

HE WENT ON CRUTCHES

All Medicines Failed Until Dr. Williams' Pink Pills Cured His Rheumatism.

"Some years ago," says Mr. W. H. Clark, a printer, living at 612 Buchanan street, Topeka, Kas., "I had a bad attack of rheumatism and could not seem to get over it. All sorts of medicines failed to do me any good and my trouble kept getting worse. My feet were so swollen that I could not wear shoes and I had to go on crutches. The pain was terrible.

"One day I was setting the type of an article for the paper telling what Dr. Williams' Pink Pills had done for a man afflicted as I was and I was so impressed with it that I determined to give the medicine a trial. For a year my rheumatism had been growing worse, but after taking Dr. Williams' Pink Pills I began to improve. The pain and swelling all disappeared and I can truthfully say that I haven't felt better in the past twenty years than I do right now. I could name, off hand, a half-dozen people who have used Dr. Williams' Pink Pills at my suggestion and who have received good results from them."

Dr. Williams' Pink Pills are guaranteed to be safe and harmless to the most delicate constitution. They contain no morphine, opiate, narcotic, nor anything to cause a drug habit. They do not act on the bowels but they actually make new blood and strengthen the nerves.

Dr. Williams' Pink Pills cure rheumatism because they make rich, red blood and no man or woman can have healthy blood and rheumatism at the same time. They have also cured many cases of anemia, neuritis, sciatica, partial paralysis, locomotor ataxia and other diseases that have not yielded to ordinary treatment.

All druggists sell Dr. Williams' Pink Pills or they will be sent by mail, post-paid, on receipt of price, 50 cents per box, six boxes for \$2.50, by the Dr. Williams Medicine Co., Schenectady, N. Y.

OF AID TO HOSTESS

VARIOUS WAYS IN WHICH TO ENTERTAIN GUESTS.

A Charming Floral Card Party—A Jolly Paper Wedding—Some Household Hints—Good Scheme for Church Bazar.

A Floral Card Party.

A new idea for progressive card parties given for charity, is to give prizes of potted plants and keep the score with flowers, either carnations, roses, or some blossom that does not wilt quickly. Invitations are sent for a "floral progressive card party" on cards cut in the shape of a flower. Jonquils, tulips, marguerites and roses lend themselves admirably to the scheme. To the winners pass vases containing the score flowers. At the finish everyone will possess at least one or more of the fragrant reminders of their good luck. The ice cream may be molded in floral shapes, and the small cakes ornamented with candy roses, crystalized violets and rose leaves may be mixed with the bonbons. Each guest is supposed to contribute 25 or 50 cents, whichever sum is agreed upon, to the charity for which the party is given.

The Paper Wedding.

The first anniversary of the wedding day brings the jolliest kind of a celebration, the "paper" wedding. Very pretty tablecloths and napkins come in paper, so they are just the thing for the dining-room table. If these are not obtainable, get plain white paper and make a border of the lace paper used for pantry shelves. Use paper flowers in decorating, and beautiful portieres and draperies can be made by cutting crepe paper into strips and hanging it from grills, doorways and over the lace curtains. The invitations may be inclosed in tiny Japanese lanterns and delivered by messengers, or they may be sent by post in the ordinary way.

If one cares to go to the trouble, the hostess may wear an entire gown of paper, and request her guests to do the same. Provide a supply of paper snapping caps, which will afford much merriment. The ice cream or ice can be served in paper cases, also the nuts and bonbons. In fact the resources of paper are almost endless. For amusement hats and aprons of paper could be made, also the cutting of silhouettes and drawing pictures of events in the first year of housekeeping experiences, prizes being awarded according to vote. If desired, the whole scheme may be carried out in Japan, for there are so many articles of paper of this character.

A correspondent asks for the proper vegetable to be served with meat. There is really no cut and dried rule, but custom dictates the serving of peas with lamb; roast pork and goose call for apple sauce; and chicken for cranberries, either in the form of a sauce or an ice to be served with the meat course; game calls for currant jelly and onions; creamed fish is accompanied by fried potatoes or croquettes, while roast beef is served with most any of the vegetables, although tomatoes, corn and cauliflower are a safe combination; a roast of veal needs a piquant sauce of some kind, and beans are a good vegetable to serve, being very nutritious, a quality lacking in veal.

