Many Gossips.

Did you ever notice that "talk" doesn't hurt a man much? Perfection isn't looked for in man, and when some one tries to injure a man, by ranting about a few faults he has, the absent one, who is probably attending to his own affairs, is elevated in his hearer's estimation, while the informant is lowered accordingly. If a man knocks along doing fairly well, people realize that while he has some faults, he has more virtues, and they are charitable enough to overlook these faults.

But it is different with a girl or woman. No matter how good a woman may be, let some one start an infamous lie about her and everyone is willing to pass it along, and there is always some one to believe it. That lie can never be lived down. It may burn low but the gossip loving are ready with new fuel.—Ex.

Rest is a great restorer. We tire our muscles by exercise and then rest to restore them; yet a great many of us do not stop to think how little rest we give to our stomachs. As a usual thing no part of our bodies is so generally over-worked as our digestive organs. A tired and overworked stomach will give signs of distress to which we pay no heed until at last Dyspepsia takes hold. Indigestion is just a warning, and if we heed the warning we can easily avoid further consequences. KODOL is a most thorough stomach relief. It digests what you eat and gives the stomach the needed rest and greatly assists in restoring it to its normal activity and usefulness. KODOL is sold on a guarantee relief plan. It is sold here by R. C. Dodson.

FIGHT FOR SENATOR

Lines Are Being Drawn in Legislature for the Approaching Contest.

ELKIN MAY BE A CANDIDATE

Popular Vote Measures Being Put Forward by Friends of Different Aspirants—McClain Believed to Favor Justice Elkin.

Harrisburg, Pa.—A very interesting contest has been inaugurated in the legislature with the United States senatorship as the ultimate prize. Several bills have been introduced at various times to give the electors of the state an opportunity to express their choice of candidates for United States senator. Legislators who are opposed to the re-election of Senator Bolse Penrose are planning to put one of these measures through.

It is the Lydick bill that has been slated for passage. It is a uniform primary bill with the United States senatorship attachment by which electors may express their choice of senatorial candidates at the primaries. The North primary election bill has a similar clause, but in addition it does away with all state conventions. The McCord bill simply provides for an expression of the voters on the senatorial question and contains no provision for uniform primaries.

Speaker Frank B. McClain publicly admitted that he requested the house elections committee to make the senatorial attachment to the Lydick primary bill, and that he desired its passage. Speaker McClain, it will be recalled, was one of John P. Elkin's foremost supporters for the governorship nomination at the time Pennypacker was nominated. The nominating speech was made by Robert S. Murphy, now lieutenant governor, and the seconding speech by McClain. With McClain as speaker of the house and Murphy as president of the senate the Elkin people think they will be able to send the Lydick bill through both houses. However, the friends of Penrose think they will be able to put the bill to death in the senate, where there is less hostility to Penrose.

Beginning of the Fight: This marks the beginning of the United States senatorship fight, and it promises to be a very warm one from start to finish. It is too early to forecast who will be Penrose's opponent for the senatorship, but those of the opposing faction first want to pass a bill that will make it necessary for Penrose to go before the people. They say that if this is accomplished it will be easier for them to make a fight against him. It is believed that their ultimate purpose is to put up Justice Elkin as his candidate against him. Mr. Elkin, although for several years on the state supreme court bench, has never lost his liking for politics, and it is believed that he will get into the fight.

The McLane good roads bill having passed the house finally, is now on its way through the senate. However, as there are many good roads bills pending it is not altogether certain that the McLane measure will be the one to go to the governor. It is regarded as a very good measure. The bill increases the amount of money to be returned to the counties for road purposes and carries an additional appropriation of \$3,000,000. Each county is to receive from the state a sum equal to 50 per cent of the amount the county raises by taxation for roads provided such state subsidy shall not exceed \$20 per mile.

Casey Bill Favored. The employers' liability bill introduced in the house by Representative Casey, the Labor Party man from Luzerne, is slated for the statute books. It was selected out of a half dozen such bills as being the most comprehensive and fair. Amendment was made, so that the employer suing for damages must assume the burden of proof that the employer might have taken steps to prevent the accident on which the suit is based. The bill has the backing of the mine workers' representatives.

Speaker McClain's bills to return all of the liquor license and personal property tax moneys to the counties are likely to become laws. If enacted it will mean a saving of about \$1,300,000 to the counties of the state. It will likewise mean a falling off of the state's revenues to that extent.

The railroad commission bill is certain to become a law with a very important amendment attached to it. This amendment, introduced by Representative Blakeslee, Democrat, of Carbon, provides that when a railroad company proposes to increase its capital stock or fixed indebtedness the matter shall first be laid before the commission. The judgment of the commission shall be final. This bill is intended to prevent the watering of stock on the part of all common carriers.

not go through without a bitter fight. The signing of the two-cent fare bill by the governor did not end the trouble with the railroad companies. In fact they seemed to rather like fighting and encouraged their friends to strike back by opposing the bill exempting the short lines from the two-cent maximum rate. The big trunk lines did not like the idea of making the maximum rate five cents per mile for short lines when their own maximum rate was fixed at two cents. It seemed like child's play to show resentment in that way, but the railroad captains conceived that if they could prevent the short line bill from going through it might aid them eventually in having the two-cent fare bill repealed.

