Trouble for Midnight Sons.
 "Now that the doctors are locating lies by means of X-rays," said the little grass widow, "I don't know what's to become of the men. It'll be worse than having a wife who sees what they are doing in a sort of psychic trance and tells them all about it when they get home in the wee hours of the morning."

Bad Outlook for Boy.
 NURSE—Wanted, a robust, God-fearing Scotch nurse who can teach the shorter catechism, and has a working knowledge of the business side of a slipper, to take charge of a four-year-old boy who has a double dose of original sin. Apply, stating wages required to X Y Z, care of Clarke & Son, stationers, Guilford.—From an English Exchange.

A COMMON ERROR.

The Same Mistake is Made by Many Emporium People.
 It's a common error.
 To plaster the aching back,
 To rub with liniments rheumatic joints.
 When the trouble comes from the kidneys.
 Doan's Kidney Pills cure all kidney ills.
 And are endorsed by Emporium citizens.

Mrs. Anna Zimmet, W. Fourth St., Emporium, Pa., says: "I suffered from kidney trouble for years and though I doctored and used numerous remedies I could get no relief. I had backache, pains through my loins, severe headaches, and a constant feeling of languor and depression. The kidneys were much disordered and the secretions passed so frequently as to cause me great annoyance. I finally learned of Doan's Kidney Pills and procured a box from Taggart's drug store. I am now seldom troubled with backache. My kidneys have been strengthened and I feel better in every way. I strongly advise anyone suffering from kidney trouble to use Doan's Kidney Pills."
 For sale by all dealers. Price 50 cents. Foster-Milburn Co., Buffalo, New York, sole agents. Remember the name—Doan's—and take no other.

Woman's Bright Idea.
 It was a woman who had an idea when her chickens kept disappearing from the roost. She painted the legs red and when six disappeared in one night she went with a policeman to the places where chickens were offered for sale and in one crate found her fowls all dressed for the market, but still with their painted legs.

DoWitt's Little Early Risers, the pleasant, safe, sure, easy little liver pills. A salve you may always depend upon in any case where you need salve, is DeWitt's Carbolized Witch Hazel Salve—especially good for Piles. Sold by all druggists.

Korean Grass.
 The Korean grass used in the manufacture of grass cloth is grown very thickly and is usually cut the second or third year after planting the roots. The grass reaches a height of four to five feet, and with a proper start and under favorable conditions yields, it is roughly estimated, about 3,000 pounds to an area corresponding to an acre.

People with chronic bronchitis, asthma and lung trouble, will find great relief and comfort in Foley's Honey and Tar, and can avoid suffering by commencing to take it at once. Sold by all druggists.

Worth Boasting About.
 "What was the best job you ever did?" inquired the first barber. "I once shaved a man," replied the second barber. "Go on." "Then I persuaded him to have a hair cut, shampoo, facial massage, singe, seafoam, electric buzz, tar spray and tonic rub." "What then?" "By that time he needed another shave."

If you are all run down Foley's Kidney Remedy will help you. It strengthens the kidneys so they will stimulate the impurities from the blood that depress the nerves, and cause exhaustion, backache, rheumatism, and urinary irregularities, which sap the vitality. Do not delay. Take Foley's Kidney Remedy at once. Sold by all druggists.

Fruit season is here, but Granulated Sugar the same, 25 pound sack for \$1.45 at C. B. Howard & Co's.

A New City a Thousand Years Old.
 Budapest, whose front is circled with lights like a crown, whose hills rise dark and feathery above the river, whose parliament buildings run along the bank and are second to none but Westminster—Budapest, bright, flashing, gay, beautiful, modern and rich, ardent and executive, close built and amalgamative, blender of peoples—is the product of only a few decades, and yet at its last exposition it celebrated its thousandth birthday. Pest, to the right of the river—for the cities are twin and divided by the Danube—Pest dates back to 1200, and Buda was the Ofen of the Romans. Buda climbs up the opposite hill, today magnificently new, but sown round with green crumbling walls that mark the passing of the original founders whose painted galleys came up the Danube from the Black sea. The twentieth century civilization, sharply new and powerful, must for a moment be brushed aside and the Buda of mediaeval times put in its stead.—Marie Van Vorst in Harper's Magazine.

