**REPUBLICAN TICKET.**

- For President, **WILLIAM HOWARD TAFT**, of Ohio.
- For Vice President, **JAMES SCHOOLCRAFT SHERMAN**, of New York.
- For Judge of Superior Court, **W. D. PORTER**, of Allegheny County.
- For Congressman, **CHARLES F. BARCLAY**, of Sennottsville, Pa.
- For Assembly, **JOSIAH HOWARD**, of Emporium.
- For Associate Judge, **JOHN A. WYKOFF**, of Grove.
- For Sheriff, **FRANK G. JUDD**, of Emporium.
- For County Commissioners, **S. P. KREIDER**, of Driftwood, **J. W. LEWIS**, of Shippen.
- For County Auditors, **T. E. FULTON**, of Grove, **GEO. A. WALKER, JR.**, of Emporium.

So the front porch campaign of Mr. Taft is to be abandoned in favor of a back platform tour. Perhaps Mr. Hitchcock discovered that its more practicable to carry Mr. Taft to the crowd than to carry the crowd to him in these days when railroad passes are no longer obtainable.

Hetty Green believes that women should economize in dress. Hetty would have helped the cause more if she had not pointed herself out as an example of a woman who economizes in her raiment.

It looks as if Czar Cannon, otherwise known as Uncle Joe might really have to come forward and tell the size of his fortune. Having "enough to support a family" sounds a bit vague now when itemized campaign contributions are being demanded.

Madame Nordica says that talking will strengthen and develop the whole body. This will hardly be good news for Mr. Taft at the beginning of his talking tour.

A Paris fashion note says that next year ladies hats will be much lower. It would be a trusting man indeed who could fancy it referred to the price.

Governor Hanly, of Indiana, has received twenty-five dollars for an address to high school graduates, and when a lecturer gets a fee of that amount it is usually a sign that his auditors feel they are overcharged.

The Republicans see no chance of Bryan being elected but they are not taking any chances. If there are any mistakes to be sorry for after next November Mr. Roosevelt and Mr. Hitchcock are going to see to it that taking-things-for-granted was not among theirs.

**DEMOCRATS AIM TO WIN CONGRESS**

Keystone State's Interests Would Thereby Be Jeopardized.

**REPUBLICAN CALL TO ACTION**

Special Attention Must Be Given to the Canvass For the Nominees For the National House and For Other Candidates On the Ticket, Along With Electors For Taft and Sherman.

[Special Correspondence.] Philadelphia, Sept. 22.

Pennsylvania Republicans have been called upon by the national leaders of the party to put forth most strenuous efforts to carry every close congressional district at the coming election.

The Democrats are making a great canvass to carry the next house, and it behooves Republicans everywhere, according to reports received at the national committee headquarters in New York, to get to work to line up their voters for the party's nominees for national representatives.

No one doubts that Pennsylvania will roll up a big majority for Taft and Sherman, but unless there shall be close attention paid to perfecting the party organization and enlisting the rank and file of the voters for the congressional candidates in several of the districts there may be a falling off in the Republican representation from this state at Washington.

Pennsylvania has too much at stake to allow this to happen. Her vast industrial and farming interests, which have thriven so well under Republican rule, must be protected, and there is no better way to insure a continuance of the Republican party's fostering policy than to elect Republicans to congress.

**A Power in Congress.**

Pennsylvania, with the largest Republican delegation of any state in the Union on the floor of congress, has for many years wielded a potential influence in shaping national legislation and in blocking the games of men who have nothing in common with the wage earners, the farm owners, the manufacturers and business men of the Keystone state.

Men who seek to promote the cause of the importers and others concerned in getting into this country at as cheap a rate as possible the products of foreign nations, of their mills, their factories and their farms, are heavy contributors to the Democratic campaign funds, especially to the treasury of the Democratic congressional campaign committee.

They want to break down the tariff, to wipe out the "Pennsylvania idea" of protection to American industries and American granger interests, so that they can reap the benefit of tremendously increased importations of foreign goods and foreign products of all sorts, through their foreign business connections.

**What Democratic Victory Would Mean**

Bryanism in the White House, it is everywhere admitted, would be had enough, but with foreigners dominating the action of congress, especially in the matter of tariff, Pennsylvania interests would be terribly jeopardized and many of them, in time, absolutely destroyed. While business generally throughout the United States is picking up, mills are resuming operations, the railroads are reporting greatly increased shipments and the telegraph companies, the pulse of the commercial world, show gradually increasing receipts, there are reports of industrial depression, of hundreds of thousands of idle workmen all over Great Britain and the European continent.

**Business Depression Abroad.**

While America is showing that she is going to have a resumption of prosperity, provided that there shall be no unexpected political upheaval, there are no indications of anything like those conditions abroad.

