There is no case of indigestion, no matter how irritable or obstinate that will not be speedily relieved by the use of Kodol. The main factor in curing the stomach of any disorder is rest, and the only way to get rest is to actually digest the food for the stomach itself. Kodol will do it. It is a scientific preparation of vegetable acids containing the very same juices found in a healthy stomach. It conforms with the Pure Food and Drugs Law. Sold by R. C. Dodson.

### WYSIDE.

The Liars Club met in Batchelder's hen house as was ordered. It was decided not to meet there again, because the fowls were too fat and tempting—it may cause some of the older members not to be strictly honest. One member reported that he caught seven trout out of one hole in a small stream. The smallest trout measured eleven inches and the largest one sixteen inches. There was a howl of disgust and Pap Blodgett doubted the story, but proof was furnished and it had to be recorded as gospel truth. A committee was appointed to wait on the county commissioners and request them to place sewer pipe in the woods for the pheasants to drum on, as there is not a log within ten miles of Grove big enough to hold an English sparrow. The contribution hat was passed to defray the expenses. Seven cents was collected the first time around. It is reported that the wood peckers now come for miles around to peck at the smoke stack in Barclay's pack mill—no trees fit for their use. The club adjourned to meet at the lath shed next Saturday night at 10:42, rain or snow.
