

**CONSUMPTION'S WARNING**

The aid of scientific inventions is not needed to determine whether your lungs are affected. The first symptoms can be readily noted by anyone of average intelligence.

There is no disease known that gives so many plain warnings of its approach as consumption, and no serious disease that can be so quickly reached and checked, if the medicine used is Dr. Boschee's German Syrup, which is made to cure consumption.

It is in the early stages that German Syrup should be taken, when warnings are given in the cough that won't quit, the congestion of the bronchial tubes and the gradual weakening of the lungs, accompanied by frequent expectoration.

But no matter how deep-seated your cough, even if dread consumption has already attacked your lungs, German Syrup will surely effect a cure—as it has done before in thousands of apparently hopeless cases of lung trouble.

We work upon the Penny track,  
Tony go oil the car,  
Bad weather never holds us back,  
Tony go oil the car,  
We tump up all the joints and sags,  
When duty calls we never lag,  
When rocks fall down the trains we flag,  
While Tony oils the car.

Our section has some crooked curves,  
Tony go oil the car,  
But they do not jolt the peoples nerves,  
Tony go grease the car,  
The dishes are safe in the dining cars,  
No one feels a jolt or jar,  
For the pick and shovel, the wrench and bar,  
Are handy upon the car.

So it is joint ahead and center back,  
Tony go oil the car,  
Our gang they are all cracker jacks,  
Tony go oil the car,  
As railroad men we are hard to beat,  
Our track is always smooth and neat,  
We are the kind of men you like to meet,  
With Tony to oil the car.
