Too Long Winded.

The inhabitants of the Canary isles, finding themselves oppressed by famine, sent to the governor of Galicia one of their head men as an ambassador. They advised him not to lose himself in long winded talk. He promised and kept his word. He took with him a large number of sacks, and, arriving at the town where the governor was on the circuit, he opened one of them before him, saying only these words: "It is empty. Fill it."

The governor ordered this sack and the rest to be filled with meal, but he said to the speaker: "You had no need to tell us that the sack was empty nor that it was necessary to fill it. We should have readily guessed that. Another time be briefer in your talk."—Bon Vivant.

THE STOMACH.

My but peoples' stomachs do cause a lot of trouble. I offered to wager some doctor in St. Paul, Minn., that one half of all sickness is caused by the stomach. After I assured them that my medicine did nothing but put the stomach in shape and they had spent a day listening to what people who called on me had to say, they had to agree with me. They heard people come and tell me that for years they had been near the grave with Bright's disease, or lung trouble, or kidney complaint and all manner of diseases and that the New Discovery had cured them. Of course these people were mistaken, it was nothing but their stomachs. As a matter of fact when the stomach gives out most everything else is thrown out of order too.

When a person feels tired and dull and despondent, is losing flesh and don't sleep well, has a poor memory, a bad taste in the mouth, a coated tongue, and other troubles he's liable to believe a lot of things are the matter with him. Nine chances to one it's his stomach. I've seen Cooper's New Discovery bring back health to too many people in just this shape to believe anything else. Here's a letter about it:

"I suffered for a long time without knowing just what was the matter with me. I seldom felt like eating. I lost greatly in weight. My digestion was extremely poor and when I did eat I invariably suffered afterward. I was constipated and frequently suffered from nerve racking, violent headaches. When I heard of what the Cooper remedies were doing for others I resolved to try them."

"Relief came with the first bottle. My appetite and digestion improved rapidly. I am no longer constipated nor do I have those dreadful headaches. I sleep well and am gaining flesh." C. H. POWELL, 13 Harrison Addition, Duluth, Minn.
