Rest is a great restorer. We tire our muscles by exercise and then rest to restore them; yet a great many of us do not stop to think how little rest we give to our stomachs. As a usual thing no part of our bodies is so generally overworked as our digestive organs. A tired and overworked stomach will give signs of distress to which we pay no heed until at last Dyspepsia takes hold. Indigestion is just a warning, and if we heed the warning we can easily avoid further consequences. KODOL is a most thorough stomach relief. It digests what you eat and gives the stomach the needed rest and greatly assists in restoring it to its normal activity and usefulness. KODOL is sold on a guarantee relief plan. It is sold here by R. C. Dodson.

When you need a pill, take a pill, and be sure it's an Early Riser. DeWitt's Little Early Risers are safe, sure, satisfactory pills. The pills with a reputation. They do not gripe or sicken. They are sold here by R. C. Dodson.

DEBILITY.

Many people who talk to me say: "I feel half sick all the time. I don't just know what's the matter with me." This is general debility. It's very common. People who get in this shape have my sympathy. They aren't sick enough for bed so they drag around and their families get exasperated with them.

There are two causes for this condition; bad habits and a weak stomach. By bad habits I mean eating irregularly and too fast and not chewing the food thoroughly. The stomach gives out and loss of appetite, biliousness, constipation, and general debility result. First get the stomach in shape and then be more careful in the future, and the worn out, despondent, half sick feeling will be a thing of the past.

Two bottles of Cooper's New Discovery will put the stomach in shape. Common sense will do the rest. There are fifty thousand people in this country who know this to be true because they've tried it.

Here's a letter from one of them: "I was all run down from overwork, lost ambition and energy and could not sleep. It was difficult for me to attend to my work owing to that tired-out feeling. I secured two bottles of the New Discovery medicine and determined to try it. The result delighted me for renewed strength and vigor and energy came with the first few doses. Its effect was different from anything I had ever taken. I finished the two bottles now and feel well and strong again." E. McDade, 839 Dix Ave., Detroit, Mich.

We hear favorable reports of these famous medicines every day. Ask us about them.

Weak Women

To weak and ailing women, there is at least one way to help. But with that way, two treatments must be combined. One is local, one is constitutional, but both are important, both essential. Dr. Shoop's Night Cure is the local. Dr. Shoop's Restorative, the Constitutional. The former—Dr. Shoop's Night Cure—is a topical mucous membrane suppository remedy, while Dr. Shoop's Restorative is wholly an internal treatment. The Restorative reaches throughout the entire system, seeking the repair of all nerve, all tissue, and all blood ailments. The "Night Cure" as its name implies, does its work while you sleep. It soothes sore and inflamed mucous surfaces, heals local weaknesses and discharges, while the Restorative, ceases nervous excitement, gives renewed vigor and ambition, builds up wasted tissues, bringing about renewed strength, vigor, and energy. Take Dr. Shoop's Restorative—Tablets or Liquid—as a general tonic to the system. For positive local help, use as well
