This vicinity has been in the midst of a severe snow storm for several days, a heavy fall of snow, about fourteen inches. At the hour of going to press it still snows. Trains, especially freight, are delayed. Last night a train was stalled in the yard at this place and three engines worked all night vainly trying to move the train. **Mighty Hunters.**  
A friend in Seattle sends the following account of the great caribou herd at or near Dawson City, with the remark that Mose Minard should go up there and enjoy a hunt. We publish the item, which was sent to Theos. Butler: "The greatest herd of caribou ever reported in the Yukon is now moving southward across the head of Sixty-Mile river, 100 miles west of Dawson. The herd has been crossing there for nearly 100 days. It is estimated that 100,000 caribou have crossed already. No end to the mammoth procession is in sight. There may be 250,000 or several times that number, in the great moving herd.  
Government explorers in the Hudson bay barren lands, including Joseph B. Tarrell, geologist, reported from 1,000,000 to 2,000,000 seen there during a space of ten days only a few years ago. The present herd is coming from the head of the Tanana valley."

**Reason Enthroned.**  
Because meals are so tasty they are consumed in great excess. This leads to stomach trouble, biliousness and constipation. Revise your diet, let reason and not a pampered appetite control, then take a few doses of Chamberlain's Stomach and Liver Tablets and you will soon be well again. Try it. For sale at L. Taggart's drug store. Samples free.
