

# FARM AND GARDEN

## BUSINESS FARMING.

Use System in the Work and It Will Pay.

I have been a farmer long enough to learn the cause of so many sons and daughters and well-meaning, reliable farm hands leaving the beautiful farm and country and going to the city. A lack of order and system on the farm and too long hours for a day is what is driving the best minds from the farm to the city and shop, declares a writer in Farmers' Review.

What can we expect of a hand, or the farmer's wife and her posterity, in the way of intellectual development, when they get out of their beds at 3:30 in the morning and work from that time until 8 or 9 p. m.?

Give me the educated farmer as a boss and the educated farm hand as a hand. When I come in contact with a hand or farmer that studies his business I find him advancing, and it is a pleasure to work for such men.

The majority of the farmers are eight-hour men, that is, eight hours in the forenoon and eight in the afternoon. Eight or ten hours on the farm cannot well be adapted in all cases, but it need not be from 14 to 16 hours.

If the family arise every morning at five o'clock and the wife and daughters attend to the household duties, and the farm hands and sons attend to the chores and go to the field at seven o'clock and work until 11 or 11:30, and go to the field again at one and keep at it until six o'clock, and go to the house and eat the supper and then do the evening chores, they have done a farm day's work.

Regular hours for work and regular hours for sleep and regular hours for rest and recreation, with plenty of standard papers and books, including the best agricultural papers and books, and a full faith in God, and good grub is wanted.

The family should rise at five o'clock on Sunday morning as well as on week days, and do the necessary Sunday morning chores, and then go to church and show the business man in the city that Sunday on the farm does not consist in changing the stock from one field to another, or salting it, or unloading a load of hay that was brought in on Saturday evening.

Coming to the meals at the meal hour makes it easy on the wife so she can arrange her household duties in order, as can also the husband his farm work.

Men of worth and standing in the shop and city tell me that if order and system were used on the farm they would go back to the farm. If the farmer wants to keep his sons and daughters on the farm he must not lengthen the hours for a day's work at both ends. Limit the hours of work on the farm to 12 or 13 with pay for overtime, and freedom to the hired man on Sunday.

### HOME-MADE WHEELBARROW.

Pair of Old Plow Handles, Two Gate Hinges and Old Wheel Needed.

The construction of this barrow is very simple. Get a pair of old plow handles, two gate hinges about one foot long, and a wheel, which may be

found at the junk dealer's. The legs of this barrow are those of an old chair, braced with a piece of iron, says the Farm and Home. These articles in themselves are worthless, but in their combination we create something very useful.

### FARM PICK UPS.

One of the most important considerations of the farmer should be the water supply, both for the household and the animals.

If we all would eat more fruit and less meat we would be better off. Fruit juices aid digestion, promote healthy circulation and clear the mind.

Pears and apples will keep better and retain more of their plumpness and flavor if wrapped separately in tissue paper and stored in a cool place.

The value of the estimated American cut of lumber, lath and shingles for 1907 is \$750,000,000. In the same year the value of the corn crop was \$1,336,901,000 and of the wheat crop \$554,437,000.

Oil will spoil the squeal of the wheel.

Is there any practical way of cleaning wild onions out of a pasture except by plowing and clean cultivation? Small seeds require finer soil than large seeds.

### Farming for Money.

Years ago we farmed to live, but now we farm to make money. Money predominates over health and comfort. This is why fruit is so neglected while the All-Wise Creator gave man before he gave him bread and meat.

### PATIENT SUFFERING.

Many Women Think They Are Doomed to Backache.

It is not right for women to be always ailing with backache, urinary ills, headache and other symptoms of kidney disease. There is a way to end these troubles quickly. Mrs. John H. Wright, 606 East First St., Mitchell, S. D., says: "I suffered ten years with kidney complaint and a doctor told me I would never get more than temporary relief. A dragging pain and lameness in my back almost disabled me. Dizzy spells came and went and the kidney secretions were irregular. Doan's Kidney Pills rid me of these troubles and I feel better than for years past."