If the reader who asked how a black straw hat could be cleaned without looking dull afterward will take a stiff brush and thoroughly take out the dust, then brush lightly with water which has been colored with good black ink, the result will be satisfactory. Do not get the hat too wet, and work quickly.

Here is a good scheme for the church fair that has had grab bags and fish ponds. Make a flower bed and plant in rows a quantity of paper blossoms; attach to the root of each flower a small article done up in tissue paper. Upon the payment of five cents or whatever sum is agreed on the buyer is allowed to pull one blossom. The garden is in charge of "Mary, Mary, quite contrary," and this feature of the bazar ought to be a very profitable adjunct.

MADAME MERRI.

A Sensitive Skin.

Your skin, being so very sensitive, must be treated carefully. Do not plunge the face into cold water, neither dash the water over the face when suffering from sunburn or exposure to wind. The sudden shock is not only injurious to the whole system, but has been known to permanently deface the complexion by a species of tanning, which left a brown or yellow tinge impossible to efface.

Lotion for Tired Eyes.

Lotion for weak, tired or inflamed eyes. Fifteen drops of spirits of camphor, one teaspoonful of powdered boric acid, two-thirds of a cup of boiling water. Cool, strain through muslin and apply several times a day with an eye-cup. Don't wear spotted veils and never read in a dim light. Bad eyes are usually the result of abuse or neglect.

For Aching Feet.

Soak them every night for half an hour in hot water. Read a book to beguile the time. You must afterward rub them with a good foot lotion made by mixing vaseline with a good nut-tallow half and half. Use very little, just enough to supply the natural oils.

THE TROLLEY AND BEAUTY

A Famous Actress Tells How the Inexpensive Trolley Is A Fine Beautifier.

Amelia Bingham gets up in the morning and takes a trolley ride. This is the way she keeps her good looks. "Give me your beauty rules," said a caller to Miss Bingham. "How you keep your spirits, your complexion, your figure, and your style!" Miss Bingham was making up in front of her mirror.

"I keep my complexion and my looks generally," said she with a hurried smile, "by that simplest of all things—keeping busy."

"The domestic woman ought to be a great deal better looking than the actress, because she can devote more time to herself. She can rest when she wants to rest; she can stay in the house in bad weather; she can humor herself and save herself, treat herself well, and keep her spirits calm. "With the actress it is different. She must go out in all kinds of weather; she must keep bad hours; she must lose sleep; and she must eat when her work will allow her to eat. Theoretically she ought to be a poor looking specimen. Actually she is just the reverse.

"If I were to lay down a set of beauty laws for any woman I would begin by telling her to keep up and moving. Women soon rust out. I would tell her to get out and be active. I would admonish her to rise early in the morning, do her own shopping, keep her own house, look after her own servants. And then have as good a time as possible.

"Open air is a splendid cosmetic for any woman. There never lived a woman who was not the better for good ozone. I love to get out and drive. And there is no reason why any woman alive cannot do the same.

"I have my horses, and when I drive I can sit in a handsome carriage and take my ease. But I much prefer trolley riding. It is my great pleasure to get up early in the morning and get out on top of a bus and take a ride. You can travel a long way for five cents, and when you come home you feel better and brighter.

"That is one of my chief delights when I visited London. It is delightful, and you get the air as perfectly as if you were driving your four in hand. I love to ride on a trolley car. Whizzing through the city is a great pleasure, and with a clear track ahead of you and a good, capable gripman by your side, you are indeed complete.

"Get out early in the morning. Take five cents and give it to the conductor. Take your place on the front seat of the trolley, let the gripman be your chauffeur.

A LAND OF OPPORTUNITIES.

Inducements Held Out by Western Canada Are Powerful.

A recent number of the Winnipeg (Manitoba) Free Press contains an excellent article on the prospects in Western Canada, a portion of which we are pleased to reproduce.

The agents of the Canadian Government, located at different centres in the States, will be pleased to give any further information as to rates, and how to reach these lands.

"Just now there is a keener interest than ever before on the part of the outside world, in regard to the claims of the Canadian West as a field of settlement. At no previous time has there been such a rush of immigration, and the amount of information distributed broadcast is unprecedentedly great.

