**A Scotch "Bull."**

General Wade constructed military roads in the highlands of Scotland. An obelisk was constructed to commemorate his achievements on which was inscribed the following "bull," intended to distinguish between natural tracks and made roads:

Had you seen these roads before they were made,  
You would lift up your hands and bless General Wade.

**Difference and Distinction.**

Most people are afraid to be different. Some people are different for the express purpose of showing that they are not afraid. And then there are a few who are big enough not to care whether they are different or not. They are the ones that win out, but nine times out of ten they do things in the ordinary way.—Judge.

**In Her Own Coin.**

Mamma—You naughty boy! What do you mean by saying "Don't bother me now" when I asked you how you got your clothes soiled? Tommy—That is what you always say when I ask you something you don't know how to answer.

**Right in Line.**

"If there is anything I like," said he to his wife, "it is a woman who knows enough to be a good listener." Whereat the servant girl at the keyhole could not repress a smile of satisfaction.

**It requires as much reflection and wisdom to know what is not to be put into a sermon as what is.—Cecil.**

**Mirthfulness and the blues are never chummy.**

**Common Colds are the Cause of Many Serious Diseases.**

Physicians who have gained a national reputation as analysts of the cause of various diseases, claim that if catching cold could be avoided a long list of dangerous ailments would never be heard of. Every one knows that pneumonia and consumption originate from a cold, and chronic catarrh, bronchitis, and all throat and lung trouble are aggravated and rendered more serious by each fresh attack. Do not risk your life or take chances when you have a cold. Chamberlain's Cough Remedy contains no opium, morphine or other harmful drug and has thirty years of reputation back of it, gained by its cures under every condition. For sale by L. Taggart; J. E. Smith, Sterling Run; Crum Bros., Sinamahaning.

**Grave Trouble Foreseen.**

It needs but little foresight, to tell, that when your stomach and liver are badly affected, grave trouble is ahead, unless you take the proper medicine for your disease, as Mrs. John A. Young, of Clay, N. Y., did. She says: "I had neuralgia of the liver and stomach, my heart was weakened, and I could not eat. I was very bad for a long time, but in Electric Bitters, I found just what I needed, for they quickly relieved and cured me." Best medicine for weak women. Sold under guarantee by L.