### MAKING THE MOST OF IT.

"Don't be alarmed, Miss Hash, this microscope is merely to enable me to see what I'm eating!"

### DREADFUL DANDRUFF.

Girl's Head Encrusted—Feared Loss of All Her Hair—Baby Had Milk-Crust—Missionary's Wife Made

Two Perfect Cures by Cuticura.

"For several years my husband was a missionary in the Southwest. Every one in that high and dry atmosphere has more or less trouble with dandruff and my daughter's scalp became so encrusted with it that I was alarmed for fear she would lose all her hair. After trying various remedies, in desperation I bought a cake of Cuticura Soap and a box of Cuticura Ointment. They left the scalp beautifully clean and free from dandruff, and I am happy to say that the Cuticura Remedies were a complete success. I have also used successfully the Cuticura Remedies for so-called 'milk-crust' on baby's head. Cuticura is a blessing. Mrs. J. A. Darling, 310 Fifth St., Carthage, Ohio, Jan. 20, 1908."

### Take Warning, Girls!

Cupid is always painted with wings, perhaps to show how easily he can fly away. Many women forget this once they are married, and the man who fell in love with his wife, because, before marriage, she always looked so dainty and well groomed, is sometimes woefully disappointed to find how little care she takes over her appearance for ordinary, everyday occasions afterwards.

It isn't fair to any husband to let oneself go in this way. If you do, and find that very soon Cupid flies out at the window, you will have only yourself to blame.—Home Chat.

### Valuable Conch Shells.

The conch shell is highly prized in India. In many of the temples they are blown daily to scare away the malignant spirits while the god receives his daily meal. A conch with the spiral twistings to the right instead of to the left is supposed to be worth its weight in gold. Some years ago a conch of that description was offered for sale in Calcutta, with a reserve price of a lakh of rupees placed on it. It was eventually bought in for \$20,000.

### Rather Hard.

The messenger entered the palace with the dispatches. "Brimstone and asphalt!" ejaculated Castro, as he read the yellow slip. "Holland threatens to spank us." "Well, what of it, your excellency?" responded the secretary. "Other nations have threatened to do the same." "Yes, but, confound it, this is a spanking that will hurt. The Dutch wear wooden shoes."

### A Woman's Threat.

"Well, if that ain't the limit," mused the postman, as he came down the steps of a private residence. "What's the trouble?" queried the passing citizen, who had overheard the postman's noisy thought. "Why," explained the man in gray, "the woman in that house says if I don't come along earlier she'll get her letters from some other carrier."

### ROSY AND PLUMP

Good Health from Right Food.

"It's not a new food to me," remarked a Va. man, in speaking of Grape-Nuts. "About twelve months ago my wife was in very bad health, could not keep anything on her stomach. The Doctor recommended milk half water but it was not sufficiently nourishing."

"A friend of mine told me one day to try Grape-Nuts and cream. The result was really marvelous. My wife soon regained her usual strength and to-day is as rosy and plump as when a girl of sixteen."

"These are plain facts and nothing I could say in praise of Grape-Nuts would exaggerate in the least the value of this great food."

Ever read the above letter? A new one appears from time to time. They're genuine, true, and full of human interest.

### WHY NOT OWN LAND?

ONE OF THE BEST WAYS TO MAKE MONEY IS TO INVEST IN WESTERN CANADA.

