PLUNKY.

CAMERON.

The Canoe Run Mining Co., are preparing to reopen and operate the Brady mines again.

The people of Canoe Run are very much pleased with the capable way Mr. Peterson has organized and is conducting the new school. Mr. Peterson's wide range of experience, both as principal of schools and teacher in both graded and ungraded work, certainly make him a very able and proficient teacher.

Chas. Burkland and wife were called to Howard's Sunday on account of the illness of Mr. Burkland's brothers child. Jos. Robinson left Sunday for Brookville, where he has a position. Mr. R. expects to move his family there in the near future.

Hunting season for birds and other small game has again opened and a number of our sportsmen went out to try their luck, but at this writing we have not received any reports.

The Vitrified Brick Co., is now working full time to keep up with their orders but are still unable to cope with the situation. The demand for their brick is rapidly increasing, which goes to show the superior quality they produce.

Edward McCracken, engineer for the Brick Co., who has been on sick list for the past few days, has again resumed duty. During his absence fireman Harry Morris had charge.

Mrs. E. D. Krape and son Ernest returned from a two weeks' visit with friends and relatives in Clearfield county on Sunday evening.

May Conley is now assisting D. C. Linniger in his grocery, which he recently opened and who is rapidly increasing trade.

J. B. Peterson of Orbisonia, Pa., is visiting his son D. B. Peterson at this place.

Telegraphers G. L. Page and E. D. Krape of Cameron tower, certainly deserve the names of hustlers. Mr. Page taking a course in the Seranton School of mechanical engineering and Mr. Krape is taking a course in electrical engineering in the same school. When one considers that these gentlemen put in twelve hours out of every twenty-four, handling the heavy traffic on single and double track, besides each of them have raised enough vegetables on their respective properties to carry them through the winter the name "hustler" applies to them in the fullest sense of the word. We understand that they average 98 per cent. in their studies and having their courses nearly completed. Electrician Chas.

Burkland is also taking a course in electric light and railway and is doing nicely. The Press congratulates these young men and predicts a prosperous future for them all.

Shippin township's hustling tax collector attended to business at Canoe Run on Monday.

HUNTLEY.

Charles Taylor who had been taking treatment at Lock Haven Hospital, has returned home somewhat improved but has not entirely recovered. It is to be hoped that he will soon regain his health.

Mrs. Nancy Francis and daughters Nora and Mary, of Driftwood, spent Sunday with W. W. Johnson and family.

The raise in the creek started some of D. W. Eastman's logs but they were stopped by Barr and Starr before getting away.

A birthday party will be given Friday evening in honor of Gertrude Hill, our popular Huntley school teacher.

Henry Hill, of Grove Hill, who had occasion to rise rather early Monday morning, heard a noise in the woods back of the house that resembled some one pounding. He crept up quietly in the direction of the sounds and was astonished to see five large buck deer knocking their horns off against the trees. Henry says that he believes that these animals are taking advantage of the new game law and are disposing of their horns to deceive the hunters and incidentally save their own lives.

The Press correspondent wishes to thank G. W. Starr for the nice mess of winter radishes which he sent down. We happened to have Buffalo ham for dinner that day and the combination made us forget our troubles for the time being. Call again, George.

An opportunity was given us to witness William Wylie testing his new Champion reaper, recently purchased from Commissioner Tanner. The machine and the crop of buckwheat were well met as both were very fine. He is justly proud of his crop and his machine also.

Signalman W. R. Smith, T. N., has got out his Zulu musket and the pheasants will have to hunt the tall grass from now till the season closes. He still holds the championship for the best open and shut shot in this borough.

A large copperhead snake was killed by a train in front of the tower Sunday morning.

Supervisor Levi Smith is busy setting up his crop of buckwheat. This crop compares favorably with his banner crop of onions, which were the pride of the county.

In conclusion Shakespeare says:

"The saddest words of tongue or pen,
Potatoes are a dollar ten;
Our only hope in this dark hour,
Is this, we've lots of buckwheat flour."

HAPPY WOMEN.

Plenty of Them in Pennsylvania, and Good Reason for it.

Wouldn't any woman be happy, After years of of backache suffering, Days of misery, nights of unrest, The distress of urinary troubles, She finds relief and cure?

No reason why any Pennsylvania reader should suffer in the face of evidence like this:

Mrs. Sallie K. Dittling, of 1014 Hemlock St., Harrisburg, Pa., says: "My mother was greatly benefited by the use of Doan's Kidney Pills. She suffered for years with kidney complaint and there was an almost constant aching across the small of her back and pain through her body. Frequent attacks of dizziness added to her trouble and the secretions from the kidneys were in a very bad condition. She was treated by a physician but was unable to get relief. Nothing did her any good until we procured a box of Doan's Kidney Pills for her. Their good effects were noticeable from the start, and after finishing one box there was a decided improvement in every way. She can now rest well and has a much better appetite. We can certainly speak well of Doan's Kidney Pills."

McKINLEY'S SISTER UNVEILS MEMORIAL.

Throngs in Canton See Grand Mausoleum Dedicated and Listen to Eulogy by President Who Succeeded Martyr.

CANTON, O., Sept. 30.—More than 80,000 persons to-day heard President Roosevelt eulogize William McKinley, his predecessor and friend; heard James Whitcomb Riley, the Indiana poet, immortalize him in a palm-saw; Miss Helen McKinley, only sister of the late President, release the American flag that unveiled the \$600,000 mausoleum that will perpetuate the memory of the martyr, whose life was the trophy of an assassin's bullet.

