

**WAS WEAK AND DIZZY**

**Dr. Williams' Pink Pills Restored the Patient to Perfect Health and Strength.**

Mrs. Mary Gagner, of No. 576 South Summer street, Holyoke, Mass., has passed through an experience which proves that some of the greatest blessings of life may lie within easy reach and yet be found only by mere chance. A few years ago while she was employed in the mills she was suddenly seized with dizziness and great weakness. "I was so weak at times," she says, "that I could hardly stand, and my head became so dizzy that it seemed as if the floor was moving around."

"My condition at last became so bad that I was obliged to give up work in the mill, and later still I became so feeble that I could not even attend to my household duties. After the slightest exertion I had to lie down and rest until I regained strength."

"A friend who had used Dr. Williams' Pink Pills for Pale People urged me to try them. I bought a box and began to take them. The benefit was so positive and so quickly evident that I continued to use the pills until I had taken altogether six boxes. By that time I was entirely cured, and for two years I have had no return of my trouble. I am now in the best of health and able to attend to all my duties. I am glad to acknowledge the benefit I received and I hope that my statement may be the means of inducing others who may suffer in this way to try this wonderful medicine."

The secret of the power of Dr. Williams' Pink Pills in cases of debility, such as Mrs. Gagner's lies in the fact that they make new blood, and every organ and every tiny nerve in the body feels the stir of a new tide of strength.

Dr. Williams' Pink Pills are sold by all druggists or will be sent, postpaid, on receipt of price, 50 cents per box, six boxes for \$2.50, by the Dr. Williams Medicine Company, Schenectady, N. Y.

**FOUND OUT.**

**A Trained Nurse Discovered Its Effect.**

No one is in better position to know the value of food and drink than a trained nurse.

Speaking of coffee a nurse of Wilkes-Barre, Pa., writes: "I used to drink strong coffee myself and suffered greatly from headaches and indigestion. While on a visit to my brothers I had a good chance to try Postum Food Coffee, for they drank it altogether in place of ordinary coffee. In two weeks, after using Postum, I found I was much benefited and finally my headaches disappeared and also the indigestion."

"Naturally I have since used Postum among my patients, and have noticed a marked benefit where coffee has been left off and Postum used.

"I observe a curious fact about Postum used among mothers. It greatly helps the flow of milk in cases where coffee is inclined to dry it up, and where tea causes nervousness."

"I find trouble in getting servants to make Postum properly. They most always serve it before it has been boiled long enough. It should be boiled 15 or 20 minutes and served with cream, when it is certainly a delicious beverage."

"There's a reason" for Postum.

**REBATE LAW.**

**An Investigation of Alleged Violations**

**WILL BE BEGUN.**

**Department of Justice Will Get Busy—The Evidence is Ample to Warrant Action**

Washington, D. C.—The statement is authoritatively made that the department of justice will immediately begin an investigation of the relations of the so-called oil trust and a number of railroads, with a view of determining whether there have been violations of the anti-trust rebate law.

The basis for this investigation will be the information recently submitted to the president in a report of Commissioner Garfield, of the bureau of corporations, which is soon to be made public. This report, it is learned, deals only with the subject of rebates and does not go into the questions of violations of the anti-trust laws.

If it is found that rebates have been given by the railroads and accepted by the so-called oil trust, steps will be at once taken, it is asserted, to bring the matter before the grand jury in the localities where the alleged violations took place, with a view to prosecutions in the courts. It is not thought that the department of justice in conducting its inquiries will require the services of anyone outside of the department proper and the United States attorneys and other officers under its immediate direction.

It is stated that Mr. Garfield, in conducting his investigation, traveled extensively and visited all important sections covered by the operations of the so-called oil trust, from New England to California and the south, and that the evidence obtained is amply sufficient to warrant the department of justice in taking the course decided upon.

**EIGHT-HOUR BILL.**

**Gompers Makes a Last Appeal for Congressional Action.**

Washington, D. C.—President Gompers, of the American Federation of Labor, Thursday made what he hoped would be his last appeal for congressional action on the eight-hour bill. He talked to the house committee on labor with great frankness and earnestness. Year after year, he said, the argument and printed record had piled up. All that could possibly be said for and against the question he declared had been said and repeated.

"It has been construed that we have threatened members of congress and senators with our displeasure, and that we would try to replace them with other men representing the people in congress."

"When has it become a crime or an offense for an American citizen to express his preference for one congressman over another? I imagine it is not so grave an offense for the workingmen to exercise their sovereign political power granted them with all other citizens in the furtherance of their interests or of the principles in which they believe, or in the protection of the rights to which they are entitled."

**Hurt in Elevator Accident.**

Toledo, O.—Eleven persons were badly and some possibly fatally injured in an elevator accident in the Wonderland building Thursday night. They had been attending a banquet given by a lodge of the Home Guards of America on the third floor of the building and had just gone into a freight elevator when the cable parted and the elevator fell to the basement. Every person in the elevator was hurt and all were taken to the Toledo hospital. The extent of the injuries to some has not yet been ascertained.

**No Foundation for Report.**

Dayton, O.—J. Cory Wians, of Toledo, chairman of the counsel of administration of Ohio G. A. R., advised the headquarters of the local G. A. R. Thursday that Department Commander Amos Huffman had ordered the announcement that the statement made by a number of papers that the state encampment to be held in Dayton June 12 to 16, inclusive, had been declared off, is absolutely without foundation.

**Congress.**

Washington.—In the senate on the 24 the railroad rate bill was again under discussion, Mr. Tillman speaking at some length. Messrs. Bailey, Bacon, Teller and Foraker also spoke on the bill. The army appropriation bill, carrying about \$74,000,000, was passed. In the house the naval appropriation bill, which carries nearly \$100,000,000 for the naval establishment, was taken up and discussed. The tariff question was injected into the discussion.

**AWFUL SUFFERING**

**From Dreadful Pains from Wound on Foot—System All Run Down—Miraculous Cure by Cuticura.**

"Words cannot speak highly enough for the Cuticura Remedies. I am now seventy-two years of age. My system had been all run down. My blood was so bad that blood poisoning had set in. I had several doctors attending me, so finally I went to the hospital, where I was laid up for two months. My foot and ankle were almost beyond recognition. Dark blood flowed out of wounds in many places, and I was so debilitated that I thought surely my last chance was slowly leaving me. As the foot did not improve, you can readily imagine how I felt. I was simply disgusted and tired of life. I stood this pain, which was dreadful, for six months, and during this time I was not able to wear a shoe and not able to work. Some one spoke to me about Cuticura. The consequences were I bought a set of the Cuticura Remedies of one of my friends who was a druggist, and the price that I gave after the second application is beyond description; it seemed a miracle, for the Cuticura Remedies took effect immediately. I washed the foot with the Cuticura Soap before applying the Ointment, and I took the Resolvent at the same time. After two weeks' treatment my foot was healed completely. People who had seen my foot during my illness and who have seen it since the cure, can hardly believe their own eyes. Robert Schoenhauer, Newburgh, N. Y., Aug. 21, 1905."

**Snails Too Swift.**

A young man from Philadelphia was dining with a friend in a downtown restaurant. Among the things the New Yorker ordered were snails. When the Philadelphia native tackled this part of the dinner he was greatly pleased. "I never had anything that tasted so good in my life," said he. "Why," said the New Yorker, "don't you have snails in Philadelphia?" "Yes," said the Philadelphia native, "yes, we have snails enough, I guess, but the trouble is, there's nobody over there that can catch 'em."—N. Y. Sun.