"Deep down in the nature of every properly constituted man is the desire to own some land." A writer in the Iowa State Register thus tersely expresses a well-known truth. The question is where is the best land to be had at the lowest prices, and this the same writer points out in the same article. The fact is not disguised that the writer has a personal interest in the statement of his case, and there is no hidden meaning when he refers to Western Canada as presenting greater possibilities than any other part of the American Continent, to the man who is inclined to till the soil for a livelihood and possible competence. What interests one are the arguments advanced by this writer, and when fairly analyzed the conclusion is reached that no matter what personal interest the writer may have had, his reasons appear to have the quality of great soundness. The climatic conditions of Western Canada are fully as good as those of Minnesota, the Dakotas or Iowa, the productiveness of the soil is as great, the social conditions are on a parity, the laws are as well established and as carefully observed. In addition to these the price of land is much less, easier to secure. So, with these advantages, why shouldn't this—the offer of Western Canada—be embraced. The hundreds of thousands of settlers now there, whose homes were originally in the United States, appear to be—satisfied. Once in awhile complaints are heard, but the Canadians have never spoken of the country as an Eldorado no matter what they may have thought. The writer happened to have at hand a few letters, written by former residents of the United States, from which one or two extracts are submitted. These go to prove that the writer in the Register has a good basis of fact in support of his statements regarding the excellency of the grain growing area of Manitoba, Saskatchewan and Alberta. On the 29th of April of this year W. R. Conley, of Loughheed, Alberta, wrote a friend in Detroit. He says: "The weather has been just fine ever since I came here in March, and I believe one could find if he wanted to some small bunches of snow around the edge of the lake. There is a frost nearly every morning; at sunrise it begins to fade away, then those blue flowers open and look as fresh as if there had been no frost for a week. . . . There is no reason why this country should not become a garden of Eden; the wealth is in the ground and only needs a little encouragement from the government to induce capital in here. There is everything here to build with: good clay for brick; coal underneath, plenty of water in the spring lakes, and good springs coming out of the banks."

### Splendid.

"That's a fine looking maid you have now, dear." "Yes, she's a darling, and she came to me highly recommended." "Knows all about the latest styles of maiding, I suppose?" "Oh, so far as knowing the duties of a maid goes, I don't suppose she knows a thing." "But she came highly recommended, you said?" "Yes, she broke the jaw of the last man who tried to kiss her."—Houston Post.

### BREAKS A COLD PROMPTLY

The following formula is a never failing remedy for colds: One ounce of Compound Syrup of Sarsaparilla, one ounce Toris Compound and one-half pint of good whiskey, mix and shake thoroughly each time and use in doses of a tablespoonful every four hours.

This if followed up will cure an acute cold in 24 hours. The ingredients can be gotten at any drug store.

### Broadening His Purpose.

"Yes, the old millionaire left the college a hundred thousand to endow a Greek chair." "That's fine." "Well, the faculty thought it better to broaden the purpose of the gift. Instead of using the money for a single Greek chair they bought all the seats for the new stadium with it."

### Hon. Emil Kiang, Vienna, Aus., one of the world's greatest horsemen, has written to the manufacturers: "SPOHN'S DISTEMPER COMPOUND has become the standard remedy for distempers and throat diseases in the best stables of Europe. This medicine relieves horses of great suffering and saves much money for the owner." 50c and \$1 a bottle. All druggists. SPOHN MEDICAL CO., Goshen, Ind.

### A Rare Change.

A Boston woman says she can't live with her husband because he is too good.

And the wicked Lromide user will probably suggest that he is too good to be true.—Cleveland Platf Dealer.

### The Tactful Husband.

"How did you cure your wife of chattering so much?" "I told her that when her lips were closed they formed a perfect Cupid's bow."—Cleveland Leader.

### TRY THIS FOR COLDS

Mix half ounce of Concentrated pine compound with two ounces of glycerine and a half pint of good whiskey; shake it well each time and use in doses of a teaspoonful to a tablespoonful every four hours.

These ingredients can be obtained from any good druggist who will prepare the mixture, or it can be mixed at home.

This is said to be the quickest cough and cold cure known to science, and at the same time it has a splendid tonic effect which benefits the whole system. The Concentrated pine is a special pine product refined for medical use and comes only in half ounce bottles, each enclosed in a round case, which is airtight, to retain all the original strength of the fluid, but be sure it is labeled "Concentrated."