These were the features of the dedication of the McKinley memorial here on monument Hill, preceded by a parade of soldiery, veterans of the Civil and Spanish-American Wars, secret societies and citizens.

President Roosevelt was the leading figure in the dedication of a memorial built with the money of more than one million American-grown persons and school children—who loved and admired the man, who, during his brief control of the reins of State, made the nation more nearly one than it had been since the day before the black cloud—the negro—divided it in twain.

Into a city thronged with loyal United States, representing every State in the Union, and with armed soldiery guarding the streets, the President came. He was closely guarded by sharp-eyed secret service men and surrounded by members of the cabinet. These latter included Secretary of the Treasury Cortelyou, Secretary of Agriculture Wilson, Secretary of the Interior Garfield, himself the son of a martyr President, and Surgeon General Rixey, of the United States Navy, Vice President Fairbanks, with numerous Congressmen, Senators and other distinguished men, already was here.

PRESIDENT'S ARRIVAL.

The day began with the President's arrival. A triumphal carriage tour through thronged streets, guarded by soldiers wound up at the Central High School where thousands of school children, grouped to represent an American flag, sang "America."

Next, the parade. Before the reviewing stand, where President Roosevelt and other distinguished men stood, the military and civic pageant, marshaled by Senator Charles Dick, passed, the long, regular lines taking one hour and a half to go by.

Georgia and Her Hypocrisy.

Undoubtedly one of the most miserable shams in the history of State legislation has recently been accomplished by Georgia.

Great stress has been laid upon the fact and it is clothed with importance, since it tends to show the emotional signs of the times, that Georgia has jumped from local option to Prohibition. Now by law liquor cannot be made, or sold or given away, and even the drug stores are prohibited from supplying to the sick or the dying any stimulant with the exception of pure alcohol. If a physician finds that champagne, now so frequently used in the sick room and in hospitals, or brandy is necessary the law demands that the patient shall die rather than the liquor prescription shall be filled at the drug store.

The crafty politicians who are riding into power and graft on the top wave of this prohibition sentiment in the South in their zeal even struck at the religion of our Lord and Saviour, since the law forbids the administration of wine in the churches in connection with the holy sacrament.

But how can Georgia to enact such a sweeping interdiction? There is always one side to a story and this one has two. To pass prohibition it had to be based on race prejudice. Liquor was too good for the "nigger" and his foster brother, the "poor white trash." Stop it, and "nigger" crime against womanhood will cease was the argument, and it caught the minds of emotional and thoughtless men and women.

But Prohibition could not be passed in Georgia either on moral or temperance grounds which has been claimed. It was only passed upon the promise to rob the "nigger" of his right to vote. It passed one day by a vote of ten to one, and mark you the very next day the legislature passed an act disfranchising the negro. Here was a questionable political deal and a bargain that was manipulated by the politicians both within and without the church.

Now mark again the subsequent action of this same Georgia legislature. Within a week following its hysterical adoption of prohibition by a vote entirely unanimous it passed a club act taxing every social club which dispenses liquors to its members three hundred dollars.

And the politicians now smile while the deceived clergymen and his church member who were used in the drama to rob the negro of his vote are measuring the breadth and depth of their bunco. But the hotels do not smile, nor does the farmer who all his life has been making his own peach brandy which he drinks with the addition of a drop of honey.

Upon the first of January, 1908, the bar of every hotel must be closed—even the rooms as to liquors, the drug stores save us to alcohol.

But around the corner, or at the next cross-road will be the club. Home life next year will not be known to Georgia, in so far as the men are concerned, and it will soon reach the club life of the women.

How easy to form a club: Rent a room, charge each member fifty cents for his key. He takes his friends, pays for the drinks and afterwards divides the expense. This is not gentlemanly, but is the pace set by hypocrisy.

Every "wet" member of the legislature voted for the \$300.00 club tax bill; every "dry" member did likewise. Why? Because they thought the negroes could not form clubs and pay a tax of \$300.00. But we shall see!

In Georgia since 1865 they have advanced more than the white race, hence the jealousy, the persecution, a State's hypocrisy.

"Puck" recently published a fine cartoon on its front page. It was the fat man of Georgia, raised on his liquor drinking to the lean man from Maine. Georgia was imbibing from a bottle marked "Lemon Phosphate,"—the man from Maine, tall, lean and lank, was imbibing from a bottle marked "Cold Tea." And thus hypocrisy through the laws assailing personal liberty, extends from Maine to Georgia. Adv.

Indigestion

Stomach trouble is but a symptom of, and not in itself a true disease. We think of Dyspepsia, Heartburn, and Indigestion as real diseases, yet they are symptoms of a certain specific Nerve sickness—nothing else.

It was this fact that first correctly led Dr. Shoop in the creation of that now very popular Stomach Restorative—Dr. Shoop's Restorative. Going direct to the stomach nerves, alone brought that stress and favor to Dr. Shoop and his Restorative. Without that original and highly vital principle, no such lasting accomplishments were ever to be had.

For stomach distress, bloating, biliousness, bad breath and sallow complexion, try Dr. Shoop's Restorative—Tablets or liquid—and see for yourself what it can and will do. We sell and cheerfully recommend.
