QUEENSBORO BRIDGE.

The Greatest Structure of Its Kind in the World.

Measured by the combined length and capacity of its five main spans, the Queensboro bridge, across the East river from Fifty-ninth street, New York, to Ravenswood, Queens, is the greatest bridge in the world. Including approaches, its total length is 8,900 feet, width 86 feet and greatest height over 300 feet above the water. It crosses from shore to shore, 135 feet above the river, with three enormous spans of 1,182 feet, 630 feet and 984 feet, the middle one reaching across the full width of Blackwell's island. Besides these there are two more great "anchorage" spans, one at each end, wholly over dry land, with a length of 3,724 feet for the five, which together contain over 105,000,000 pounds of steel. No other spans in this country, except suspension bridges, approach the longest of these, and the only trussed span in the world which exceeds it is the Forth bridge, which, although 1,710 feet long, has a capacity for only two railroad tracks, less than one-third of this. There are two decks, the lower carrying a wide driveway and four electric car tracks and the upper one two sidewalks and two elevated railroad tracks and having an all estimated capacity of 200,000-000 car passengers and millions of vehicles and pedestrians annually. It cost over \$20,000,000.—Exchange.

WOMEN'S WOES.

Emporium Women are Finding Relief at Last.

It does seem that women have more than a fair share of the aches and pains that afflict humanity; they must "keep up," must attend to duties in spite of constantly aching backs, or headaches, dizzy spells, bearing down pains, they must stoop over, when to stoop means torture. They must walk and bend and work with racking pains and many aches from kidney ills. Kidneys cause more suffering than any other organ of the body. Keep the kidneys well and health is easily maintained. Read of a remedy for kidneys only that helps and cures the kidneys and is endorsed by people you know.

Mrs. Frank Mundy, W. Fourth St., Emporium, Pa., says: "Since using Doan's Kidney Pills, procured from L. Taggart's drug store, I am feeling much better. My kidneys were very weak, the secretions passing too frequently and I suffered from a dull, nagging backache and splitting headaches. Sharp pains would dart through the small of my back and at times my feet and hands would swell. Doan's Kidney Pills regulated the kidney secretions and drove away the pains and aches in my back and head. I cheerfully recommend this remedy."

For sale by all dealers. Price 50 cents, Foster-Milburn Co., Buffalo, New York, sole agents. Remember the name—Doan's—and take no other.

Bulletin.

SUMMER TRIPS AFAR AND NEAR.

Summer days are coming fast. Already vacation days are being discussed in the home and in the office, and in a few weeks the annual exodus to country, seashore and mountain will have begun.

America abounds with delightful summering places, in valley, on mountain and beside the sea—thousands of resorts whither wend the pilgrims in search of pleasure and recreation.

Pennsylvania Railroad ticket agents now have on sale excursion tickets to the greater number of these resorts; by the first week in June there will be about eight hundred points covered by Pennsylvania Railroad summer excursion tickets.

From the rock-bound bays of Newfoundland to the sunny slopes of the Virginia shores; from the White Mountains of New Hampshire to the Cumberland Mountains of Tennessee; along the forty beaches of New Jersey, even to the far coast of the Pacific Ocean, these summer resorts stand ready to entertain the transient or all-summer guest.

Any Pennsylvania Railroad Ticket Agent will cheerfully give information concerning routes and fares to these resorts, enabling summer pilgrims to plan their outing at a minimum of time and cost.

Information may also be secured by addressing Geo. W. Boyd, General Passenger Agent, Broad Street Station, Philadelphia; C. Studds, D. P. A., 263 Fifth Avenue, New York City; Wm. Pedrick, Jr., D. P. A., 135 Chestnut Street, Philadelphia; Thos. E. Watt, D. P. A., 401 Fourth Avenue, Pittsburgh; B. P. Fraser, D. P. A., 377 Main Street, Buffalo; H. Hassen, Jr., D. P. A., Baltimore and Calvert Streets, Baltimore; E. M. Newbold, D. P. A., Fifteenth and G Streets, Washington; A. C. Weiler, D. P. A., 11 South Fifth Street, Reading; Jas. F. Anderson, D. T.
