BOYS! BOYS! BOYS! LOOK HERE! FREE TRIPS TO THE WORLD'S SERIES.

The Pittsburgh Gazette Times Will Pay all Expenses of the Four Most Popular Amateur Teams, No Matter Where the Games are Played—Get the Votes; It's Up to You to Win.

The Gazette Times is going to take a big party of amateur baseball players to see the World's Championship games next October.

That is decided. What teams shall go on this trip, which may include a journey as far east as Boston and as far west as Chicago or St. Louis?

That remains to be determined. It is up to the amateur teams and their friends to say who shall go.

Now, all you have to do is to get the votes.

Four amateur teams—12 men, including the manager, will constitute a team—are to be the guests of The Gazette Times on the world-beating trip. Every amateur team in the territory in which the Gazette Times circulates will have a chance to capture the prize. It will be a free field and no favor shown.

The small boys will have a chance equal with the larger fellows.

The plans have been so formulated that two teams of small boys are bound to win. It will be interesting to see if

the little lads are not as popular, or more so, than their elders. The count of votes will tell.

The teams to take in this great trip will be selected by ballot. One team will be selected from among the Allegheny county amateurs averaging over 15 years of age. Another team will be selected from among the Allegheny county amateurs not more than 15 years old. A third team will be selected from among the amateurs averaging over 15 years of age in all the territory outside of Allegheny county, and a fourth will be selected from among the amateurs averaging not more than 15 years old in all the territory outside of Allegheny county.

You see this gives a chance for teams in the whole state of Pennsylvania, in Ohio, West Virginia, Maryland, everywhere to complete and win The Gazette Times trip to see the World's Championship Baseball series.

For full particulars see the Gazette Times, or address Contest Department, The Pittsburgh Gazette Times, Pittsburgh, Pa.

A Good Record.
Miss Mollie Spence, daughter of Mr. and Mrs. B. L. Spence, and one of the graduates in this year's class, has a record of which she can well be proud. Miss Spence has never been late in arriving at school during a period of eight years. Who can surpass this?

Just received a fresh invoice of Crackers and Cookies at C. B. Howard & Co's.

A Bad Runaway.

Sunday afternoon, about 3:30 o'clock, R. D. Graham's team driven by Wm. Graham, became unmanageable, coming down the Chapman Hill narrows, and ran away, throwing Wm. Graham out of the buggy. "Chic" Howlett and Chas. Bunce, of Sterling Run, who were also in the buggy endeavored to stop the team but before they could do so, they ran into Hulbert Smith's rig, who was returning home from Cameron. Both rigs and occupants were thrown over the bank. Robt. Boyd was the first party to notify the town people of the accident, and returned to the wreck with a force of men.

Wm. Graham was found unconscious in the road quite a distance from where the wreck occurred and brought home by Harry Shearer, of Emporium, who was on the scene with a rig. Dr. Bush was promptly called and dressed the wounds of the injured. Chas. Bunce and "Chick" Howlett were only slightly injured and were able to walk home. "Hub" Smith was very badly injured, having his breast bone badly bruised and otherwise badly used up. Mr. Smith was found under the wreckage, pinned down by wagons and horses, it being a miracle that he escaped with his life. His horse which is noted for its intelligence, proved himself more so at the wreck, for after breaking loose from the wreckage, instead of running away, he returned to his master, who was still held fast in the wreckage.

LATER.—Since the above was put in type Mr. Smith called on the PRESS, yesterday afternoon, having visited Emporium relative to his accident. Mr. Smith states that when the horse and buggy ran into his rig no one was in the buggy; also that he extricated himself from the wreck before any of the party reached the scene and was taken across the creek by Wm. Hathaway, who drove him to Cameron, where Dr. Bush treated him. His two year old colt was waiting in the middle of the road. Mr. Smith has been greatly damaged and feels that his demands must be satisfied, or he will know the reason why.

Rents Hotel.

J. H. Welton, who has conducted the Evergreen Hotel at Hicks Run, was in town last Tuesday transacting business. Mr. Welton informs the PRESS that he has rented his hotel and sold the furniture and stock to W. H. Rankins, who formerly conducted a hotel at Dents Run, and is an experienced hotel man. Mr. Welton has returned to Sinnamahoning to reside and will live on "easy street" for a time. He contemplates a trip to the Pacific coast and will take in the Alaska-Yukon-Pacific Exposition, which commences June 1st and closes Oct. 16th. Ye editor has been "cordially invited to attend" by Director Jas. A. Wood, but we will have to allow Mr. Weston to represent us—he is young (?) and a good walker.

The Blumle Girls Enjoying Their Trip.

