Nature Needs But Little.
Nature needs only a Little Early Riser now and then to keep the bowels clean, the liver active, and the system free from bile, headaches, constipation, etc. The famous little pills "Early Risers" are pleasant in effect and perfect in action. They never gripe or sicken, but tone and strengthen the liver and kidneys. Sold by R. C. Dodson.

Nothing Doing.
During the past few weeks, many reports have been circulated relative to the sale of the Wiley Estate land, east of Emporium. We are reliably informed by a party, who knows, that all negotiations are off, at least so far as the aforesaid company are concerned.

B. J. Collins presented Wm. Johnson with two nice racoons Saturday. William is still picking his teeth with a railroad spike. Coon meat is the best thing going for typhoid patients.

W. R. Smith while dressing a pig for John Carson this week found an automobile tire in the hog's stomach. The tire was in a perfect state of preservation and Mr. Smith who is a very quick witted person, suggested that the tire would make an excellent case to put sausage in. This was accordingly done and gave entire satisfaction.

Evangelist Rev. Kennedy of Conneaut, returned to his home on Friday, after holding a two weeks' series of revival meetings at this place. The Rev. gentleman is an eloquent speaker and a sincere worker. His sermons have accomplished much good.

Tony Costello, the repair man for the interlocking plant at the Tower, while walking through the woods last Saturday came across what he thought was a black and white cat. The animal seemed tame enough so Tony thought he would pick it up, but when about three feet from the animal, Tony suddenly changed his mind and hit the high places for home. We felt that he was coming long before he reached us, as he had a peculiar air about him that spoke volumes. His clothes had to be buried in the usual way. As Shakespeare says:

"You can use disinfectants
O. K. Soap if you will,
But the smell of a polecat
Will cling to you still."

The rumor that A. W. Smith had eloped with a married woman of this county is entirely without foundation. Mr. Smith's reputation and standing in this community is too high for any such falsehoods to injure him and no one who knows this gentleman will believe the story. It is understood the hot air originated at Sinnamahoning.

After two years of faithful and untiring effort the new seats are installed in the Huntley Union church. Too much praise cannot be given the young ladies who have had charge of this matter, Misses Edna Collins, Myrtle Logue, and Alice Jordan.

Charles Collins and John Carson, while working on the mountain this week found a strawberry plant in full bloom. This is something very unusual for this time of the year. Mr. Collins says it is a sure sign of a short winter and that Teddy Roosevelt will serve another term.

ed to Miss Mattie Collins for the benefit of a school for homeless children.

Mrs. Archie Freeman was an Emporium visitor on Tuesday.

J. H. Evans was a county seat visitor Monday.

H. C. Crawford returned from Olean on Monday.

Ed. McNeerly has been confined to the house several days on account of sickness.

The night-cap social held in Sizerville, school house last Saturday evening was a success.

Relief Agent Farnsworth left Sunday for Clermont. He had been relieving Agent Prosser, who has been taking his ten days vacation for this year.

Alex Dick, who has been here for the past few days, taking the water cure for rheumatism, left Monday for First Fork, completely cured.

Our townsman W. R. Sizer is better and still improving at this writing, Wednesday. It will seem like by-gone days to hear Willie say, "vat you say."

SENATOR.

A FOOLISH PLAN

"Tis a joy to eat—I welcome my dinner hour; Because I root indigestion with August Flower!"

Constipation is the result of indigestion, biliousness, flatulency, loss of appetite, self-poisoning, anemia, emaciation, uric acid, neuralgia in various parts of the system, catarrhal inflammation of the intestinal canal and numerous other ailments that rob life of its pleasures if they do not finally rob you of life itself.

"I'm bound in the bowels," is a common expression of people who look miserable and are miserable—yet who persist in "letting nature take its course."

What a foolish plan, when nature could be aided by the use of Green's August Flower, which is nature's own remedy for constipation and all stomach ills.

August Flower gives new life to the liver and insures healthy stools.

Two sizes, 25c and 75c. All druggists.
