Opera House, Emporium, Two Nights, Commencing Dec. 17.

This combination is without a doubt the greatest combination ever gotten together. You get a big Novelty Animal Show, a strong vaudeville combination, and the best subjects ever shown on a moving picture machine, and as a special free outside attraction, the best before the American public. Mile. Lorretta, in her spectacular Electrical Ascension and decension in front of the theatre every evening. This lady is direct from the White City, Chicago's leading resort, where she created a big sensation. Her costume is completely covered with electric lights, making it the most sensational feat ever accomplished in mid air.

Dunbar's Educated Goats need no introduction, as it is the only act of the kind on the stage to-day, having played all the leading vaudeville theatres from coast to coast. There is something new all the time this act is on the stage.

The special added feature attraction, The celebrated DeAco's in their acrobatic sharp shooting act is the sensation of the hour. Mr. John DeAco claims the championship of the world for fancy acrobatic shooting, his challenge for \$1,000 to shoot against any one in the world now stands posted at one of the leading daily papers in New York city. The other part of the performance is as high-class as money can make it—clean, refined and instructive, nothing said or done to offend the most fastidious.

DANGER IN HIGH SPEEDS.

The Force Developed by Swiftly Moving Automobiles.

Danger to drivers of automobiles grows rapidly greater with each new burst of speed. A correspondent of the Scientific American develops the theme as follows: "The danger in all cases increases as the square of the speed. Take three machines of the same make, one going five miles an hour, one twenty miles an hour and one forty miles an hour. The second has stored up in it, due to its rapidity of motion, sixteen times as much energy as the first, and if it leaves the road and runs into an obstacle, such as a tree, a stone wall or a ditch, it will strike with sixteen times as great force. In going around a curve or turning a corner it is sixteen times as likely to upset, skid into the ditch or strip a tire. When the power is shut off and the brakes applied it will go sixteen times as far before it can be brought to a stop. If it comes upon a pedestrian suddenly the latter will have to exert sixteen times as much energy to get out of the way in time and if struck will be struck with sixteen times the force. The third machine will be sixty-four times as likely to get into trouble in going around a curve as the first.

"An object going five miles an hour is moving with the same speed as it would have attained in falling ten inches. In moving ten miles an hour it is going as fast as though it had fallen three and a half feet. Twenty miles an hour is generally considered a very conservative speed. Now, twenty miles an hour is the same speed that would be obtained were the machine to fall thirteen feet through the air, thirty miles an hour is equivalent to a fall of thirty feet, forty miles an hour to a fall of fifty-two feet, sixty miles an hour to a fall of 120 feet and 120 miles an hour to a fall of 480 feet.

"A person struck by an automobile going twenty-five miles an hour receives the same jar as though he himself had fallen from a height of twenty-one feet, or, say, from a second story window; by one going forty miles an hour, as though he had fallen fifty-two feet, or, say, from the top of a lofty tree; by one going 120 miles an hour, as though he himself had fallen from the top of the Washington monument."

Gentle Things.

"Yes," said the teacher, "the egg represents all that is gentlest in creation—the cooing doves, the tuneful song birds and the stately swan. Johnny, what other gentle things are hatched from eggs?"

"Snakes, ostriches, alligators, sparrow hawks and eagles," said Johnny.

Endless Expense.

"How about these ducks?" inquired Mr. Struckle. "Are they purty expensive?"

"You bet they are," answered Mr. Nurich, who had bought one. "And you want to remember this, Hiram. The first cost is the smallest item."—Washington Herald.

In Time of Peace.

In the first months of the Russia-Japan war we had a striking example of the necessity for preparation and the early advantage of those who, so to speak, "have shingled their roofs in dry weather." The virtue of preparation has made history and gives to us our greatest men. The individual as well as the nation should be prepared for any emergency. Are you prepared to successfully combat the first cold you take? A cold can be cured much more quickly when treated as soon as it has been contracted and before it has become settled in the system. Chamberlain's Cough Remedy is famous for its cures of colds and it should be kept at hand ready for instant use. For sale by L. Taggart, J. E. Smith, Sterling Run; Crum Bros., Sinnamahoning.

Only the survivors believe in the survival of the fittest.

"For years I starved, then I bought a 50 cent bottle of Kodol Dyspepsia Cure and what that benefitted me all the gold in Georgia could not buy. I kept on taking it and in two months I went back to work as machinist. In three months I was as well and hearty as I ever was. I still use a little occasionally as I find it a fine blood purifier and a good tonic. May you live long and prosper."—C. N. Cornell, Roding, Ga., Aug. 27, 1906. Kodol sold here by R. C. Dodson.

The more a man blows the less likely he is to come to blows.

Give children a remedy with a pleasant taste. Don't force unpleasant medicine down their throats. Kennedy's Laxative containing Honey and Tar is most pleasant to take. Children like it, and as a relief for colds, coughs, etc., there is nothing better. No opiates. Conforms to the National Pure Food and Drug Law. Sold by R. C. Dodson.

Never judge a painting by the size of the artist's signature.

Chapped Hands.

Wash your hands with warm water, dry with a towel and apply Chamberlain's Salve, just before going to bed, and a speedy cure is certain. This salve is also invaluable for sore nipple, itching piles and skin diseases. For sale by L. Taggart, J. E. Smith, Sterling Run; Crum Bros., Sinnamahoning.

A man in trouble always appreciates a favor—until he gets out.

Sells More of Chamberlain's Cough Remedy Than all Others Put Together.

Mr. Thos. George, a merchant at Mt. Elgin, Ontario, says: "I have had the local agency for Chamberlain's Cough Remedy ever since it was introduced into Canada, and I sell as much of it as I do of all other line I have on my shelves put together. Of the many dozens sold under guarantee, I have not had one bottle returned. I can personally recommend this medicine as I have used it myself and given it to my children and always with the best results." For sale by L. Taggart, J. E. Smith, Sterling Run; Crum Bros., Sinnamahoning.
