin beveled boards several inches square. You can procure them from the nearest carpenter for a few cents. Next get a bit of fine white linen, some embroidery silks and a length of narrow ribbon. The stand, as shown in the figure, has a wreath of flowers worked around each side. The design is embroidered upon the piece of linen destined to be the face of the stand. There should be a duplicate piece of linen to cover the back, and each piece should be cut one inch larger all around than the boards.

WATCHSTAND.

Stretch over each board one layer of white cotton wadding, and over that the linen squares. Pull the linen tight and smooth and sew it fast in place by taking long stitches from side to side on the under side of the board. Paste over the back of each under side a square of plain white linen, the edge of which you have turned. Then sew to the top of each, one at either end and one in the center, two strips of bright-colored satin. Tie the opposite ribbons together in three pretty bows and make fast with a stitch in the center of each.

Three inches below the upper edge of each side sew fast a two-inch ribbon strap, which will keep the boards from parting. Screw a brass hook into the center of the board top of the embroidered side to hang the watch upon, and then the pretty watchstand is completed.

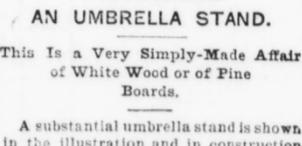

AN UMBRELLA STAND.

This Is a Very Simply-Made Affair of White Wood or of Pine Boards.

A substantial umbrella stand is shown in the illustration and in construction it is very simple, being made from white wood or pine boards three-quarters of an inch in thickness.

Two boards are cut 30 inches long and ten inches wide for the front and back, and for the sides two more boards are cut 30 inches long and eight inches wide.

The front and back board are nailed to the edges of the side boards with long slim steel wire nails, and a bottom board is cut and fitted to the lower end of the box, where it is securely held with more of the long slim nails.

Umbrella Holder.

back board are nailed to the edges of the side boards with long slim steel wire nails, and a bottom board is cut and fitted to the lower end of the box, where it is securely held with more of the long slim nails.

Coat hangers are nice presents for both college men and bachelors. They may be as pretty as possible, with ribbons and bows and silks, they may hold sachets or not, but they are soft and preserve coat lining and keep a coat neat in set. A pretty coat hanger does not take up any more room than an ugly one.

FROM GIRLHOOD TO WOMANHOOD

Mothers Should Watch the Development of Their Daughters—Interesting Experiences of Misses Borman and Mills.

MATILDA BORMAN MYRTLE MILLS

Every mother possesses information which is of vital interest to her young daughter.

"Too often this is never imparted or is withheld until serious harm has resulted to the growing girl through her ignorance of nature's mysterious and wonderful laws and penalties.

Girls' over-sensitiveness and modesty often puzzle their mothers and baffle physicians, as they so often withhold their confidence from their mothers and conceal the symptoms which ought to be told to their physician at this critical period.

When a girl's thoughts become sluggish, with headache, dizziness or a disposition to sleep, pains in back or lower limbs, eyes dim, desire for solitude; when she is a mystery to herself and friends, her mother should come to her aid, and remember that Lydia E. Pinkham's Vegetable Compound will at this time prepare the system for the coming change, and start the menstrual period in a young girl's life without pain or irregularities.

Hundreds of letters from young girls and their mothers, expressing their gratitude for what Lydia E. Pinkham's Vegetable Compound has accomplished for them, have been received by the Lydia E. Pinkham Medicine Co., at Lynn, Mass.

Miss Mills has written the two following letters to Mrs. Pinkham, which will read with interest:

Dear Mrs. Pinkham:— (First Letter.)

"I am but fifteen years of age, am depressed, have dizzy spells, chills, headache and back-

ache, and as I have heard that you can give helpful advice to girls in my condition, I am writing you."—Myrtle Mills, Oquawka, Ill.

Dear Mrs. Pinkham:— (Second Letter.)

"It is with the feeling of utmost gratitude that I write to you to tell you what your valuable medicine has done for me. When I wrote you in regard to my condition I had consulted several doctors, but they failed to understand my case and I did not receive any benefit from their treatment. I followed your advice, and took Lydia E. Pinkham's Vegetable Compound and am now healthy and well, and all the distressing symptoms which I had at that time have disappeared."—Myrtle Mills, Oquawka, Ill.

Miss Matilda Borman writes Mrs. Pinkham as follows:

Dear Mrs. Pinkham:—

"Before taking Lydia E. Pinkham's Vegetable Compound my months were irregular and painful, and I always had such dreadful headaches.

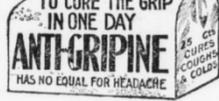

"But since taking the Compound my headaches have entirely left me, my months are regular, and I am getting strong and well. I am telling all my girl friends what Lydia E. Pinkham's Vegetable Compound has done for me."—Matilda Borman, Farmington, Iowa.

If you know of any young girl who is sick and needs motherly advice, ask her to address Mrs. Pinkham at Lynn, Mass., and tell her every detail of her symptoms, and to keep nothing back. She will receive advice absolutely free, from a source that has no rival in the experience of woman's ills, and it will, if followed, put her on the right road to a strong, healthy and happy womanhood.

Lydia E. Pinkham's Vegetable Compound holds the record for the greatest number of cures of female ills of any medicine that the world has ever known. Why don't you try it?

Lydia E. Pinkham's Vegetable Compound Makes Sick Women Well.

PRICE, 25 Cts.

ANTI-GRIPINE

IS GUARANTEED TO CURE GRIP, BAD COLD, HEADACHE AND NEURALGIA.

I will sell Anti-Gripine to a dealer who will guarantee it. Call for your MONEY BACK IF IT WON'T CURE.

F. W. Diemer, M. D., Manufacturer, Springfield, Mo.

SICK HEADACHE

Positively cured by these Little Liver Pills.

They also relieve Distress from Dyspepsia, Indigestion and Too Hearty Eating. A perfect remedy for Dizziness, Nausea, Drowsiness, Bad Taste in the Mouth, Coated Tongue, Pain in the Side, TORPID LIVER. They regulate the Bowels. Purely Vegetable.

Modernized.

"Here is one of the inns where George Washington used to stop."

"You don't say! What has become of the ancient sign: 'Accommodation to Man and Beast'?"

"They've taken it down and put up a sign: 'Accommodation to Man and Automobile.'"

"And where is the hostler who used to come out with a can of cats?"

"Oh, he comes out now with a can of gasoline."—Chicago Daily News.

The Difference.

Son—What is a financier, pa?

Father—A financier, my son, is a man who has so much money that it takes a legislative committee to find out to whom it belongs.—
