The June Bride.

An exchange says of the June bride: She is, by immense odds, the happiest human being in the limitable cosmos. As the first notes of Mendelssohn's wedding march strike her enchanted ears and she turns from the altar to march in triumph down the Aisle of Sighs-her snared and frightened Clarence on her arm and the nervous glances of her friends focused upon her -she is as proud as thrice 10,000 conquerers. Her smile is ecstatic; her eyes glitter with gorgeous joy. Otherwhere and in otherwise human happiness never scales such stupendous pinnacles. Compared to a June bride the man who has just drawn four aces in a poker game seems like a melancholiac on the verge of self destruction.
