Disinfect

Some disinfectants and germicides might be classed as drugs but, you do not want to be drugged just now with a bug killer. However, now is the time to think of getting after the rose bugs and currant worms.

We have a full line of the "remedies" for that class of pests. Also a non-poisonous bed bug exterminator in small cans.

Obituary.

Mrs. Elizabeth Newton died at her home in Geneva, Pa., Sept. 1, 1909, aged 85 years, five months and 10 days. All that loving hearts and kind hands could do was done, but she left us in sorrow and tears.

She lived a faithful member of the United Brethren Church for over 25 years and was always in attendance until the infirmities of old age prevented her. She had a smile and a kind word for all and many hearts were saddened by her death. She is survived by five sons and three daughters, 22 grand children and eight great grandchildren and one great, great grand child, the fifth generation, being represented at the funeral, which was held from the United Brethren church, Sunday, Sept. 5th, conducted by her pastor, Rev. N. Reynolds and was largely attended by sympathizing friends and neighbors.

The floral display by the children and grand-children was beautiful, showing in what loving esteem she she was held.

Children and grand-children from a distance were: W. H. Newton and son Grover of Beaver Falls, Pa., Mary Carpenter and husband of Pittsburg, Pa., Dora Cole and family of Astabula, O., E. W. Newton and wife, Theophilus and family, Theodor and C. H. Newton, of Emporium; J. H. Bortz, and wife of Meadville; one daughter, Mrs. Roseann Haskins, lives in Geneva, one son Harvy in New Mexico, was the only one of her children not present at the funeral.

Dan'l and Wesley Steadman, E. M. and R. Wescot, A. L. Clark and W. Woods, acted as pall bearers and the honorary bearers were six grand daughters, dressed in white, carrying flowers, sweet emblems of the life just departed. They were Mrs. Ella Newton Bortz, Ethel Smock, Jennie Gravatt, Tillie Smock, Elpha Gravatt and Mrs. Elsie Callahan. Interment was made in Geneva cemetery by the side of her husband who died 25 years ago.

Sleeping mid the flowers,
Resting 'oh so sweet.

Foolish Vanity.

Vanity is the most disturbing element in the world. It constantly keeps one upset. We can comfortably endure all wounds except the wounds to self-esteem. Vanity is oversensitive. It finds unkindness where only love and kindness exist. Pride is dignified and worthy, but vanity has an empty head. We all think too much of ourselves. In the millions of human beings, only a few stand out in living portraits. Most of us are merely tiny bits of the crowd in the background of the picture.

Pays to Use Preservatives.
It is estimated that a fence post, which under ordinary circumstances will last for perhaps two years, will, if given preservative treatment costing about ten cents, last 18 years. The service of other timbers, such as railroad ties and telephone poles, can be doubled and often trebled by inexpensive preservative treatment.

Then He is Known as Successful.
There's hardly anything so good for a man's standing in a community as to get a lot of some other man's money away from him.—New York Press.

'Ighly 'Armful.

If you are an Englishman, don't think that 'ugging is 'armless; it is 'armful.—Northwestern Academician.

Knew Need of Cool Brain.
Napoleon said, no matter how raving or raging, he never dared to let himself get angry above the throat.

Is Shown in His Actions.
The more honesty a man has the less he affects the air of a saint.—Lavater.