The senate seems to be a little slow in passing the trolley freight bill, but it is bound to go through sooner or later. This is considered far more important than the two-cent fare bill, and its friends are keeping a close watch upon it. They will not allow any amendments attached to it that will work injury to it.

Checking "High Finance." The rapid pace many "high financiers" have been going the past few years is likely to bring about the passage of the bill providing that no treasurer of any trust company shall engage in any other business and shall not engage in stock speculation of any kind. This sort of gambling has led to the downfall of many a good man holding a responsible position and not he alone has suffered. The stockholders have had to bear the brunt of his sins. The bill is well advanced on the house calendar.

In this connection there is another bill which is intended to put bucket shops out of business. The bill makes it a misdemeanor not only to operate a bucket shop but to furnish stock quotations to a bucket shop or to knowingly permit a bucket shop to be operated on your premises. The bill annuls all contracts made with bucket shops. If that bill becomes a law it will be of greatest advantage to the legitimate stock brokers. Men who like to speculate in stocks are not going to be deprived of the pastime by putting the bucket shops out of existence, but they will have to increase the size of their margins when they deal with the regular brokers.

Barber Bill Likely to Pass. Unless your barber is examined and obtains a license you will have to shave yourself and cut your own hair if a bill establishing the state board of barber examiners becomes a law. It is likely to pass finally.

Building and loan associations are making quite a fight against the Clarence building and loan bill, which has for its alleged object the elimination of what are known as national building and loan associations. The building and loan federation of Western Pennsylvania has deluged the legislators with circulars protesting against the passage of this measure. The federation, which is composed entirely of local associations, contends that there are no "national associations" operating under Pennsylvania laws, and that among the state associations only 12 are doing a general business. The federation asserts that the bill, if enacted, would cripple every association that has a demand for loans in excess of its regular periodical income and that to meet these demands it would have to borrow from the banks, which is only a temporary expedient. The paragraph in the bill that is most objected to reads as follows:

"Prepaid installment of stock for a longer period than 12 months in advance and the issuing of full paid stock are hereby prohibited."

The associations belonging to the federation have for 20 years been in the habit of raising money by permitting members to prepay their installments. In this state there is in force about \$1,500,000 full paid stock, and perhaps \$20,000,000 of advance payments of installment stock.

Anti-Saloonists Awake. If anyone thinks that the Anti-Saloon League people have gone to sleep it would pay him to take a look in at this legislature. There are several bills in committee affecting the liquor interests, and the liquor men have had a powerful lobby here looking after their interests. Likewise the anti-saloon people. The latter say that the liquor people have no difficulty in getting the law and order people to report out any bill that may be desired, but that anything against the liquor men's interests is obliged to remain in committee until smothered out. Mr. Gearhart, Democrat, of Clearfield, offered a resolution in the house the other day to discharge the law and order committee from the consideration of an important bill, but the resolution was overwhelmingly defeated, showing that the house likewise is in sympathy with the liquor people. This bill, which has been in committee since January 21, prohibits distillers and brewers from soliciting orders from persons not in the liquor business. It probably will be smothered in committee.

Still More in Store. The capitol building probers have discovered that it was the ultimate intention of Architect J. M. Huston to saddle the state with a capitol building to cost from \$32,000,000 to \$35,000,000. The architect, whose dreams of architectural "high art" are surpassed only by his consummate nerve, had planned a temple that would have put Solomon in all his glory to shame. Then he was going to build a \$3,000,000 wall about it. It is expected that this and a lot more interesting information will be brought out at the investigation hearings in the near future. The scandal grows, but the public has not heard the half of it.

RHEUMATISM CANNOT BE CURED UNLESS URIC-O IS USED

Sudden Deaths, Heart Failure and Paralysis Are Caused by Poisonous Uric and Rheumatic Acids.

The disease whose cause is shrouded in mystery, the affliction that is said to be incurable, is commonly known as paralysis. Show us a person suffering with this disease, and you will find that, at some time previous to the attack, the patient suffered from some form of Rheumatism. This dangerous disease should not be neglected, especially where there is a cure within such easy reach. We refer to Smith's Specific Uric-O, a harmless compound, free from alcohol and poison, and made to cure Rheumatism only. Uric-O acts with marvelous swiftness on the blood, muscles and kidneys, and cannot fail to remove all traces of poisonous Uric and Rheumatic acid from the system. Uric-O is not a cathartic, does not affect or distress the stomach, and is the only known liquid preparation that will relieve and permanently cure Rheumatism in its most distressing forms. We want all Rheumatic sufferers to test the merits of Uric-O, therefore by addressing the SMITH DRUG COMPANY, SYRACUSE, N. Y., a liberal size sample and circular will be sent free. Uric-O is sold by Druggists at \$1.00 per bottle, or will be sent direct upon receipt of price.
