OUR HOLIDAY EDITION.

More Elaborate Than Ever.
The very gratifying demand of our business firms for space in the Press this Xmas Tide has started this year in full force, our merchants having eagerly solicited space. In order to supply the demands of our patrons we shall increase our space to meet all. Those desiring increased advertisements will confer a favor by calling at once, in order that they may be served. These great papers are not cheaply gotten up sheets, simply for the advertisements but are profusely illustrated with the best stories, appropriate Christmas and New Year's pages and all that money can purchase. Our great Serial Story, commencing this week, entitled "Minkie," superbly illustrated, is especially adapted for the holiday season. It is a great story and while it cost us a snug amount we feel that our patrons are entitled to the best.

While it is hard work and a heavy expense we feel richly repaid for our efforts by the many expressions of pleasure from our friends and very often receive flattering notices from those who are not our friends, who admire a good thing when they see it. The following very flattering notice appeared in the Western Publisher, of Chicago, Ill., last January, which we publish at this time in order that our patrons may see how others see us in distant cities: "H. H. Mullin, publisher of the Emporium Press, certainly did himself proud on his holiday edition, which was a wonder for so small a town. It contained four parts of eight pages each, thirty-two pages in all, printed on book paper. The edition was excellent in every way and the surprise is how he managed to do all of the extra work in so short a time. We trust the undertaking showed up well on the profit side of the ledger."

Come along friends, with your copy for advertisements. We have plenty of type, all the latest faces, the largest line of suitable cuts, borders, good, faithful workmen and up-to-date artists.

Be prompt, please and we will try to please you.

"They Say."
That phrase has blasted more character and wrecked more homes than any other in the language. Call a halt on the lecherous peddler who comes at you with his wares—"They Say." Fire point blank at his cowardly heart—"Who Says?" That hits the spot you cannot afford to miss. The person who circulates a scandal or peddles truth (one is just as good as the other) is a vampire. He sucks the life-blood. No combination of words in the language has caused more trouble, pain or sorrow. Shadowy it hits in the dark. It is anonymous. It has no personality. It cannot suffer any reaction. It is wholly irresponsible. The phrase ought to be put under the ban. It is this way: You speak to some one of a mutual acquaintance. There is a shrug of the shoulders, or a lifting of the eyebrows. Then a lowering of the voice, with the preface—"They Say." Even when the gossip fails to give his authority he has put an evil idea in your mind respecting the person he speaks of. You cannot rid yourself of the suggestion. The impression stays. The suspicion lurks. A great wrong is done. "They say." The ears that are eager for that always have a mouth to pass it on to other eager ears. The assassination of the character has begun. What "They Say" may sometimes be a true message? Will it make the old world the better or worse for the telling? It is very plain that much suffering and sorrow might be prevented by cutting those ugly words out of the vocabulary. If a man or woman won't cut them out, you cut them out. And be quick!—Erie Times.

John Minard Injured.
John Minard, son of Moses Minard, who is employed as a teamster at the Emporium Powder works, met with an accident, this (Thursday) morning, which resulted in a broken leg. The accident was caused by one of the horses falling on the ice and pinning Mr. Minard under it. Dr. W. H. Bash has charge of the case and the patient is resting as easy as can be expected at this writing.

Latest Popular Music.
Miss May Gould, teacher of piano forte has received a full line of the latest and most popular sheet music. All the popular airs, Popular and classical music. Prices reasonable.

Kennedy's Laxative Cough Syrup stops the cough and drives the cold from the system. Children use it. Sold by R. C. Dodson.

A Great Walker.

M. J. Logue, of First Fork, is a champion walker. On Wednesday morning last, at seven o'clock, he left his home, taking the route along the pipe line, and arrived in Emporium at ten minutes of twelve. When he called at the Press sanctum, to get a receipt for 1909 paper he was as fresh as a peach. He started back again in the afternoon, over the same route. When we asked him why he did not drive down to Sinnemahoning, having a good team, he only laughed and replied, "Oh! that's nothing. When I went to Idaho last year, to look at some land I owned there, after riding in the cars for five days and nights, I was tired of riding and started on foot for my destination, sixty miles; I made the walk in two days." Mr. Logue's walk and return was about 34 miles.

Buffalo Manufacturers' Exhibition, Dec. 14-19.

