BLUE BELL.

In Five Minutes.

Take your sour stomach—or maybe you call it indigestion, Dyspepsia, Gas, tritis or Catarrh of Stomach; it doesn't matter—take your stomach trouble right with you to your Pharmacist and ask him to open a 50 cent case of Pape's Diapepsin and let you eat one 25-grain Triangle and see if within five minutes there is left any trace of your stomach misery.

The correct name for your trouble is Food Fermentation—food souring; the Digestive organs become weak, there is lack of gastric juice; your food is only half digested, and you become affected with loss of appetite, pressure and fullness after eating, vomiting, nausea, heartburn, griping in bowels, tenderness in the pit of stomach, bad taste in mouth, constipation, pain in limbs, sleeplessness, belching of gas, biliousness, sick headaches, nervousness, dizziness and many other similar symptoms.

If your appetite is fickle, and nothing tempts you, or you belch gas or if you feel upset after eating, or your food lies like a lump of lead on your stomach, you can make up your mind that at the bottom of all this there is but one cause—fermentation of undigested food.

Prove to yourself, after your next meal, that your stomach is as good as any; that there is nothing really wrong. Stop this fermentation and begin eating what you want without fear of discomfort or misery.

Almost instant relief is waiting for you. It is merely a matter of how soon you take a little Diapepsin.

Legislature Adjourned.

The state legislature adjourned last Thursday, after one of the most active contests over legislation, and resulted in many wholesome acts. Our Representative, Hon. Josiah Howard, stood in the foremost rank of legislators and as chairman of educational committee, had charge of the new school code, which finally passed by a large vote. We notice Mr. Howard succeeded in amending the act relating to lands now owned by the state that will be of great benefit to the school districts of the commonwealth, giving to the school districts one-half of the value of any lands sold by the state in the future. We publish the amendment as passed, which will some day be of great assistance to the entire state, especially Cameron county, where the Forestry Department holds a large body of land.

ARTICLE XXVI, STATE SCHOOL FUND.

SECTION 601—One-half of all net receipts derived in any way from or on account of the forest reservations now owned or hereafter acquired by this Commonwealth, together with all real estate owned by the Commonwealth which is not used for state or other public purposes, or moneys which shall accrue to such fund through any Act of Assembly, devise, gift or otherwise, shall belong to and constitute the State school fund of Pennsylvania. Provided, That the state forest reservations shall continue to be wholly under the control of the State Forest Reservation Commission as now provided by law.

Mrs. Dr. Hartley Dies.

Mrs. Dr. T. S. Hartley, a former well known resident of Ridgway, died on Wednesday morning at her home in Philadelphia, after an illness of about two months. She was a sufferer from cancer of the stomach, and though she was known to be in an incurable condition her death at this time was entirely unexpected. The news of it was contained in a telegram received on Wednesday evening by Mr. Leo Schoening, of South street. The message gave no details as to the time of the funeral or the place of burial. Her husband, Dr. Hartley, is buried in the local cemetery, but it is not probable that the body of Mrs. Hartley will be brought here.

Mrs. Hartley will be remembered by all of the older residents of Ridgway. Her husband was a practicing physician here and also kept a drug store on the present site of the Elk County National Bank for many years prior to his death about twenty-five years ago. About six years later Mrs. Hartley and her two children, Belle and Fred, moved to Philadelphia, where they have lived ever since. They were very favorably known in town and have many friends here to whom they have paid several visits since moving to the Quaker city.

Miss Belle Hartley, who is employed in Philadelphia, has recently been ill and only a short time ago was discharged from a hospital there, where she underwent a slight operation. She is entirely recovered now, however.—Ridgway Daily Record.

Public Installation.

Ten or twelve Knight Templars went to Ridgway last Friday and attended Knapp Commandery public installation and banquet. J. D. Logan, of Emporium, was installed as Eminent Commander. Of course the "boys" took their best girls along and they hugely enjoyed the treat. The ceremony took place in the new Masonic Temple, recently erected, at a cost of \$65,000.

Painfully Injured.