### EASY FOR THE PAINTER.

Worthy Individual Had All the Details in His Mind.

A Chicago artist relates how a wealthy individual from Kansas City, with his wife and three sons and four daughters, once called upon him.

"Here we are!" exclaimed the head of the family. "Nearly a dozen of us, Mr. Painter. How much for a painting of the whole of us, discount for cash?"

"That will depend," answered the artist, hiding a smile with his hand, "upon the dimensions, style, etc."

"Oh, that's all fixed," responded the other breezily, with the air of a man who knows exactly what he wants. "We are to be dashed off in one piece as large as life, sitting on the lawn of my place just outside of little old K. C., singing 'Hail Columbia!'"—Harper's Weekly.

### ACCOMMODATING.

### Deafness Cannot Be Cured

by local applications, as they cannot reach the diseased portion of the ear. There is only one way to cure deafness, and that is by constitutional remedies. Deafness is caused by an inflamed condition of the mucous lining of the Eustachian Tube. When this tube is inflamed you have a rumbling sound or imperfect hearing, and when it is entirely closed, Deafness is the result, and unless the inflammation can be taken out and this tube restored to its normal condition, hearing will be destroyed forever; nine cases out of ten are caused by Catarrh, which is nothing but an inflamed condition of the mucous surface.

We will give One Hundred Dollars for any case of Deafness (caused by catarrh) that cannot be cured by Hall's Catarrh Cure. Send for circulars, free. F. J. CHENEY & CO., Toledo, O. Sold by Druggists, 75c. Take Hall's Catarrh Pills for constipation.

### Prince Rupert's Drops.

Prince Rupert's drops are drops of molten glass, consolidated by falling to water. Their form is that of a tadpole. The thick end may be hammered pretty smartly without its breaking, but if the smallest portion of the thin end is nipped off the whole flies into fine dust with explosive violence. These toys, if not invented by Prince Rupert, were introduced by him into England.

### Too Skeptical for Fairies.

The modern child believes in fairies probably no more than he does in Santa Claus. The next generation will most likely dispense with children's books altogether. And yet, it is said, and no doubt truly, that there was never an age when so much literature for children's use was written.—Ladies' Field.

# Answer This Question

When shown positive and reliable proof that a certain remedy had cured numerous cases of female ills, wouldn't any sensible woman conclude that the same remedy would also benefit her if suffering with the same trouble?

Here are two letters which prove the efficiency of Lydia E. Pinkham's Vegetable Compound.

Red Banks, Miss.—"Words are inadequate to express what Lydia E. Pinkham's Vegetable Compound has done for me. I suffered from a female disease and weakness which the doctors said was caused by a fibroid tumor, and I commenced to think there was no help for me. Lydia E. Pinkham's Vegetable Compound made me a well woman after all other means had failed. My friends are all asking what has helped me so much, and I gladly recommend Lydia E. Pinkham's Vegetable Compound."—Mrs. Willie Edwards.

Hampstead, Maryland.—"Before taking Lydia E. Pinkham's Vegetable Compound I was weak and nervous, and could not be on my feet half a day without suffering. The doctors told me I never would be well without an operation, but Lydia E. Pinkham's Vegetable Compound did more for me than all the doctors, and I hope this valuable medicine may come into the hands of many more suffering women."—Mrs. Joseph H. Dandy.

We will pay a handsome reward to any person who will prove to us that these letters are not genuine and truthful—or that either of these women were paid in any way for their testimonials, or that the letters are published without their permission, or that the original letter from each did not come to us entirely unsolicited.

What more proof can any one ask?

For 30 years Lydia E. Pinkham's Vegetable Compound has been the standard remedy for female ills. No sick woman does justice to herself who will not try this famous medicine. Made exclusively from roots and herbs, and has thousands of cures to its credit.

Mrs. Pinkham invites all sick women to write her for advice. She has guided thousands to health free of charge. Address Mrs. Pinkham, Lynn, Mass.