The Manufacturers' Club of Buffalo will hold an Industrial Exhibition in Convention Hall, that city, during the week beginning Dec. 14. The Exhibition will be opened on Monday evening and continue daily up to and including Saturday night, 10 a. m. until 11 p. m.

Under the above announcement there is much to arouse the interest and invoke the co-operation of not only the people of Buffalo but also those of the adjacent country. It means that the Manufacturers' Club, composed of more than 500 members and representing every phase of industrial activity, will place in Convention Hall a miniature of its many booming factories. Under one roof visitors will be able to see what Buffalo produces and how it is produced, for it is the aim of the majority of the exhibitors to install working exhibits so that visitors can see the entire process of manufacture from the raw material to the finished product.

Few persons realize the extent and variety of Buffalo's manufactures. Not even the members of the General Committee of 30 of the Manufacturers' Club in charge of the exhibition realized the full scope of industrial activity covered by the many busy plants until they began to compile the first list of the local factories ever attempted. But you will begin to appreciate it when you inspect the wonderful Exhibition in Convention Hall Dec. 14-19. It will be a splendid, educative and interesting sight to see the products and processes that employs myriads of workmen and render the great Electric city prosperous. Nothing like it has been attempted in Buffalo since the Pan-American Exposition.

Don't fail to see the Exhibition. Let the children see and learn how things are made. Remember, the place is Convention Hall, Buffalo, and the time, Dec. 14-19. Round trip rail rate of 2c on all steam roads.

President's Message.

President Roosevelt sent his last message to Congress, being quite lengthy and an able document as he always writes. He strongly urges legislation for the financial management of the country, regulating corporations, aid and better protect the wage earner, throw more protection around the forestry preserves of the country. We hope to give the able paper in full in our next issue. While the people will heartily endorse his sentiments and recommendations, Congressmen are quite stirred up with the rapping he gave them. Watch for it.

"The pictures are well arranged and are the most interesting of their kind ever shown in this city. All stages of art are represented, beginning with Egyptian architecture and coming down to modern art. The pictures are all the most careful and faithful reproductions. "Those who visited the gallery last evening were struck with the beauty and artistic merit of the scene presented. Expressions of admiration were heard on all sides, and all departed with a high sense of edification and pleasure which could only have been imparted to them by the purest merit in what they had seen.

All the pictures are reproduced directly from originals by the most scientific and modern methods of reproduction.

They are all illustrative of objects of world-wide interest and of great educational value, and especially suitable for schoolroom decoration."—Providence Sunday Telegram.

Turner Art Exhibit.

How would you like to have an opportunity to visit the greatest Art Galleries of the world? To most of us the opportunity will never be afforded. Everybody may visit the Art Exhibit held under the auspices of the Public Schools, Dec. 15th and 16th, in the room over the Public Library.

Several hundred photographic reproductions of the world's leading subjects in paintings, portraits, architecture, sculpture and natural history will be on exhibition and the admission price is placed at ten cents for children and fifteen for adults.

Aside from the educational benefit which the town will receive from this travelling Art Gallery it is hoped that sufficient funds will be realized to place at least one first-class picture on the walls of every school room in the town.

Open from 4 to 6 and from 7 to 10 P. M. Single admission 10 and 15 cents; Course tickets 25 and 50 cents

Running Day and Night.

Commencing with last Monday C. B. Howard Company's saw mill resumed the night shift, thereby giving employment to a large number of men. We understand they hope to continue the double time during the winter months. This is welcomed by our town and demonstrates the fact that this reliable firm desire to benefit every laborer as far as it is possible.

It Will Soon Be Judge Wykoff.

Associate Judge elect, Hon. John A. Wykoff, of Grove, was in Emporium last Monday and Tuesday, assisting in filling the jury wheel. Judge Wykoff, who will enter upon the discharge of his new duties on Jan. 4th, carries his newly acquired honors gracefully. That he will be an honor to the bench none dispute.

Hon. Josiah Howard went to Harrisburg yesterday evening, to select his seat for the session. Being an old member and one of the most popular in the House, no doubt he will occupy a seat well to the front.

Successful Mission Services.

