TO THE REPUBLICAN ELECTORS OF PENNSYLVANIA.

I am directed by the Republican State Committee to announce that the Republicans of Pennsylvania, by their duly chosen representatives, will meet in convention at the Lyceum tificatre in the city of Harrisburg, on Wednesday, June 6, 1996, at 10:39 a. m., for the purpose of nominating candidates for the following offices, viz.

One person for the office of Lieutenant-Govermor;

Que person for the office of Auditor-General.
One person for the office of Secretary of Internal Affairs; and for the transaction of such
other business as may be presented.

In accordance with the rules governing the
party, the representation in the State Convention will be based upon the vote polled at the
last Presidential election. Under the rules each
Pagislative district is intitled to one delegate for
exch two thousand votes cast for Republican
electors in 1991, and an additional delegate for
every fraction of two thousand votes polled in
excess of one thousand. s of one thousand.
By order of the State Committee,
W. R. ANDREWS, Chairman.

WASHINGTON LETTER.

(Fromour Regular Correspondent.) Washington, March 24th, 1906.

Senator Tillman says the debate on the rate bill will last six weeks more and that the Hepburn bill will be materially amended before it passes the Senate. Senator Dol-liver says that the bill will be passed without amendment and the debate will not last more than a week or ten days longer. Anyone who is interested can draw their own deductions from these diverse views. At the rate the debate is now progressing and from the number of Senators who still want to speak, it looks as though Senator Tillman's forecast would be more nearly correct. Of course it is impossible to foretell what may happen to the rate bill and the friends of the railroads are trying hard to put some loop-hole in it that will render the proposed legislation of no ef-But it can be said that if the bill goes to the White House in such shape as to not meet with the President's approval, he will veto it as surely as he can sign his own name and will call an extra session to thresh out the whole matter again. But it is hardly to be supposed that even the enemies of fair legislation will go to such lengths and there is always in the back-ground the fear as Senator Tillman bluntly put it when he said that if the present congress could not turn out a fair rate regulation bill, the people would see to it that the next congress was composed of men who were differently minded.
The Statehood bill has gone to

conference. There was a strong show of resistance to submitting it to conference at all, but now it is out of the way for the time being and it remains to be seen whether the House in the end will have the temerity to defy the Senate and the obvious wishes of the people of Arizona and probably the majority in New Mexico.

All the talk that has been made about the imminence of an outbreak in China and the necessity of immediately sending warships and emergency troops to the far east, seems to be dying down. Reports have reached the State Department that the anti-foreigh feeling is dying down and that the boycott is apt to fall by its own weight. The Navy Department has withdrawn the battle ships that it had sent to North China waters and the bulk of the American fleet is now at Shanghai and southward. The agents of the State Department are alert and not apt to be caught napping, for though the outlook at present is promising, a calm in China frequently preludes the bursting of the real storm.

FREE ANTITOXIN HEADS OFF DEATH

In Last Four Months Every Diphtheria Patient Treated Promptly and According to Health Commissioner's Instructions Has Recovered.

URGES EARLY DOSAG'E

Dr. Dixon Scores a Notable Life-Saving Triumph Among the Poor of Pennsylvania - Hopes For Still Better Record.

The Health Commissioner, Samuel G. Dixon, a couple of months ago announced that use of free antitoxin among diphtheria victims who were too poor to pay for the serum had reduced the death rate to 8.8 per cent. This was a splendid result and showed the great benefits of the State paying for antitoxin for those who might other wise not be able to procure it and in consequence probably die.

Now Health Commissioner Dixon announces that according to the records compiled in his office he finds that during the four months of November and December, 1905, and January and February, 1906, there has not been a single death from diphtheria where the free use of antitoxin provided by the State has been used within 24 hours after the onset of the disease and in doses recommended in circulars sent out by the Commissioner.

Dr. Dixon attached great import ance to this fact, and hopes that the same results will be secured in a far larger number of cases by physicians throughout the State using free antitoxin more promptly.

This prompt use of antitoxin has been urged by Health Commissioner Dixon from the start of the free distribution. He has urged it in his correspondence with fellow-medical men and the local Boards of Health throughout the State, and especially in the circular which is contained in every package of the State's free antitoxin

"The early use of antitoxin is essential," says Health Commissioner Dixon in this circular, and he endeavors to impress it upon the people by heavily underscoring the words of ad

In this circular also Dr. Dixon has given general directions for the administration of antitoxin in both curative and immunizing doses that have been found exceedingly helpful to physicians in Pennsylvania. Never less than 3000 units, says Dr. Dixon, should be used for a curative dose: in advanced cases he says to increase the initial curative dose from 3000 to 6000

If improvement is not manifested within six hours following the initial dose, give 6000 units, and if no benefit is to be observed within the following eight to 12 hours, repeat the same un-til a change for the better can be no-

All cases showing croupy symptoms should receive large and often-repeated doses.

TO THE PEOPLE

Rich's Famous All Wool Sock has fallen into competition with a very inferior article. The imitation is so perfect that only an expert is able to detect the counterfeit with its cotton and shoddy mixtures, until the sock is put into service. Unscrupulous competitors are representing the sock as Rich's All Wool, thus deceiving the customer and injuring our reputation.

To protect ourselves and the trade, in the future Rich's Socks will bear a Red Seal Trade Mark printed in white, a fac-simile of which is shown above.

Respectfully,

JOHN RICH & BROS.

Having purchased my partners' interest in this firm. I will endeavor to continue the same methods as formerly. Give the best values possible for the least money.

Thanking my patrons and friends generally, for past favors and hoping by fair dealing to merit your future patronage.

I am yours truly,