The Misses Theresa, Helen and Frances, of this place, and Miss Regina Severin, of St. Marys, who sailed on a three months European trip, leaving Hoboken, April 24th, are having a jolly time. The PRESS editor was favored with a post card, dated May 3rd, which reads: "Landed at Gibraltar Monday, May 3rd, and are here for six hours' sight seeing; the rocks are beautiful. Friday, April 30th, was the first land we saw since leaving Hoboken. The Azore Islands are beautiful and all inhabited by Spaniards. Were in sight of Islands from eleven o'clock until six." Our Emporium people know they are having a good time and are glad of it. We wish the jolly bunch may crush many hearts in Germany, but remember at the same time, the fond friends in Dear Old America, who patiently await their return.

ITALIAN BOLTS FROM COUNTY JAIL

Last Saturday morning, about five o'clock, Jailer J. D. Swope entered the jail prison for the purpose of unlocking the cages, to give the prisoners the freedom of the corridor, as is usually done. After unlocking the cage in which Leopardo Carmello, arrested for assault and highway robbery, the jailer turned towards the other cages. Quicker than a flash the Italian, who was lying in bed with his clothes on, rushed for the door leading to the entrance to the prison and rushed up stairs. Jailer Swope grabbed him on the stairs, but he pulled away and made for the jail kitchen door, but Mrs. Swope who heard the alarm, headed him off. The prisoner then bolted for the front door and made his escape, hatless, coatless and bare footed. He ran down the alley east of the jail. The alarm was given and within fifteen minutes Sheriff Norris and assistants were after him, but no trace could be found. The prisoner is a bad man, having served a term in Italy and only last December closed a three years term in the Western Penitentiary for highway robbery. He evidently had assistance.

Going to Oklahoma.

Miss Gertrude Germond, one of our school teachers, expects to leave within a short time for Oklahoma, where she will follow her vocation. Those oil and ranch kings of the west will have a hard time capturing "that school marm from the east." Miss Germond has long been connected with the schools of this county and has been considered one of the best.

First Methodist Episcopal Church.

Class meeting at 9:30, a. m.; preaching at 10:30 a. m., by the pastor, subject, "Assimilation of the Divine Character." Professor C. M. Riley, of Kane, Pa., will render a solo. At 11:45 a. m., Sunday School; 6:30 p. m., Epworth League service; 7:30 p. m., regular service, at which time Mr. Riley will again sing and make an address on the subject of "Sacred Music."

Back From K. of C. Convention.

Messrs. James Haley and A. F. Vogt returned last Thursday from attending the Knights of Columbus state convention at Reading. They stopped off at Harrisburg to visit the beautiful State Capitol and were greatly pleased. Without a doubt it is one of the handsomest public buildings in the world, all fake reports to the contrary notwithstanding.

Big Touring Car.

M. M. Pomeroy, assistant cashier of Citizens National Bank, Port Allegany, accompanied by Frank Dunbar, visited in Emporium Monday evening. Making the run over here in Mr. Pomeroy's big Rambler Auto. The monster machine was satisfactorily tested on our steep grades, climbing up Broad street with apparent ease. Mr. Pomeroy is agent for this popular and handsome machine and takes pride in exhibiting it. Write him—he will do the rest.

Gone to Binghamton.

Chas. Prosser, for many year, a resident of Emporium has gone to Binghamton, N. Y., having accepted a position with Chas. T. Logan, formerly of Emporium, who has purchased a large tract of land and residence on Riverside Drive. Mr. Prosser will be just the chap he is looking for.

Important to Fruit Growers.

Mr. E. L. McNett, of State Agricultural Department, is visiting the Cameron county orchards and will impart information to all fruit growers. Look for him.

Bitten by Dog.

County Treasurer Chas. J. Howard's son, Chas. Jr., while playing with his pet dog, last Thursday, was severely bitten on the left hand and back—nothing dangerous. That "derg" was deported at once.

Spraying Plum Trees, Potato Vines, etc.

Among the letters recently received by Prof. Surface, State Zoologist, at Harrisburg, was one from a Dauphin county farmer, which should be given wide publicity. The correspondent wrote:

"A few years ago my fruit trees were dying from the effects of the San Jose scale. Fortunately, following your advice, I bought a good spray pump and apparatus for using the lime-sulfur wash, and began spraying thoroughly fall and spring, and to-day I have several hundred fine, healthy trees, practically free from scale. On trees that were covered with scale from the tips of the branches to the trunks not a live scale can be found.

"Kindly answer the following questions: (1) How much Paris green to eight gallons of water can be used safely to spray plum trees? I used a teaspoonful last year to eight gallons of water and killed many fruit buds. (2) Tell me how to make a spray for potato blight; how much bluestone and lime to use to 50 gallons of water?"

