Irving on the Lawyer.

Sir Henry Irving was at one time a witness in a case of street robbery. He had seen a sneak thief make off with a girl's pocketbook and he consented to appear as a witness for the girl.

The thief's lawyer was of the type that roars and rants at witnesses and attempts to break them down. He tried this method on the distinguished actor.

"And at what hour, sir, did this happen?"

"I think," began Irving—

"It isn't what you think, sir; it's what you know we want."

"Don't you want to know what I think?" mildly asked the actor.

"I do not," the lawyer snapped out.

"Well, then," said Sir Henry, "I might as well leave the witness box. I can't talk without thinking. I'm not a lawyer."—Caledonian.

Conditional.

Her—I'm not sure that I want to marry you, but I'm willing to enter into a conditional engagement.

Him—What are the conditions?

Her—If I meet any one I like better than you, I'll break the engagement.

Him—And suppose I should meet a girl I like better than you?

Her—Oh, then I shall sue you for breach of promise.

UNCOOKED MEAT IS VERY DANGEROUS.

Fearful Suffering Caused by Eggs of Parasite Which it may Contain ---Statment by a Priest.

CINCINNATI, O., Jan. 23—Probably the most unusual feature of the excitement that has been created by L. T. Cooper's visit to this city is the removal of parasites or tape-worms by his preparations.

During the early part of Cooper's stay in Cincinnati individuals who were taking "New Discovery," as it is called, brought either to himself or to physicians throughout the city immense parasites that had left the system after using the medicine.

Many of these people were frightened, and cases of this kind became so numerous that Cooper finally made the following statement for publication:

He said: "In every city I visit these things are brought to me within a few days after my medicine is sold in the city. They are what is known as the tape-worm, and grow to an enormous size."

"Few indeed realize how prevalent these creatures are. I think I have been the first to demonstrate what a large factor they are in the poor health of this generation. I believe that fully one-half of the chronic stomach trouble so universal is caused by these parasites."

"Individuals may have them for years and not be aware of the reason for the continued ill-health but at tribute it to many different diseases, when in reality one of these creatures is robbing them of their vitality."

"These parasites are taken into the system in uncooked food or raw meat,

in the form of an egg, which hatches almost immediately. People suffering from them experience a feeling of lassitude and are extremely nervous. The action of the 'New Discovery' seems to be fatal to these great worms, and in most cases a few doses of the medicine drives the creatures from the system. I will have hundreds of them brought to me before I leave the city."

The gruesome prophecy has been amply verified, for not only hundreds but thousands of Cincinnati people have been relieved of some of these fearful parasites since taking Cooper's preparation, and the entire city has been aroused by the fact.

Some of these parasites are of such enormous size as to startle the imagination. The statement of Father John Baptist Arnolis, one of the best known and best beloved priests in this section of the country verifies this. His statement, among others given to a reporter, was as follows:

"For years I suffered from what I thought was a general run down condition of the system caused by stomach trouble. I felt extremely tired all the time, and it was a great effort to attend to my duties. I would wake up in the morning feeling as worn out as when I went to bed. If I stood for any length of time I would have pain in the lower part of my back, and would have to sit down."

"I was very nervous and depressed in spirits, and was troubled with dizzy spells. I would see spots before my eyes when I stopped over and raised

up quickly. I had a very irregular appetite, and would have palpitation of the heart after ascending the stairs."

"The talk about Cooper's preparation was so universal that I decided to try some, although I do not take patent medicines as a rule. I took four doses of the 'New Discovery' as it is called, and a tape-worm about ninety feet in length left my system."

"I am very thankful for this great relief, and now I know what has been the cause of all my sufferings."

This story of Father Arnolis is a fair sample of the experience of an astonishing number of Cincinnati people, and Cooper's preparations are selling here in immense quantities. It is now estimated that he has sold one hundred thousand bottles to date in this city alone, and the sale is still increasing.