Conductor J. E. Crawford, in charge of Extra west 1702, Sunday morning, in alighting from his cabin to report his train clear on Sinnamahoning siding, sprained his right knee and hip very badly. In getting off the cabin his lantern was extinguished and he stepped between the ties, thus causing the accident. However, Mr. Crawford stuck to his train and took it through to Kane although he suffered greatly. The fact that Mr. Crawford weighs considerably over 200 pounds it is fortunate that he was not injured more than he was. J. F. S.

A Startling Statement.

New York Medical Authorities Claim Dyspepsia Causes Consumption.

The post-mortem statistics of the big New York hospitals show that some cases of consumption are due to unchecked dyspepsia, especially when the victim was predisposed to tuberculosis.

Dyspepsia wears out the body and brain, the weakened, irritable stomach is unable to digest food, the body does not receive the required nourishment, constipation ensues and the victim becomes thin, weak and haggard. As a result, the body becomes a fertile field for the germs of disease to lodge and flourish.

Therefore, the person who permits dyspepsia to progress unhindered is guilty of contributing toward the development of one of the most insidious and fatal diseases known to mankind.

Dyspepsia is curable if properly treated. Mrs. M. A. Rockwell sells a remedy which they positively guarantee will cure indigestion or dyspepsia or they will pay for all the medicine used during the trial. This remedy is an absolutely new medical discovery and has been named Rexall Dyspepsia Tablets. Certainly no offer could be more fair, and the offer of Mrs. M. A. Rockwell, is proof positive that Rexall Dyspepsia Tablets are a dependable and infallible remedy. Inasmuch as the medicine will cost you nothing if it does not benefit you we urge you who are suffering with indigestion or dyspepsia to try this remedy. A twenty-five cent box of Rexall Dyspepsia Tablets contains enough medicine for fifteen days' treatment. Remember Rexall Dyspepsia Tablets are only sold in Emporium by Mrs. M. A. Rockwell, Druggist.

Not Cute Enough.

Naturally, people dislike feeling that they are not cute enough in business. But no person who is run down can expect to be at his best. Sexine Pills make men and women brighter and stronger; they make you feel better in every way. Price \$1 a box; six boxes \$5, with full guarantee. Address or call on R. C. Dodson, Druggist Emporium, where they sell all the principal remedies and do not substitute.

People past middle life usually have some kidney or bladder disorder that saps the vitality, which is naturally lower in old age. Foley's Kidney Remedy corrects uric acid troubles by strengthening the kidneys so they will strain out the uric acid that settles in the muscles and joints causing rheumatism. Sold by all Druggists.

Best Treatment for Colds.

"Most ordinary colds will yield to the simplest treatment," says the Chicago Tribune, "moderate laxatives, hot foot baths, a free perspiration and an avoidance of exposure to cold and wet after treatment." While this treatment is simple, it requires considerable trouble, and the one adopting it must remain in doors for a day or two, or a fresh cold is almost sure to be contracted, and in many instances pneumonia follows. Is it not better to pin your faith to an old reliable preparation like Chamberlain's Cough Remedy, that is famous for its cures of colds and can always be depended upon? For sale by L. Taggart.

During the spring everyone would be benefited by taking Foley's Kidney Remedy. It furnishes a needed tonic to the kidneys, after the extra strain of winter, and it purifies the blood by stimulating the kidneys, and causing them to eliminate the impurities from it. Foley's Kidney Remedy imparts new life and vigor. Pleasant to take. Sold by all Druggists.

We often wonder how any person can be persuaded into taking anything but Foley's Honey and Tar for Coughs, colds and lung trouble. Do not be fooled into accepting "own make" or other substitutes. The genuine contains no harmful drugs and is in a yellow package. Sold by all Druggists.

Mr. F. G. Fritts, Oneonta, N. Y., writes: "My little girl was greatly benefited by taking Foley's Orino Laxative, and I think it is the best remedy for constipation and liver trouble." Foley's Orino Laxative is best for women and children, as it is mild, pleasant and effective, and is a splendid spring medicine, as it cleanses the system and clears the complexion. Sold by all Druggists.