Business men, manufacturers and others who are closely following events declare that if Taft and Sherman shall be elected by a good majority in the electoral college and the next house shall be Republican, there will be witnessed a period of unprecedented prosperity all over the United States.

If, on the other hand, Bryan should win or the house should go Democratic, the whole commercial and industrial world would be thrown into a state of consternation and disruption, and there would be inevitable distress among the wage earners and men of small capital engaged in business, and even the heavier capitalists would be seriously embarrassed and prevented from promoting or developing enterprises of every character.

**Penrose On This Issue.**

Senator Penrose, in discussing the political situation a few days ago, among other things said: "A protective tariff is essential to American prosperity. The Republican party has always been pledged to the principle. The Democratic party has almost invariably leaned towards free trade. Panic and financial disaster have generally attended Democratic legislation upon the tariff. In 1862

and extraordinary prosperity has always accompanied tariff legislation by the Republican party. If the present tariff, which has been in existence for ten years, a period longer than has marked the existence of any previous tariff law, is to be revised, it would seem evident that such revision should be made by the party which has consistently favored the protective principle. The revision should be made as promptly as possible and with as little disturbance to business conditions as possible.

"Already committees of the house and senate are at work on the subject and it is hoped that the revision is being largely discounted in manufacturing and business circles. On the other hand, a revision by the Democratic party must inevitably mean revolution and disaster. The Democratic platform declares in favor of immediate revision of the tariff by the reduction of import duties and generally states that gradual reductions should be made in such schedules as may be necessary to restore the tariff to a revenue basis. This practically amounts to a declaration in favor of free trade.

"On the other hand the Republican party declares unequivocally for a revision of the tariff by a special session of congress immediately following the inauguration of the next president and affirms emphatically that in all tariff legislation the true principle of protection is best maintained by the imposition of such duties as will equal the difference between the cost of production at home and abroad, together with a reasonable profit to American industries.

"The Democratic party utterly ignores any reference to the welfare of American labor, while the Republican party in its platform specifically declares that its aim and purpose is not only to preserve security against foreign competition, to which American manufacturers, farmers and producers are entitled, but also to maintain the high standard of living of the wage earners of this country, who are the most direct beneficiaries of the protective system."

**COMFORTING WORDS.**

Many an Emporium Household Will Find Them so.

To have the pains and aches of a bad back removed; to be entirely free from annoying, dangerous urinary disorders is enough to make any kidney sufferer grateful. To tell how this great change can be brought about will prove comforting words to hundreds of Emporium readers.

Mrs. A. Kircher, living at 105 Brussels Street St. Marys, Pa., says: "I certainly think very highly of Doan's Kidney Pills for the good they did me. I suffered from pains through my back, and when I arose in the morning felt tired and languid. I had been in a miserable condition for a long time and when Doan's Kidney Pills came to my attention, I procured a box. It was only a short time before I noticed a great change for the better in my condition. My strength and ambition returned and I feel better in every way. I am glad to recommend Doan's Kidney Pills as a remedy of particular merit."

For sale by all dealers. Price 50 cents. Foster Milburn Co., Buffalo, New York, sole agents for the United States. Remember the name—Doan's—and take no other.

**Concrete Grave Vaults**

The "Bliss" artificial stone sarcophagus or grave vault made by the Emporium Concrete Company is the most perfect thing of its kind yet produced.

It is absolutely water proof, air tight and everlasting.

They are positively proof against decay, insects, vermin, rust, or any disintegration, and will maintain casket and human body intact for countless ages.

The old fashioned rough box invited the immediate destruction of the casket and body by moisture, rot and vermin and the falling in of the grave.

Vaults of metal have proved inadequate, they are not water proof and, subject to the moisture and acids of the earth; they last but little if any longer than the ordinary wooden rough box; what is the use then of buying an expensive, handsome casket, and then consigning it and your beloved dead to the dampness and filth of the earth without adequate protection.

In no place is subterranean life more active and prolific than in cemeteries.

Wood gathers moisture and attracts vermin, brick and slate vaults constructed in graves are nothing more than subterranean cisterns or cesspools, collecting water and breeding vermin.

Ages ago the Egyptians made cement vaults for their royal dead, and from them to-day, are being exhumed bodies in perfect state of preservation.

Our vault is indestructible, its great weight—over a ton—and solidity, prevent grave robbing, and will endure as long as the everlasting hills, becoming harder as the centuries pass. They are white, clean and pure inside, and our process makes them absolutely water proof.

We have been to great expense and trouble in making experiments in this product and now have it as near perfect as possible.

We furnish everything complete placed in position in grave, cemented and sealed in perfect condition.
