Will Be Organized.

The dancing club, that became so popular last winter, will again be organized in the near future. It is to be hoped that a goodly number of the young men will join the club. Date for organization will be announced in the Press later.

The Value of Smiles.

What's the worth of a smile? Your whole bank account. What business ever prospered on hard luck stories?

What clerk ever talked his way to promotion through an ugly down turned mouth?

Who ever fell in love with a scowl? What home ever prospered on temper or on tears?

There are times always when if you've any article of "nerves" in your makeup you have to either laugh or cry. Then laugh!

The ugly burst of temper never wins anything but disgust and just a little shrinking.

The ever-present tale of woe never fails to grow tiresome. Life's good to you! Know it! The trials of to-day may not ever be memories to-morrow. The mountain of the moment to come shrinks to the mole hill of the moment that is past. You can't help but smile to think how you worried. Smile first and you'll forget to worry.

And do not imagine a smile is always a self-sacrificing, martyr-like, saintly arrangement. It isn't. It pays.

Smile at your troubles and even your enemies will admire you for it. Storm out your self pity and your best friends will turn their backs.

The essence of poetry is will and passion.—Hazlitt.

Colic Quickly Cured.

Colic is one of the most severe and painful diseases. It is quite common, too. Almost everyone has an occasional attack. Fortunately there is a remedy that always affords quick relief and has never been known to fail in any case. It is called Chamberlain's Colic, Cholera and Diarrhoea Remedy. Tod Robinson, a prominent merchant of Point Blank, Texas, says: "I have had several attacks of colic and in every instance one dose of Chamberlain's Colic, Cholera and Diarrhoea Remedy relieved me, and I never had to take more than two doses to effect a cure." For sale by Geo. C. Taggart.

Disinfect

Some disinfectants and germicides might be classed as drugs but, you do not want to be drugged just now with a bug killer. However, now is the time to think of getting after the rose bugs and currant worms.

We have a full line of the "remedies" for that class of pests. Also a non-poisonous bed bug exterminator in small cans.
