**Last Year Memorable Forest
Destruction.**

Forest fires are causing considerable damage in many parts of the country at present. It will be several months before the total destruction is known for the fire season has considerable time to run. In figuring out this year's losses, it will be natural to make comparison with the losses last year which, according to Treadwell Cleveland, Jr., in the Year Book of the Department of Agriculture, will cause 1908 to be long remembered.

"A dry season combined with what seemed to be even more than the usual indifference toward small fires which might easily have been extinguished at the start," says Mr. Cleveland, "caused destructive conflagrations in practically every state with losses aggregating \$100,000,000. In comparison with the havoc wrought elsewhere, the damage done to National Forests was exceedingly slight. Had the fires raged within the forests as they did outside, they would have destroyed timber worth \$30,000,000, enough to run the Forest service for six years. Moreover, it is practically certain that most if not all of the damage which was done might have been prevented had the forests been fully manned."

"Finally, the estimates of loss made by the Service on National Forests are particularly searching, and take full growth. Commonly, estimates of loss from forest fires are based upon the damage done to standing timber and to property; they do not reckon the usually far greater loss in injury or destruction of young growing stock."

The methods by which the government keeps down the fire losses on the National Forests include:

1. Constant and systematic patrol by picked forces of rangers and guards.
2. The construction of roads, trails and telephone lines, which facilitate the massing of large fire fighting forces.
3. The construction of fire lines which, in some instances, check the spread of fire without human help.
4. The equipment of the forests with fire fighting tools and other supplies necessary for fighting fires. The supplies of tools are kept at convenient points at all time, in order to have them easily accessible to forest officers, in case fires break out.
5. Co-operation with railroads, timberland owners and settlers in fire protection, in this way making it possible to protect both the lands of the companies and the Forest Service at a much smaller cost to the government than would be the case were the National Forest lands alone protected by the local officers.

Keep the Kidneys Well

Health is Worth Saving, and Some Emporium People Know How to Save it.

Many Emporium people take their lives in their own hands by neglecting the kidneys when they know these organs need help. Such kidneys are responsible for a vast amount of suffering and ill health, but there is no need to suffer nor to remain in danger when all diseases and aches and pains due to weak kidneys can be quickly and permanently cured by the use of Doan's Kidney Pills. The following statement leaves no ground for doubt:

Joseph Glover, 257 Mill St., St. Marys, Pa., says: "I cannot speak too highly of Doan's Kidney Pills, as they cured me after other remedies had failed to even give me relief. I suffered severely from pains through the small of my back, caused by a cold settling in my kidneys, and a friend spoke to highly of Doan's Kidney Pills that I gave them a trial. I received relief at once and was so encouraged that I continued until cured. It gives me pleasure to say that the cure has been permanent."

For sale by all dealers. Price 50 cents. Foster-Milburn Co., Buffalo, New York, sole agents. Remember the name—Doan's—and take no other.

Many people delude themselves of saying, "It will wear away," when they notice symptoms of kidney and bladder trouble. This is a mistake. Take Fol Kidney Remedy, and stop the drain on the vitality. It cures backache, rheumatism, kidney and bladder trouble, and makes every trace of pain, weakness, and urinary trouble disappear.

A Wonderful Discovery for Pimples.

It is surprising how quickly and easily pimples and black-heads can be cured with the following prescription, which was made known to the public a short time ago by a celebrated specialist on skin diseases, now retired, who used it in a long and successful practice with wonderful results. To use his own words: "There is nothing yet discovered that can compare with it for promptly removing pimples, eczema, black-heads, blotches, red face and noses, and in fact any diseases of the

skin; it also destroys the germ that causes the disease and makes the cure permanent." Following is the prescription, which can be prepared at any reliable Drug Store at a small cost: Clearola one-half ounce, Ether one ounce, Alcohol seven ounces. Mix, shake well and apply to the parts affected night and morning, letting it remain on the face for ten or fifteen minutes then it can be wiped off. Do not use any soap, use instead a little oat meal tied up in a cheese cloth bag.

Are You This Man?

We are looking for just ONE big, broad-gauged man of business ability in this county to act as our special representative, to look after our present customers and to add new ones.

To the right man we have a mighty good proposition to make—pleasant employment at profitable wages which will be paid every week. But we must have a real worker, a man who knows how to work and who likes to work because in so doing he is benefitting himself. If you are this kind of a man, write us at once for complete details which will open the way to a bigger business success for you.