Gathering Cloves.
 Cloves are now cultivated in many of the tropical regions of the earth. A clove tree begins to bear at the age of ten years and continues until it reaches the age of seventy-five years. There are two crops a year, one in June and one in December. The tree is an evergreen and grows from forty to fifty feet high, with large oblong leaves and crimson flowers at the end of small branches in clusters of from ten to twenty. The tree belongs to the same botanical order as the guava. The cloves, which are the undeveloped buds, are at first white, then light green and at the time of gathering bright red. Pieces of white cloth are spread under the trees at harvesting time, and the branches are beaten gently with bamboo sticks until the cloves drop. They are dried in the sun, being tossed about daily until they attain the rich dark color which proclaims them ready for shipment.

Cards and Their History.
 Cards are square shaped pieces of pasteboard printed with various devices and employed as a business medium by money changers. They are usually made up in packs of fifty-two, one for each week of the year. A good many people play cards for pleasure, in which case their opponents are said to be buying experience. In most card games the rule is that the cards may be cut, but not otherwise marked. This rule is not strictly observed in games in which only three cards are used. Indeed, the marking of cards has attained a high degree of perfection since the introduction of numerous card index systems. Fashions change in card games as in everything else. Old maid, for instance, is nowadays seldom played in the best clubs. Playing cards should not be confused with score cards, which are rather larger, or with visiting cards, which are smaller.—Fry's Magazine.

CLAY'S FIRST SPEECH.
 It Began in Confusion, but Ended in a Triumph.
 Henry Clay as a young man was extremely bashful, although he possessed uncommon brightness of intellect and fascinating address, without effort making the little he knew pass for much more. In the early part of his career he settled in Lexington, Va., where he found the society most congenial, though the clients seemed somewhat recalcitrant to the young lawyer. He joined a debating society at length, but for several meetings he remained a silent listener.
 One evening after a lengthy debate the subject was being put to a vote when Clay was heard to observe softly to a friend that the matter in question was by no means exhausted. He was at once asked to speak and after some hesitation rose to his feet. Finding himself thus unexpectedly confronted by an audience, he was covered with confusion and began, as he had frequently done, in imaginary appeals to the court, "Gentlemen of the jury."

A titter that ran through the audience only served to heighten his embarrassment, and the obnoxious phrase fell from his lips again. Then he gathered himself together and launched into a peroration so brilliantly lucid and impassioned that it carried the house by storm and laid the cornerstone to his future greatness, his first case coming to him as a result of this speech, which some consider the finest he ever made.

When Baseball Was an Infant Industry.
 It was a crude game, but merry. In theory the pitcher was there only to give the boys a chance to "soak the ball." "First bound" was still out. The unfortunate catcher, handling a heavy, lively ball without mask, glove or protector, stood up near the bat when men were on bases if he had the skill and courage. The early guides recommended him to do so when he could. Had not the pitcher been restricted to an artificial throw scarce a catcher would have lived to tell the tale. Many catchers took everything "on first bounce" and managed at that to prevent much base stealing. Base running also was in its infancy. "Smith," says the Spirit of the Times, "caught a remarkable game, having but five passed balls scored against him." Here and there we get a glimpse which shows how crude it all was, what a matter of hit and miss natural force. In the fifties Dicky Pearce shone without a peer as an infielder. He used to stop grounders with his hand and foot!

That Lame Back Means Kidney Disease
 And to Relieve the Lame and Aching Back, You Must First Relieve the Kidneys
 There is no question about that at all—for the lame and aching back is caused by a diseased condition of the kidneys and bladder. It is only common sense, any way—that you must cure a condition by removing the cause of the condition. And lame and aching back are not by any means the only symptoms of derangement of the kidneys and bladder. There are a multitude of well-known and unmistakable indications of a more or less dangerous condition. Some of these are, for instance: Extreme and unnatural lassitude and weariness, nervous irritability, heart irregularity, "nerves on edge," sleeplessness and inability to secure rest, scalding sensation and sediment in the urine, inflammation of the bladder and passages, etc.
 DeWitt's Kidney and Bladder Pills are an exceptionally meritorious remedy for any and all affections or diseased conditions of these organs. These Pills operate directly and promptly—and their beneficial results are at once felt.
 They regulate, purify, and effectually heal and restore the kidneys, bladder and liver, to perfect and healthy condition—even in some of the most advanced cases.
 E. C. DeWitt & Co., Chicago, Ill., want every man and woman who have the least suspicion that they are afflicted with kidney and bladder diseases to at once write them, and a trial box of these Pills will be sent free by return mail postpaid.
