Strikes Popular Chord. Judging from comments heard upon Governor Starn's speech advocating better roads and the reconstruction of the old "State road" as a starter, the State's executive could scarcely have struck a more popular chord. The newspapers all over Pennsylvania have given him unstinted praise and the truth of the Governor's statements about the importance of usable highways is everywhere recognized. The problem for this State to work out now is the method of accomplishing the object. It must be borne in mind at the start that the reconstruction of the roads of the Commonwealth will not be a matter of a few years. It will take a decade and millions, but it will pay in the end. This State is rich; more rich in resources, borrowing capacity, enterprise and public spirit than many other States. It is enjoying a business administration at the hands of one of the ablest, painstaking men who has sat in the Governor's chair, and if the Legislature will harken unto him, laws which will lay the foundation for a highway system of highest economic value will be taken.—Harrisburg Telegraph.

DEATH'S DOINGS. FREDINE. Fred, the six months old son, of Mr. and Mrs. William Dilline, of Niagara Falls, died at the home of his grandparents, Mr. and Mrs. Joseph Newton, last Sunday. The funeral was held last Tuesday afternoon, at the home of Mr. and Mrs. Joseph Newton and the Rev. Mr. Shriner of Free Methodist Church officiated. The PRESS extends its sympathy to the bereaved parents.

Base Ball. The base ball fans of Driftwood were treated to a very exciting twilight game last Wednesday evening between the first nine of Driftwood and the Boys nine of Castle Garden, the Boys nine going down to defeat after nine hard fought innings, giving them their first defeat and giving Driftwood their second victory this season. The boys had the game cinched up to the seventh inning, when a cloud appeared over the moon causing the umpire temporary blindness, he making several rank decisions. Verbeck pitched superb ball, allowing only a few scattered hits, but received very poor support. Driftwood's heaviest sluggers were unable to connect with the sphere at times when most needed. With a little more practice and encouragement the boys will be able to make our first nine fade away in the direction of the tall pine tree centre. Driftwood is jubilant over their victory as it was won from boys whose ages range from 15 to 18 years. After the game ended the umpire was presented with a lemon for the favors conferred on the boys nine. The score was 3 to 5. Driftwood, July 15. X

WHAT THE KIDNEYS DO.

Their Unceasing Work Keeps Us Strong and Healthy. All the blood in the body passes through the kidneys once every three minutes. The kidneys filter the blood. They work night and day. When healthy they remove about 500 grains of impure matter daily, when unhealthy some part of the impure matter is left in the blood. This brings on many diseases and symptoms—pain in the back, headache, nervousness, hot, dry skin, rheumatism, gout, gravel, disorders of the eyesight and hearing, dizziness, irregular heart, debility, drowsiness, dropsy, deposits in the urine, etc. But if you keep the filters right you will have no trouble with your kidneys.

Mrs. Joe Simpier, Catharine St., Port Allegany, Pa., says: "For some time I have suffered with dull, nagging backaches and severe pains that were always present in the region of my kidneys. Constant headaches and dizzy spells caused me to feel tired and upon rising in the morning, I felt almost unable to begin the day's work. A friend hearing of my condition advised me to try Doan's Kidney Pills, and I did so. The effect of their use was wonderful. The backache vanished and the headaches and dizzy spells are now a thing of the past. It is with great pleasure that I recommend Doan's Kidney Pills to all suffering from troubles arising from inactive kidneys."

Over Thirty-Five Years. In 1872 there was a great deal of diarrhoea, dysentery and cholera infantum. It was at this time that Chamberlain's Colic, Cholera and Diarrhoea Remedy was first brought into use. It proved more successful than any other remedy or treatment, and has for thirty-five years maintained that record. From a small beginning its sale and use has extended to every part of the United States and to many foreign countries. Nine druggists out of ten will recommend it when their opinion is asked, although they have other medicines that pay them a greater profit. It can always be depended upon, even in the most severe and dangerous cases. For sale by L. Taggart.

Such a word and such a word only can properly be used to describe Eaton's Hot-Pressed Vellum. Money cannot buy a better writing paper, for experience cannot produce one. H. S. LLOYD.