To this State Zoologist Surface replied as follows:

"I certainly thank you for your very kind letter, making such a definite statement concerning the cleaning up of your trees and the production of perfect fruit and the growing of healthy trees free from scale, by the use of the lime-sulfur wash, following our directions. This is but an example of what every person in this State could have done had they acted equally intelligently, faithfully and persistently. On the other hand I have many reports of persons who wanted something with easier work, even if more expensive, and consequently, bought the high-priced oils, and in many cases killed their trees or injured them so badly that they are now turning to me, asking what can be done to overcome the evil effects of their former action.

"I take great pleasure in replying in detail to the inquiries of such persons as yourself, because it is an inspiration to know that you act intelligently upon the advice given, and regard it as worth something, even though it is free of cost. It is, also, a pleasure to me to know that such efforts on my part are not in vain, but are really helpful. Concerning Paris green, the formula is one pound or sixteen ounces to 150 gallons of water for hardy plants. For plain proportions I would recommend one ounce to each 10 gallons. In fact one ounce to eight gallons will not be too strong for potatoes. However, I should use three or four times as much lime as Paris green, making milk of lime and straining it into the water with Paris green.

"Also, on plums I would not recommend you to use Paris green if you can get arsenate of lead. The later sticks better and is much more to be desired. You can buy this of different firms. I would not spray the plum trees until after the blossoms have fallen and the fruit is nearly as large as the average pea.

"To make a spray for potato blight use three pounds of bluestone and four or five pounds of lime in fifty gallons of water. If you have potato beetles, add one-third of a pound of Paris green, or one-pound of arsenate of lead to this. I should have told you that there are various formulas recommended for using arsenate, varying from one to three or four pounds in fifty gallons of water, but it has been proven that if you use a good quality of arsenate of lead, one pound in fifty gallons will do the poisoning, just the same as though you used three times as much, and, of course, there is less danger of injury and it is more economical."

Railroad Changes.

A party of railroad officials arrived here this morning on flyer and remained until seven o'clock, when they were taken to Buffalo on a special train. It is rumored that there will be a change in the time table of the Buffalo division to take effect in the near future. Let us hope that something will be done to make better train service for the traveling public and for the residents of Emporium.

DEATH'S DOINGS.

ROBERTS.

The remains of Perry Roberts, aged 65 years, who died at University hospital, Philadelphia, were brought to Emporium last Saturday by his son, H. R., who went to Philadelphia before his father died. His remains were taken to his old home near Caledonia, last Monday morning, for burial, the following veterans of the civil war serving as casket bearers: Hon. J. C. Johnson, M. M. Larrabee, N. S. Cutler, Joshua Bair and Geo. Piper. Mr. Roberts has made his home here for several years and while he was a great sufferer from a complication of diseases and wounds received during the civil war, he battled manfully to the last. He had only been in the hospital a few days when his death occurred. The old "vets" are rapidly passing away.

LEWIS.

MRS. MARANDA M. MASON LEWIS, aged 62 years, widow of Ex-Sheriff P. E. Lewis, deceased, died at the residence of her daughter, Mrs. Alex. McDougall on Fourth street, last evening at ten o'clock, after a long illness, suffering greatly from Bright's disease.

The funeral will take place on Sunday at 3:30 p. m., from the home, but owing to the weakened condition of the building, caused by the late fire, the funeral will be private, only the immediate family and relatives invited. Revs. Lux and Shriver will conduct the services. Those friends desiring to view the remains of deceased are requested to call before Sunday.

Mrs. Lewis, a daughter of the late John Mason, was born in Gibson township, but has resided in Emporium for many years and her kind acts extended during her occupancy of the jail will be remembered by more than one poor unfortunate. She leaves two daughters to mourn her death, Mrs. Frank Shives and Mrs. Alex. McDougall. The PRESS extends its sympathy to the bereaved family, especially its editor, who in years past has reason to remember with gratitude, more than one kindness received at the hands of the deceased.

Pleasant Visitors.

Edward Losey and family, formerly of Sinnamahoning, but for the past few years have lived at Laquin, being in the employ of Barclay brothers, were visitors in Emporium to-day, enroute for Mina, Potter Co., where Mr. Losey has acquired a position with the Central Pennsylvania Lumber Company at that place. Mr. Losey in company with his pretty little daughter, Miss Frances, made the PRESS office a business and social call this morning and renewed his subscription for another year and informed us that his daughter, Miss Minnie, who has been teaching at Towanda, was successful in a contest held by the Towanda Publishing Company and secured a trip to the Bermuda Islands and will go to that place in the near future.

Board of Trade Directors Meeting.

There will be a meeting of the Board of Directors of Board of Trade, Friday evening, at 8 o'clock. Important business.
