Autumn Arbor Day.
The conservation of our National resources has become a problem of universal interest to the American people. Our soil, our forests, our mineral wealth and our water supply can not be wasted without impairing the country's future greatness and prosperity. The sources of our wealth should be preserved and, as far as possible, restored for the benefit of posterity.

Whatever is put into the schools will reappear later in the life of the Nation. Studies which tend to improve our industrial conditions should be fostered and encouraged. The planting of trees for shade and for fruit, the processes of budding and grafting, the methods of destroying noxious insects, and the prevention of forest fires should be studied by the pupils in both public and private schools. The dissemination of this kind of knowledge has been greatly stimulated by the observance of Arbor Day.

To perpetuate the laudable custom of celebrating Arbor Day when all the schools are in session, Friday, October 23, 1908, is hereby designated as Autumn Arbor Day; and all connected with the schools are urged to observe the day by the planting of trees and by other suitable exercises.

NATHAN, O. SCHAEFFER, Superintendent of Public Instruction. Harrisburg, Sept. 12, 1908.

Only One Alternative.
A cynic was smiling at the extravagant attentions that are lavished by the rich upon pet dogs. He spoke of the canine operations for appendicitis, the canine tooth crownings, the canine wardrobes, that occur in New York, and then he said:
"How servants hate these pampered curs! At a house where I was calling one warm day the fat and pompous butler entered the drawing room and said:
"Did you ring, madam?"
"Yes, Harrison. I wish you to take Fido out walking for two hours."
"Harrison frowned slightly. 'But Fido won't follow me, madam,' he said.
"Then, Harrison, you must follow Fido!"

Leaving Home.
I would give a few words of encouragement to any young man who may hesitate about leaving home. There is nothing in the world so good for a man, say, between twenty-five and thirty-five years of age, especially if unmarried, as a visit to distant countries, to learn other tongues, to see new sights and to experience strange adventures, such as he may readily encounter by throwing aside the restrictions of home life and taking up work abroad.—Frederic Shelford, B. Sc., in Engineer.

Point Not Well Taken.
"I observe," said the editor of the magazine, looking over the manuscript that had been submitted to him by the aspiring author thereof, "that you have used the phrase 'lean hours.' How can there be such a thing as a 'lean' hour?"
"Why not?" demanded the other.
"There is such a thing as a spare moment, isn't there?"—Chicago Tribune.

Good Advice.
Never forget the advice of Themistocles. Said that ancient, "I would bestow my daughter upon a man without money, but not upon money without a man." Just change money for title and see the different reading: "I would bestow my daughter upon a man without title, but not upon title without a man."—New York Press.

Tramp—Can you assist me along the road, mum? Lady of the House—Personally I cannot, but I will unchain my dog, and I know he will be most pleased to do so.

DAYS OF DIZZINESS.
Come to Hundreds of Emporium People.

There are days of dizziness; Spells of headache, sickeness, backache; Sometimes rheumatic pains; Often urinary disorders. All tell you plainly the kidneys are sick.

Doan's Kidney Pills cure all kidney ills.

Here is proof in Emporium. Mrs. Aug. Extrum, living on Sixth street, Emporium, Pa., says: "I do not hesitate to recommend Doan's Kidney Pills and I have done so on a good many occasions. For a long time I was in a miserable condition, suffering with backaches and sharp pains in the regions of my kidneys. I was restless at night and was subject to headaches and dizzy spells. At times my feet would swell. I was unable to obtain relief until I was advised to try Doan's Kidney Pills and procured the remedy from L. Taggart, the druggist. They proved to be just what my system required. By the time I had finished the contents of the first box there was a great improvement in my condition. I continued with Doan's Kidney Pills until I had used three or four boxes and by that time the backache had completely vanished. I was no longer troubled with headaches and dizzy spells and my general health was much improved. I am a great advocate of Doan's Kidney Pills and strongly recommend this remedy to any one suffering with kidney or bladder trouble."

A Traveling Man Received the Thanks of Every Passenger in the Car.
"I must tell you my experience on an East Bound O. B. & N. R. R., train from Pendleton to LeGrands Ore.," writes Sam A. Garber, a well known traveling man. "I was in the smoking department with some other traveling men when one of them went out into the coach and came back and said, 'There is a woman sick unto death in the car. I at once got up and went out, found her very ill with cramp colic, so bad in fact that I was almost afraid to take the risk; her hands and arms were drawn up so you could not straighten them, and with a death like look on her face. Two or three ladies were working with her and giving her whiskey. I went to my suitcase and got my bottle of Chamberlain's Colic, Cholera and Diarrhoea Remedy (I never travel without it), ran to the water tank, put a double dose of the medicine in the glass, poured some water into it and stirred it with a pencil; that I had quite a time to get the ladies to let me give it to her, but I succeeded. I could at once see the effect and I worked with her, rubbing her hands, and in twenty minutes I gave her another dose. By this time we were almost into LeGrande, where I was to leave the train. I gave the bottle to the husband to be used in case another dose should be needed, but by the time the train ran into LeGrande she was all right, and I received the thanks of every passenger in the car.'" For sale by L. Taggart.
