The Camp at Sizerville. The boys we have always with us, and for that reason the Boys' Brigade movement is one that has come to stay. The movement originated in Glasgow, Scotland, a quarter of a century ago under the leadership of a gentleman named Smith. The late Professor Henry Drummond used his great influence to strengthen and spead the organization. To-day there is a membership throughout the world of more than one hundred thousand. There are 25,000 members in the United States. A short time ago in Glasgow, 10,000 Boy Brigaders passed on review before General Smith, the founder of the organization. In its form the organization is strictly military, but military system, drill and discipline are not used for the purpose of making soldiers in the ordinary sense, but as a most effective instrument for the development of moral character, and Christian manhood. Every applicant for membership must be a member of some church or Sunday school, and must sign a pledge that he will be moral and decent, attend the weekly drills, and obey all rules and orders.

The Third Battalion which has been in camp at Sizerville, is under the com-mand of Major B. Th. Bliss, of Ridgway, a former officer of the Sixteenth Regiment. The Major is a thorough soldier and disciplinarian, and at the same time a most warm hearted friend of boys and one who understands them thoroughly. He enjoys the distinction of having conducted the only Boys' Brigade encampments in America that have been held entirely under canvas.

Each company maintains a weekly drill, which all members are expected to attend, but it is safe to say that one can learn more of military drill and discipline from a week in a well conducted camp than he can from three months of ordinary drills. There are many things which can be learned only in a camp. The encampment at Sizer ville is the second expereince of its kind for the Third Battalion of the Fifth Penn. Reg't of the United Boys, Brigades of America. In almost every particular it has realized the anticipations of those interested in it. The location is much better than that of last year's camp on Bear Creek, the weather has been fine, the attendance of Brigaders, though not so large as was expected, is larger than that of last year, and the arrangements for sheltering and feeding the boys have been more satisfactory.

Since last year the Ridgway com-panies have been reorganized, the three companies having been merged into two, one for boys of fifteen and over and the other for boys under fifteen. The one company in Emporium has been divided into two, a senior and a junior; while a new company has been organized in St. Marys Forty boys from Ridgway and thirtyfive from St. Marys arrived in Emporium on the noon train last Wednesday and after dinner marched with the Emporium boys-forty-flve in number-in battalian formation to Camp W. H. Howard at Sizerville. The march was a dusty one all the way and hot during the first half. Cooks Trainor and Housler had a good supper awaiting

CAMP NOTES. The terrible disappointment to the

hundreds of persons at all western points, especially Ridgway, St. Marys and Emporium, last Sunday when they learned that the railroad company would not run a train to Sizerville, was beyond all reason. At least one thous-and persons would have taken in the trip and netted a large sum of money to the railroad company and entailed a small outlay. No reason has been given-in fact the railroad company can't give one.

Many persons walked to Sizerville, a distance of six miles, and return last Sunday, being unable to secure transportation. Every livery rig and automobile was engaged and then it was almost impossible to get the crowd back to Emporium in time to connect with the evening train for Ridgway

Farewell Evening Party.

Miss Mildred Green entertained a few friends at her home on Fourth citizen, and it was with no small destreet last Tuesday evening. The evening was pleasantly spent in music, after which a lingt collation was served. Those present were: Misses Margaret Weisenfluh, Florence Faucette, Kathryn Orr, Jennie Robinson and Messrs. Joseph Warton, of St. Marys, and Eugene Metz, of this place. Miss Green departed for Cleveland on Wednesday morning, where she will prepare herself for the fall millinery work and will be absent from Emporium until the latter part of December Lincoln Perny as Good as a

WASHINGTON, AUG. 16 .-- It has been discovered that the new Lincoln penny is five times as valuable, in one re spect at least, as the old Indian head cent. Being a trifle larger and heavier than the old one cent piece, the new coin it has been ascertained, to the ex ceeding discomfiture of the telephone companies, will answer the place of a five cent piece when making a call. Already many Lincoln pennies have been found in its pay station boxes by the local telephone company.

Six O'Clock Dinner.

