If a cough once gets into your system it acts on every muscle and fibre of the body and makes you ache all over. It especially affects the intestines and makes you constipated, so in order to get rid of a cold thoroughly and without delay you should not take anything that will tend to constipate. Kennedy's Laxative Cough Syrup acts upon the bowels and thereby drives the cold out of the system. It contains no opiates—it is pleasant to take and is highly recommended for children. Sold by R. C. Dodson.

Weak Women

To weak and ailing women, there is at least one way to help. But with that way, two treatments must be combined. One is local, one is constitutional. But both are important, both essential. Dr. Shoop's Night Cure is the local. Dr. Shoop's Restorative, the Constitutional. The former—Dr. Shoop's Night Cure—is a topical mucous membrane suppository remedy, while Dr. Shoop's Restorative is wholly an internal treatment. The Restorative reaches throughout the entire system, seeking the repair of all nerve cells, and all blood elements. The "Night Cure", as its name implies, does its work while you sleep. It soothes sore and inflamed mucous surfaces, heals local weaknesses and discharges, while the Restorative, causes nervous excitement, gives renewed vigor and ambition, builds up wasted tissues, bringing about renewed strength, vigor and energy. Take Dr. Shoop's Restorative—Tablets or Liquid—as a general tonic to the system. For positive local help, use as well
