After receiving his degree he was again suspended for two weeks for using language unbecoming a member. CURE YOUR KIDNEYS.

Do not Endanger Life When an Emporium Citizen Shows You the Cure.

Why will people continue to suffer the agonies of kidney complaint, backache, urinary disorders, lameness, headache, languor, why allow themselves to become chronic invalids, when a certain cure is offered them?

Doan's Kidney Pills is the remedy to use, because it gives to the kidneys the help they need to perform their work.

If you have any, even one, of the symptoms of kidney diseases, cure yourself now, before diabetes, dropsy or Bright's disease sets in. Read this Emporium testimonial:

Mrs. Frank Mundy, living on West Fourth Street, Emporium, Pa., says: "Since using Doan's Kidney Pills which I procured from L. Taggart, the druggist, I am feeling ever so much better. My kidney were very weak and I was obliged to rise many times during the night. I suffered with a dull nagging backache and splitting headaches. Pains would dart through the small of my back, and at times my feet and hands would bloom, so that I was in constant misery. When I learned of Doan's Kidney Pills I decided to try them. I obtained great benefit from the use of this remedy, for they regulated the kidneys and drove out the pains and aches in my back and head. I cheerfully recommend Doan's Kidney Pills."

Don't Buy Books Unless You Really Want Them.

A library is something more than a collection of books. An imposing array of sumptuous—and untouched—volumes does not make one. Your books should express your own individuality, says a writer in The Delineator. Do not let any one persuade you to buy a book you know is not your kind of book. Do not be lured into buying a handsome library edition of some author that you do want, if the library edition is heavy and uncomfortable to hold and your own preference is a comfortable pocket edition with flexible covers. And above all, if you are building up a home library, to which the whole family is to have free access, do not choose bindings of such delicate colors or expensive textures as to destroy all the comfort of reading.

PAIN

Pain in the head—pain anywhere, has its cause. Pain is congestion, pain is blood pressure—nothing else usually. At least, so says Dr. Shoop, and to prove it he has created a little pink tablet. That tablet—called Dr. Shoop's Headache Tablet—cools blood pressure away from pain centers. Its effects are charming, pleasantly delicate, gentle, though safely, it surely equalizes the blood circulation.

If you have a headache, it's blood pressure.

If it's painful periods with women, same cause. If you are restless, nervous, it's blood pressure—congestion. That surely, you can remove them and have a clear and beautiful complexion by using Dr. Shoop's Headache Tablets stop 1 in 20 minutes, and the tablets simply distribute the unnatural blood pressure.

Bruse your finger, and doesn't it get red, and swell, and pain you? Of course it does. It's congestion, blood pressure. You'll find it where pain is—always. It's simply common sense. We sell at 25 cents and cheerfully recommend