Miss Edna Clark entertained twelve lady friends at an elaborate six o'clock dinner, at her home on West Fifth street last Tuesday evening, in honor of Miss Nellie Tuberdy, of Bolivar, N. Y., and Miss Bertha Swetland, of Coudersport. Those present were: Misses Margaret Cavey, Gladys Lloyd, Jean McNarney, Carolyne Cox, Kate Metzger, Flavia Lathrope, Rena Jordan. Mae Mulcahy, Elizabeth Crandell, Helen Smutz, Margaret Dodson and Ethel Turley.

Plenty of Plums.

Mr. Gordon Howlett, Central Pennsylvania Lumber Company's bark inspector came up on Monday and prought a branch from one of his plum rees, which is loaded with delicious plums. The branch he gave us measured about twelve inches and sported fourteen nice large plums. Another evidense that this section is a good fruit climate, with proper care Dr Heilman's success with fruit should in-duce hundreds of our citizens to embark in fruit growing.

Newton-Baxter.

Delightful Trip.

Miss Grace A. Walker and Miss Maud Thomas last Monday met their friend, Miss Edith Culbeck, of Buffalo and started on a long boat ride to Duluth and other points, to be absent about two or three weeks. Before returning home they will visit Mr. and Mrs. Frank Beers at Washburn, Mich. This will be a delightful trip.

Relic of Fire.

Mrs. Robertson, wife of Rev. J. M. Robertson, Rector of Emmanuel Church, this city, sends us a copy of the Monticello Republican Watchman issued after the big fire that destroyed seventy-four business houses and residences. The paper is issued from a barn. Mrs. Robertson and children returned only a few days ago from Monticello, her old home. The paper will be a great relic and reminds us of the great fire in Emporium when the PRESS was completely wiped out and like the Watchman, did not have oue dollar's insurance. The Watchman and Monticello, like the PRESS, will rise, Phoenix like.

Vaccinate the Children.

Under the school law, vaccination of school children is compulsory. Every child must produce evidence that it has been successfully vaccinated or it can not be admitted to the schools. Attendance at the last session is evidence of compliance with the law and such will have little difficulty in passing the test. Others must strictly attend to this and should be done immediately. The Board of Education will enforce this to the letter.

the battalion, to which the boys, after washing their dusty faces and hands, did ample justice. By Thursday the remaining tents were in place, so that after the first night there has been no crowding in the quarters.

A regular routine has been followed every day. At 6:30 the first bugle call sounds, followed by reveille and the raising of the flag. After roll call, calesthenic drill and cleaning up the camp, mess is served at 7:30. At 9:00 comes company drill. During the forenoon there is abundant time for ball playing and other amusements. At 12 mess call sounds again. At 1:30 comes Guard Mount, one of the interesting spectacles of the camp, when the new officer for the day is installed, and the guard detail is changed. At 3 o'clock comes battalion drill and at 6 dress parade, at which time the evening gun is fired and the flag lowered; mess call sounds immediately. At 9 tatoo sounds for evening roll call, and at 9:30 taps is the signal for all privates and non-commissioned officers to retire. It is not always an easy matter, however, to get the boys quiet-ed down at the proper time. On several occasions the officer for the day has had to patrol the company streets at unseasonable hours to see that lights were put out and talking stilled in the tents

The Brigade Boys are certainly good eaters and get away with a large amount of "grub."

Chaplain Radelifie, who is used to roughing it, having served with the regular U. S. army in Colorado, was of incaluable service to the boys, being ever ready to aid and advise.

The boys realize that their officers have all worked hard to make the En-

Class Pic-Nic.

Mrs. Stoddard's class of the M. E Sunday School, with a few invited friends, hied themselves to Sizerville last Thursday afternoon and enjoyed a short time in the woods. About thirty young people were present, properly chaperoned by Mrs. Stoddard. All report a dandy time.

In Full Blast.

Emporium Iron Company last Sunday put in full blast their furnace at this place and the familiar and pleas ant sound of the "blow off" is indeed inspiring. The large force of workmen will add largely to the business of our town.