"In the majority of the States of the Union and in Great Britain the opportunities for home-making and achieving of even a modest competence are at the best limited. Moreover, according to the social and industrial conditions prevalent in those communities, the future holds out no promise of better things. It is not strange, then, that energetic young men should turn their eyes to Canada's great wheat belt, where every man can pursue fortune without the hindrance of any discouraging handicap.

"The inducements held out by Western Canada are powerful and made manifest by the great movement now in progress. That the prospects are considerably more than reasonably certain is borne out by the history of the country and its residents. The promise of gain is powerful, but when added to it there is the prospect of a corresponding social and civil elevation. It should prove irresistible to young men of a particularly desirable class for any new country.

"The Canadian West is alive with opportunities for the young man who aims at becoming more than a mere atom in the civil and national fabric. Some of the eager young fellows who arrive on the prairies daily are destined to become more than merely prosperous farmers. In the near future great municipal and provincial development will be in the hands of the people. The stepping stone to both financial prosperity and civil prominence is, and will be, the farm. For every professional opening there are hundreds of agricultural openings. The Canadian prairies are teeming with opportunities for the honest and industrious of all classes, but they are specially inviting to the ambitious young man who seeks a field for the energy and ability which he feels inherent within him. The familiar cry of "Back to the soil!" is more than a vain sounding phrase when applied to Western Canada."

Women in Our Hospitals

Appalling Increases in the Number of Operations Performed Each Year—How Women May Avoid Them.

Going through the hospitals in our large cities one is surprised to find such a large proportion of the patients lying on those snow-white beds women and girls, who are either awaiting or recovering from serious operations.

Why should this be the case? Simply because they have neglected themselves. Female troubles are certainly on the increase among the women of this country—they creep upon them unawares, but every one of those patients in the hospital beds had plenty of warning in that bearing-down feeling, pain at left or right of the abdomen, nervous exhaustion, pain in the small of the back, dizziness, flatulency, displacements of the organs or irregularities. All of these symptoms are indications of an unhealthy condition of the female organs, and if not heeded the penalty has to be paid by a dangerous operation. When these symptoms manifest themselves, do not drag along until you are obliged to go to the hospital and submit to an operation—

but remember that Lydia E. Pinkham's Vegetable Compound has saved thousands of women from surgical operations.

When women are troubled with irregular, suppressed or painful periods, weakness, displacement or ulceration of the organs, that bearing-down feeling, inflammation, backache, bloating (or flatulency), general debility, indigestion, and nervous prostration, or are beset with such symptoms as dizziness, lassitude, excitability, irritability, nervousness, sleeplessness, melancholy, "all-gone" and "want-to-be-left-alone" feelings, they should remember there is one tried and true remedy.

Lydia E. Pinkham's Vegetable Compound Succeeds Where Others Fail.

The following letters cannot fail to bring hope to despairing women.

Miss Ruby Mushrush, of East Chicago, Ind., writes:

"Dear Mrs. Pinkham:—I have been a great sufferer with irregular periods and female trouble, and about three months ago the doctor, after using the X-Ray on me, said I had an abscess and would have to have an operation. My mother wanted me to try Lydia E. Pinkham's Vegetable Compound as a last resort, and it not only saved me from an operation but, I am entirely well."

Mrs. Alice Berryhill, of 313 Boyce Street, Chattanooga, Tenn., writes:

"Three years ago life looked dark to me. I had ulceration and inflammation of the female organs and was in a serious condition. My health was completely broken down and the doctor told me that if I was not operated upon I would die within six months. I told him I would have no operation but would try Lydia E. Pinkham's Vegetable Compound. He tried to influence me against it but I sent for the medicine that same day and began to use it faithfully. Within five days I felt relief but was not entirely cured until I used it for some time.

"Your medicine is certainly fine. I have induced several friends and neighbors to take it and I know more than a dozen who had female troubles and who to-day are as well and strong as I am from using your Vegetable Compound."

Lydia E. Pinkham's Vegetable Compound at once removes such troubles. Refuse to buy any other medicine, for you need the best.

Mrs. Pinkham, daughter-in-law of Lydia E. Pinkham, invites all sick women to write her for advice. Her advice and medicine have restored thousands to health. Address, Lynn, Mass.
