Mobile, Ala., March 3.—Not more than half a dozen persons were killed by a tornado that devastated Meridian, Miss., last evening, according to a long distance message to the Item from J. D. Breaux, service man of the Cumberland Telephone Co. at Meridian. He gives details of the tornado as follows: During a heavy rain at 6:30 o'clock a storm cloud developed in the south and moved on the city, striking Front street, the business center, with full force.

The wind was probably blowing 75 miles an hour. The tornado passed over in about two minutes and during that period three or four whole squares were devastated. A conserva-tive estimate places the number of buildings blown down at between 39 and 40

From the business center the tor-nado jumped to the east end, where a number of residences were blown down and others badly damaged. Mr. Breaux stated that the number of lives lost is small, probably not more than three or for. One of the victims, a man named Johnson, was hemmed in the wreckage and at 10 o'clock last night he was reached by the rescuing party, to whom he spoke and begged them to hurry.

## BANKER WALSH IS ARRESTED.

A Chicago Financier Is Accused of Misappropriating \$3,000,000 of a Bank's Funds.

Chicago, Ill.—John R. Walsh, president of the defunct Chicago national bank, which closed its doors December 18, 1905, was on Friday taken into custody on a federal warrant which charges him with violation of the pational banking laws in makof the national banking laws in making false returns to the comptroller of the currency and also asserts that he converted to his own use, without proper authority, funds of the bank amounting to \$3,000,000. He was released after giving bonds to the amount of \$50,000.

The complaint alleges in specific terms that on November 18, 1905, the Chicago national bank, of which Mr. Walsh was president, transmitted to the comptroller of the currency a statement of the financial condition of the bank at the close of business on November 9. In this statement "the said John R. Walsh unlawfully made certain false entries to the effect that at the close of business on the 9th day of November the amount of loans and discounts of the said banking associadiscounts of the said banking association on which the officers and directors thereof were then liable either as payor or endorser was \$245,000, whereas in truth the amount of such loans and discounts was \$3,900,000, and another false entry to the effect that the amount of loans and dis that the amount of loans and dis-counts of the said association for which the officers and directors were not liable as payers or endorsers was \$10,658,282, whereas in truth the amount of such loans and discounts on which officers and directors were ot liable was much smaller, namely

## FINANCE AND TRADE.

Dun's Weekly Review Gives Very Encouraging Reports.

New York.—R. G. Dun & Co.'s Weekly Review of Trade says:
Prospects are most encouraging for continued activity in the commercial world. Seasonable merchandise is going into consumption more freely and preparations for a large spring trade keep shipping departments busy. Mercantile collections are still somewhat irregular, although satisfactory on the whole, especially in view of the firm money market. Manufacturing plants report little idle machinery except all northwestern flour mills, where the heavy output has exceeded demands for a time. demands for a time.

demands for a time.

Probably the best news of the week was the prompt response to President Roosevelt's pacific letter to the contesting coal interests.

Commercial failures this week in the United States are 236, against 245 the corresponding week last year. Failures in Canada number 41, against 25 last year.

Makes Necessary Another Reprieve.

New York.—The hearing upon the motion for a new trial in the case of Albert T. Patrick, convicted of the murder of William Marsh Rice, an aged millionaire, was adjourned Friday until April 3. This will make nedsary a further reprieve by Gov. Hig.

Elevator Burned. Buffalo, N. Y.—The Wheeler elevator on Buffalo river was destroyed by fire last night. The loss on the building and its contents is estimated at \$175.000.

## AWFUL PSORIASIS 35 YEARS.

Terrible Scaly Humor in Patches All Over the Body-Skin Cracked and Bleeding-Cured by Cuticura.

"I was afflicted with psoriasis for thirtyfive years. It was in patches all over my
body. I used three cakes of Cuticura
Soap, six boxes of Ointment, and two
bottles of Resolvent. In thirty days I was
completely cured, and I think permanently, as it was about five years ago. The
psoriasis first made its appearance in red
spots, generally forming a circle, leaving in
the center a spot about the size of a silver dollar of sound flesh. In a short
time the affected circle would form a
heavy dry scale of a white silvery appearance and would gradually drop off. To
remove the entire scales by bathing or
rusing oil to soften them the flesh would
be perfectly raw, and a light discharge of
bloody substance would ooze out. That
scaly crust would form again in twentyfour hours. It was worse on my arms
and limbs, although it was in spots all
over my body, also on my scalp. If I
let the scales remain too long without
removing by bath or otherwise, the skin
would crack and bleed. I suffered intense
itching, worse at nights after getting
warm in bed, or blood warm by exercise,
when it would be almost unbearable. W. M.
Chidester, Hutchinson, Kan., April 20, 1905."

Speaking from Experience

"How do you like being civilized?"
asked the philanthropist.
"Well." answered the simple child of nature, "civilization is great for the mind, but it is mighty hard on the digestion."—Washington Star.
