INDIGESTION'S RECORD

"The best remedy I can prescribe for your indigestion, madam, is Green's August Flower. I know several other physicians who prescribe it regularly."
 Indigestion is making an awful record as a cause of sudden deaths. It is beating heart-failure in its ghastly harvest. You read in the papers daily of apparently healthy and even robust men being suddenly attacked with acute indigestion after enjoying a hearty meal, and of their dying in many cases before a physician could be called in.
 This should be a warning to you who suffer with regular or periodical attacks of indigestion. If these unfortunate victims of acute indigestion had taken a small dose of Green's August Flower before or after their meals they would not have fallen a prey to such sudden seizures.
 August Flower prevents indigestion by creating good digestion. It also regulates the liver, purifies the blood and tones up the entire system in a natural way.

HUNTLEY.

Mr. A. W. Smith of Sterling Run, discovered what he supposed were bear tracks in the snow along Lower Run, Tuesday morning. He notified Mr. Jordan who took up the trail, but found the tracks to be those of a dog, but as the dog was going backwards. The tracks were liable to fool any one. It is thought that the dog had started in the wrong direction and backed up to take a fresh start.

I wish to make the following statement, through the columns of the PRESS: "I thank the kind friends who are circulating the report that I use half of my month's pay to buy presents for the officials, in order to hold my position here, and also wish to say to a certain employee of the P. R. R., that I never reported him or any one else. I do not claim to be without faults but I think I am on a standing with the average person. But the old saying that a person can do ninety-nine things right and if he cannot do the 100th, it were better he had not done any."
