How to Break up a Cold.

It may be a surprise to many to learn that a severe cold can be completely broken up in one or two days' time. The first symptoms of a cold are a dry, loud cough, a profuse watery discharge from the nose, and a thin, white coating on the tongue. When Chamberlain's cough remedy is taken every hour on the first appearance of these symptoms, it counteracts the effect of the cold and restores the system to a healthy condition within a day or two. For sale by L. Taggart, J. E. Smith, Sterling Run; Crum Bros., Sinnamahoning.

Call on Wm. Logue for anything you want in the grocery line. He has everything from a Welsh rabbit to a barrel of salt pork.

John F. Carson has returned from Cambria county where he has been employed peeling bark. John says the mountains are so steep that they have to use telegraph pole climbers to get up them, but they can easily slide down. The only trouble is that shoeleather costs more down there and eats up the profits. He says old Cameron county is good enough for him.

The Huntley Athletic Club held their regular weekly smoker at the hall Thursday evening. One three round affair between Alfred Smith, of Sterling Run, and Harry Teats of the East End was pulled off. Referee Parks stopped the bout in the second round and awarded the decision to Mr. Smith. As Teats was nearly out, and the laws of Huntley Borough do not allow finish contests. There has been bad feelings between the two men for some time caused by Mr. Teats drawing some cartoon pictures which were very displeasing to Mr. Smith as to he took this course in showing Mr. Teats were to unload. Referee Parks will referee a bout Saturday evening at Rich Valley for the Social Club at that place.

Evert Barr, of Sterling Run, was a pleasant caller at the mill on Monday. Evert has just finished hoeing ten acres of potatoes and says he did the job in three days, but wore out twelve hoes while he was at the job. Evert says he has given up life and hereafter will devote his time to tilling the soil. The boys asked Evert for a song and he sang the following selection in his rich tenor voice accompanied by Squire Smith's phonograph, viz:

I have served my time upon the rail with brake-club, scoop and pick,
The way I flew down old Kane hill would make you fairly sick,
In wind and storm I've trod the decks of many tonnage trains,
But never more will I be seen upon the rail again.
I have opened up the throttle on many an iron steed,
And sixty miles per hour was nothing to my speed.
The people looked and wandered while holding to their hats,
The crew hung on with bated breath while I rattled up their slats.
But now it is the farm for me, I love to hold the plow,
And listen in the evening to the bleating of the cows,
Potato fields enchant me, likewise the waving corn,
But sweeter still the welcome sound of the good old dinner horn.
You can have your tracks and engines, your signals and your blocks,
But to my mind they cannot beat a pasture full of stock,
So good bye to the book of Rules, from bosses I am free,
I am happy now the whole day through, a farmers life for me.

P. S.—Evert is always welcome when he comes to Huntley.

The readers of this paper will be pleased to learn that there is at least one dreaded disease that science has been able to cure in all its stages, and that is Catarrh. Hall's Catarrh Cure is the only positive cure now known to the medical fraternity. Catarrh being a constitutional disease, requires a constitutional treatment. Hall's Catarrh Cure is taken internally, acting directly upon the blood and mucous surfaces of the system, thereby destroying the foundation of the disease, and giving the patient strength by building up the constitution and assisting nature in doing its work. The proprietors have so much faith in its curative powers that they offer One Hundred Dollars for any case that it fails to cure. Send for list of testimonials.

INDIGESTION'S RECORD

"The best remedy I can prescribe for your indigestion, madam, is Green's August Flower. I know of several other physicians who prescribe it regularly."

Indigestion is making an awful record as a cause of sudden deaths. It is beating heart-failure in its ghastly harvest.

You read in the papers daily of apparently healthy and even robust men being suddenly attacked with acute indigestion after enjoying a hearty meal, and of their dying in many cases before a physician could be called in.

This should be a warning to you who suffer with regular or periodical attacks of indigestion. If these unfortunate victims of acute indigestion had taken a small dose of Green's August Flower before or after their meals they would not have fallen a prey to such sudden seizures.

August Flower prevents indigestion by creating good digestion. It also regulates the liver, purifies the blood and tones up the entire system in a natural way.