Very successful Mission services conducted at Emmanuel Episcopal Church during the past week, (commencing Nov. 29th and closing last Monday morning). Rev. Mr. Robertson, the Rector, was very fortunate in securing the services of Rev. R. S. Radcliffe, of Ridgway, Pa., who is Rector of Grace Episcopal Church. Rev. Mr. Radcliffe was for several years Arch Deacon of Central Pennsylvania and very many years devoted almost his entire time to mission work in the far west, amongst the cow boys, miners and frontiersmen. His eloquence and forcible manner of speaking touched a popular chord in Emporium, the church being well filled every evening, as well as several times daily. His eloquent discourses attracted all classes, creeds and color. Last Sunday evening being Mr. Radcliffe's last address the church was filled to its capacity—every denomination being largely in attendance. The week was one of good cheer to every one that attended and resulted in much good to all our religious denominations and should be the means of quickening the communicants of Emmanuel.

During the meetings the large surplice choir, with Mrs. W. H. Howard organist and Mr. W. H. Howard leader, rendered very delightful music, while the solos by Miss Grace Lloyd and Messrs. Sterner, Ellis and Leutze were highly appreciated.

Rev. J. M. Robertson, who so carefully planned this soul-inspiring treat for his parishioners as well as our townspeople generally, may well feel amply repaid for the hard work incident to the Mission services. This able divine who does things in his quiet, systematic manner, is highly respected by all denominations.

Returned From Bermuda.

The Misses Lena and Christy MacDonald, accompanied by Mrs. Wm. MacDonald, returned home last Thursday afternoon after a most delightful trip to the Bermuda Islands as guests of the Gazette and Bulletin, of Williamsport.

Everything, as planned by the entertainers, passed away in one continuous round of pleasure, and all went well until after aboard ship in the New York harbor, they were delayed on account of fog and there witnessed the sinking of a ship upon which, according to report, six lives were lost.

They arrived at the Islands on Saturday, Nov. 28th, and found the "good old summer time" awaiting them, which was more than welcome after leaving "King Winter" in Cameron County.

After "doing the Island" until Monday Nov. 30th, the party again set sail for home and with the exception of a little sea-sickness all went well until they were safely landed in New York City, on Wednesday morning at 9:30.

The ladies spent a short time in Lock Haven on the return trip with Mrs. MacDonald.

Everything passed in perfect harmony and all speak very highly of the managers of the Gazette and Bulletin as entertainers, as everything was the best that could be procured.

Taken as a whole, the trip was a most enjoyable affair and will long be remembered by those who attended.

Agreeable Callers.

Mrs. and Mrs. Andrew Ingersoll, of More Hill, accompanied by Mrs. Addison Gross, of town, were very pleasant and agreeable Press office callers on Tuesday and looked over our busy plant, studying the many mysteries of the art preservative. Call again, ladies—you can, if you wish, bring Andrew with you.

DEATH'S DOINGS

WILEY.

A telegram, received by Mrs. John Wiley, of Beechwood, announces the death of her son, John Wiley, of Oklahoma. The young man was employed on a steam shovel and the supposition is that he was killed. The body will be brought east for burial and interment will probably take place at St. Marys. The bereaved family have the sympathy of the Press and many friends in Cameron and Elk.

FAIR EXCHANGE.

A New Back for an Old One. How it Can be Done in Emporium.

The back aches at times with a dull, indescribable feeling, making you weary and restless, piercing pains shoot across the region of the kidneys, and again the loins are so lame to stoop is agony. No use to rub or apply a plaster to the back in this condition. You cannot reach the cause. Exchange the bad back for a new and stronger one. Emporium residents would do well to profit by the following example.

Mrs. Geo. E. Weiss, 442 N. St. Michael St., St. Marys, Pa., says: "I suffered for a long time with kidney complaint and backache. I had headaches and dizzy spells, was unable to get up without supporting myself and could not bend or stoop without suffering intensely. The kidney secretions were also unnatural and plainly showed that my kidneys were disordered. I became very much discouraged but finally procured a box of Doan's Kidney Pills on a neighbor's recommendation. My strength and ambition soon returned and the pains and aches disappeared. I cannot speak too highly of Doan's Kidney Pills."

For sale by all dealers. Price 50 cents. Foster Milburn Co., Buffalo, New York, sole agents for the United States. Remember the name—Doan's—and take no other.

NO REASON FOR DOUBT.
