The Liberty Moving Pictures.

The "Gang" Gaglis Played Out.

There are indications that decent Republicans all over the State are becoming thoroughly disgusted over the persistent efforts of the "Lincolnites" to classify all regular Republicans under the common title The Gang.

Apparently the Lincolnites are unable to distinguish between the admittedly bad "regulars" and the vast army of honorable men with whom Republicanism is a matter of principle and not a personal ambition or greed for graft. In the eyes of these inconsiderate individuals a "regular" Republican is a "Ganster," without regard to his individual merits or demerits.

Aside from the natural resentment of honest men against such an unfair and utterly inexcusable attitude, the more serious question forces itself to the front, whether men so lacking in powers of discrimination could be safely entrusted with the management of the public business. The conduct of the various departments of the State Government requires intelligence as well good motives.

That there have been grafters in the Republican party nobody denies. Any successful political organization naturally attracts the criminal element, bent upon gaining official places for corrupt purposes. These men are not essentially partisan. They drift with the political tide and invariably turn up on the winning side in verification of this theory is the fact that in many instances the men who have been discovered grafting within the Republican organization

machine" movemets. But to assert or imply that the great mass of the Republican party, its voters, its candidates or its officeholders are deserving of the title of "Gangsters" is to invite the conclusion that the author of such an utterance is either a fool

were in previous years connected with the Dmocratic party or identi-

fied with one or more of the "anti-

or a knave. The day has passed when mere indiscriminate mud-slinging will win in Pennsylvania. The final triumph for that sort of politics was won last November, when the Republican candidate for State Treasurer was defeated because of the charge that the Republican management of the State Treasurer had been marked by outrageous fraud and corruption, the evidence of which would be laid bare to the people if they would elect the Democratic-Lincoln candidate for that office.

The people took the "reformers" at their word. William H. Berry, Democrat, was elected State Treasurer. He has been in complete charge of the Treasury since the first Monday in May last. During more than three months Treasurer Berry has not discovered an iota of evidence of anything but honest and efficient management on the part of his Republican predecessors.

The people won't be fooled again.

TO REPUBLICANS:

We are anxious to have every Republican in close touch, and working in harmony with the Republican National Congressional Committee in favor of the election of a Republican Congress.

The Congressional campaign must be based on the administrative and legislative record of the party, and, that being so, Theodore Roosevelt's personality must be a central figure and his achievements a central thought in the campaign.

We desire to maintain the work of this campaign with popular subscriptions of One Dollar each from Republicans. To each subscriber we will send the Republican National Campaign Text Book and all documents issued by the Committee.

Help us achieve a great victory. JAMES S. SHERMAN, Chairman. P. O. Box 2063, New York
