Deafness Cannot be Cured. By local applications, as they cannot reach the diseased portion of the ear.

Poisons in Food. Perhaps you don't realize that many pain poisons originate in your food.

Letter to N. Seger. Emporium, Pa. Why, do you think, can Devoe sell pure paint as low as others sell adulterated paint?

There are 30 or 40 or 50 different makers of paint, that rank, in a way, as "first-class," they have their regions; one's region is large, another's is small; every one is "first-class" in its region.

Of these 30 or 40 or 50, one is best, another next, and so on down; but the prices are all the same or about the same—you can buy one for less than another though; a personal matter sometimes.

But how, do you think, can Devoe sell the best for no more than the rest? The answer is, it costs less to sell it; more to make, less to sell. Reputation helps sell it. Its 150 years help sell it.

Go by the name. Yours truly, F. W. DEVOE & CO., New York.

P. S. Murry & Coppersmith sell our paint.

F. H. Pearsoll Practical Painter. Painting is practical work. Skill wins. It's the same with paint making.

You know 4 gallons L. & M., mixed with 3 gallons Linsed Oil makes enough paint for moderate sized house—the best paint money can buy—because the L. & M., Zinc hardens the L. & M., White Lead and makes the L. & M. Paint wear like iron.

Buy L. & M., and don't pay \$1.50 a gallon for Linsed Oil, as you do in ready for use paint, but buy oil fresh from the barrel at 60 cents, and mix with the L. & M.

L. & M., costs only \$1.20 per gallon. Sold by H. S. Lloyd.

The other bout is to be between Samuel Witchie and Charlie Carmileto. Trainer, Wm. Johnson, reports the men in first class condition, as they practice during the dinner hour each day. After the smoker the members will accept Mr. Smith's kind invitation to a trolley ride on his new motor car.

The rumor that operator Sullivan was on the verge of starvation is without foundation, although the commissary was pretty low. Brother Page of Cameron nobly came to the rescue with a side of spare ribs. In his heartfelt gratitude Sullivan begs to add:

There was once an operator, And he worked at the Huntley Tower; He was very fond of bacon, And he took his pickles sour; He enjoyed good canned tomatoes, Corn and beans and all the rest; But in winter he ate cod fish, 'Till the bones came through his vest.

Oh! the months were long and dreary, For the pay days came so slow; To supply this long man's stomach, For he did not have much dough; He had but a few dried apples, And about a quart of flour; To subsist upon till pay day— Dark and dreary were the hours.

But a good man lived in Cameron, Who had heard of this sad case; And he went right to his pig pen, With a stern look in his face; Straightway then he slew a porker, And to Huntley sent a piece; Of the fat and juicy spare rib, This man's trouble for to ease.

There is gladness and rejoicing, In this operator's home; For the spare rib sure will last him, Till the welcome pay day comes; You can give us gold or silver, Or from lands and houses part; But the day you filled our stomach, Was the time you reached our heart.

Fraud Exposed.

A few counterfeiters have lately been making and trying to sell imitations of Dr. King's New Discovery for Consumption, Coughs and Colds, and other medicines, thereby defrauding the public. This is to warn you to beware of such people, who seek to profit, through stealing the reputation of remedies which have been successfully curing disease, for over 35 years. A sure protection to you, is our name, on the wrapper. Look for it on all Dr. King's or Bucklen's remedies, as all others are mere imitations. H. E. BUCKLEN & CO., Chicago, Ill., and Windsor, Canada. Sold by L. Taggart.

Mainspring of Life

No One Can be Strong With a Weak Stomach, L. Taggart Tells How it May be Strengthened.

The stomach is the mainspring of life. When it is strong and acts perfectly, then the whole system is right, assimilation is perfect, and body and brain are thoroughly nourished.

One may perhaps get temporary relief from stomach troubles by using pepsin, or some other digestant, but this treatment has no curative effect. It does not reach the seat of the trouble and remove the cause.

How much better to use Mi-o-na, which restores lost functions of the whole digestive system, revives flagging nutrition, and aids in the assimilation of food.

Mi-o-na is a pleasant remedy to use, and benefit is seen from almost the first day's treatment. It restores the torpid glands and stimulates the natural digestive secretions. It checks fermentation, stops germ growth, soothes inflammation, and cures all troubles, such as headaches, backaches, rheumatic pains, furred tongue, sleeplessness, nervousness, and general debility, which are caused by imperfect digestion.

It is the only remedy that is so uniformly successful in the cure of stomach diseases that L. Taggart is willing to give a guarantee with every 50 cent box of Mi-o-na tablets that the remedy will cost nothing unless it cures. He has so much faith in Mi-o-na that he is willing to take all the risk.

Sacrifice gives a heavenly grace to any gift.

The New Cough Syrup—the one that acts as a mild cathartic on the bowels—is Kennedy's Laxative Honey and Tar. It expels all cold from the system, cuts phlegm out of the throat, strengthens the membrane of the bronchial tubes, and relieves croup, whooping cough, etc. Children love it. Sold by R. C. Dodson.

There are mistakes it would be a mistake not to make.

All old-time Cough Syrups bind the bowels. A new idea was advanced two years ago in Kennedy's Laxative Honey and Tar. This remedy acts on the mucous membranes of the throat and lungs and loosens the bowels at the same time. It expels all cold from the system. It clears the throat, strengthens the mucous membrane, relieves coughs, colds, croup, whooping cough, etc. Sold by R. C. Dodson.

Love never stops to figure out the cost.

A Habit to be Encouraged. The mother who has acquired the habit of keeping on hand a bottle of Chamberlain's Cough Remedy, saves herself a great amount of uneasiness and anxiety. Coughs, colds and croup, to which children are susceptible are quickly cured by its use. It counteracts any tendency of a cold to result in pneumonia, and if given as soon as the first symptoms of croup appear, it will prevent the attack. This remedy contains nothing injurious and mothers give it to little ones with a feeling of perfect security. Sold by L. Taggart, J. E. Smith, Sterling Run; Crum Bros., Sinnamonahoning.

You are never rich enough to spurn love.
