Arbor Day in Ireland.
Ireland is trying to re-establish its claim to be known as the "Island of Woods." It is interesting to know that an American importation, "Arbor Day," is being used largely in furthering the ends of forestry.

Since Arbor Day started in Nebraska thirty-five years ago its observance has spread all over the United States. The tangible result in this country has been the planting of over six hundred million trees, for the most part by individual school children, besides the interest aroused in animate and inanimate nature and in forestry. In Ireland a similar movement is now fairly launched and is rapidly spreading throughout the country. The time set for planting trees is in the fall, instead of the spring, as in most American States, viz: the week commencing October 29th of each year.

Last year a circular was issued by the Irish Forestry Society to all the bishops, clergy, and public bodies urging them to organize an Arbor Day in the various districts. A hearty response was received, and the support came from all sections of the community, from peers, peasants, clergy, and artisans, not omitting the school children.

WHAT THE KIDNEYS DO.

Their Unceasing Work Keeps Us Strong and Healthy.

All the blood in the body passes through the kidneys once every three minutes. The kidneys filter the blood. They work night and day. When healthy they remove about 500 grains of impure matter daily, when unhealthy some part of this impure matter is left in the blood. This brings on many diseases and symptoms—pain in the back, headache, nervousness, hot, dry skin, rheumatism, gout, gravel, disorders of the eye sight and hearing, dizziness, irregular heart, debility, drowsiness, dropsy, deposits in the urine, etc. But if you keep the filters right you will have no trouble with your kidneys.

Mrs. Joe Simpier, Cathrine St., Port Allegany, Pa., says: "For some time I have suffered with dull, nagging back-aches and severe pains that were always present in the region of my kidneys. Constant headaches and dizzy spells caused me to feel tired and upon rising in the morning, I felt almost unable to begin the day's work. A friend hearing of my condition advised me to try Doan's Kidney Pills, and I did so. The effect of their use was wonderful. The backache vanished and the headaches and dizzy spells are now a thing of the past. It is with great pleasure that I recommend Doan's Kidney Pills to all suffering from troubles arising from inactive kidneys."

For sale by all dealers. Price 50 cents, Foster-Milburn Co., Buffalo, New York, sole agents for the United States. Remember the name—Doan's—and take no other.

THE ONLY ISSUE.

The Philadelphia Inquirer very tritely remarks that as a matter of fact the only "issue" that Mr. Harman erects is that he is a Democrat and his opponent is a Republican.

There was never a time in Pennsylvania when this great Republican State could be induced to turn to the Democracy, all other things being equal. In the days of excitement, of suspicion, of hysteria, Republicans have issued a rebuke to the "organization." But when the Republican people themselves nominate candidates, when they know that their candidates are faultless, when they find their party united in behalf of good government, they never see any reason why a man of their choice should be repudiated merely because his opponent is a Democrat.

What rebukes are given at the polls are intended to purify. Who shall say that the Republican Party as well as its candidates, is not thoroughly in earnest?

Who shall dare to hold up the Republican administration at Harrisburg as anything but pure, capable, honest, sincere?

Both Governor Stuart and the Republican people have taken hold of the abuses of the past, as represented by the State Capitol looters, and have decreed that there shall be a thorough cleansing. The cleansing process is in operation. Today the government of Pennsylvania stands for all that is best in government. It is a model for other Commonwealths.

Prosperous, without debt, every penny accounted for, Pennsylvania proudly lifts her head and invites the most careful inspection.

That being the case, why are the Republicans expected to elect a Democrat, whose only issue is that he is a Democrat, to office?

It cannot be done. Now is the time to express confidence in the Republican party.
