

INDIGESTION'S RECORD

"The best remedy I can prescribe for your indigestion, madam, is Green's August Flower. I know of several other physicians who prescribe it regularly."

Indigestion is making an awful record as a cause of sudden deaths. It is beating heart-failure in its ghastly harvest. You read in the papers daily of apparently healthy and even robust men being suddenly attacked with acute indigestion after enjoying a hearty meal, and of their dying in many cases before a physician could be called in.

It should be a warning to you who suffer with regular or periodical attacks of indigestion. If these unfortunate victims of acute indigestion had taken a small dose of Green's August Flower before or after their meals they would not have fallen a prey to such sudden seizures. August Flower prevents indigestion by creating good digestion. It also regulates the liver, purifies the blood and tones up the entire system in a natural way.

FIRST FORK.

The body of an unknown man in the creek above Floyd's Rocks was found on Friday last by the sons of Miles and Isaac Smith. The body had evidently been in the water for some time. A dog that was with the boys commenced to bark and dig at the ice, and on breaking the ice the body was discovered. Justice of the Peace and Overseer of the Poor, John A. Wykoff was notified, who gave the body burial in the Smith graveyard. Whether the man's death was accidental or a suicide could not be determined. There was no means of identifying the man, but a book was in one of his pockets that had Glen Hazel written on one of the leaves. He was evidently a woodsman and his name is supposed to have been Elmer Gillon. He was buried Sunday.

Wm. Logue is reported to have found an extensive body of iron ore, the vein being some three miles long. It is said by an old miner, who has examined it, to be 60 to 75 per cent. iron. Another party has been prospecting for fire clay, and is said to have found a large body of it in John Mahon's Run, in Potter county.

B. J. Collins has broken all records of hauling logs in the last month and all the lumbermen in this part of the county take their hats off to him. This has been a very bad winter for moving timber of any kind from the woods, but nevertheless Mr. Collins delivered the goods. The humble poet of Big Run, wishes to add a little description of the operations, which he has put in verse, with apologies to Barnyard Kipling, Henry W. Longfellow and all other poets for this poor effort.

There is a good man in our town,

And he is up to date,  
He had some logs and ties to move,  
But for snow he could not wait;  
The winter it was very mild,  
The sun was warm and bright,  
And though Jack Frost did try his best,  
His power was put to flight.

But this good man did not despair,  
He neither mourned or cried,  
He took good water from Big Run,  
And watered up the slide.  
So when the midnight hour had come,  
Old Jack Frost reigned supreme,  
For where the water had been poured,  
The ice did brightly gleam.

'Twas then he marshalled out his force,  
They were good men and true,  
He said boys, we must hustle now,  
To get our timber through;  
The weather man in Washington,  
Is deaf to our appeals,  
So we will have to do our best,  
E're spring time on our steels.

O' Johnny Carson drove the grabs,  
Charles Collins pulled them out,  
While Clyde and Clarence worked the teams,  
Upon the icy route;  
Darius Ives was right on deck,  
He drives a splendid pair,  
They took their tonnage every time,  
And never sweat a hair.

So thick and fast the logs and ties,  
Came to the railroad tracks,  
Till now the work is nearly done,  
It is a candid fact;  
And if you don't believe my tale,  
When on the train you pass,  
You'll find Big Run so full of logs,  
That there is no room for grass.

-J. F. Sullivan and E. D. Krape.

CAMERON.

E. D. Krape has been appointed High Constable in the 9th precinct. He is just the man for the position as he was for many years boxing instructor at Harvard College.

Operators Hoyt and Page enjoyed their monthly relief day, Sunday night and Monday respectively.

It is rumored that this firm will consolidate with the Sullivan Amalgamated Hog and Poultry Combine in the near future. Cameron county is always open for worthy enterprise.

The dancing school will be held at the K. G. E. Hall, Saturday evening, as usual. Elaborate preparations were made last Saturday night for an extra fine entertainment, but owing to the inclemency of the weather the attendance was small; however the program for Saturday will be very attractive. The Press correspondent was a spectator at the last entertainment and he was agreeably surprised to see the steady improvement the pupils have made under the able instruction of Profs. Daugherty and Hoyt. The music is up-to-date and of the best and there is no denying that the Cameron ladies are among the finest in the county in manners and appearance. It takes at least ten years off a persons age to witness these graceful evolutions on the floor and listen to the almost divine music. This new institution is indeed an honor to our little town.

Robt. Grahtm has a pair of twin calves, of which he is very proud.

They are pure bred Goldsteins and will be fitted for the county fair the coming fall.

Shakespeare claims that:  
Cameron is a bustling town,  
We don't do things by halves,  
Our latest thing in animals,  
Is a pair of nice twin calves.  
Bob Graham is the owner's name,  
A carpenter he is,  
But he can raise the finest calves,  
That ever you did see.  
He feeds his calves on eggs and milk,  
He gives them new mown hay,  
Their hides are as fine as silk,  
You ought to see them play.  
You can sing of Mary's little lamb,  
Or Johnnie's little gun,  
But Bobbie's little calves,  
Has put them on the bum.  
So when you come to Cameron town,  
Don't fail to make a call,  
On Robt. Graham and his calves,  
His pets can beat them all.

In Loving Memory of Mrs. C. T. G.

Our home circle now is broken,  
By our side an empty chair,  
Never more we'll see the loved one,  
Who so long was with us there.  
Clara was the youngest daughter,  
How we loved her, God does know;  
And our hearts are crushed with sorrow,  
As we struggle 'neath the blow.  
Just a few short years of sunshine,  
Just a few long weeks of pain,  
Then she left this world of suffering,  
We shall ne'er see her again.  
Oh, our hearts are crushed and bleeding,  
As we all do gather home,  
Knowing Clara 'll never be there,  
Never more to us can come.
