For the benefit of the Sterling Run Stove Committee, who were very much worried over the news that Operator Sullivan had made a mistake in a train order. We will explain matters so the honorable body will not lose any more sleep. "Foreman Johnson's Italian Special had orders to take siding at HY tower to deliver Eastman's saw mill pass, but Sullivan failed to deliver the order and in consequence both kept main track, happily Herman Jones was out with the flag and got the special stopped in time—just as the two pilots touched. Our county papers are pretty hard on the mail order houses and those who patronize them and say we should patronize our home merchants and we should if our home merchants would deal with us. But when we have a few fresh eggs to sell most of our dealers will not purchase them as they can get cold storage eggs a good deal cheaper. They do not want home-made butter for it has no coloring in; no potatoes for they can send to York State for them; no beef, as they get all they want from the Beef Trust, and so it goes. The hard working laboring man gets the blame. Our chickens, if we have any to sell must be sold to a commission merchant and so it goes.

The item in our last issue in regard to the institution of a lodge at Hicks Run, should have read P. O. of A.

Our progressive farmer, C. Wesley Barr, was a pleasant caller in town Monday. He announced himself as a candidate for the office of Constable and Collector on the Independent Republican ticket. For the past fifteen years he has held several county and township offices, which he has filled with credit. Always a staunch Republican he has built up a reputation for honesty and good citizenship which can well be envied. If elected, it goes without saying that Mr. Barr will fill the office with credit and satisfaction to the citizens of Gibson.
