Who is the Hog?
 A Texas editor refuses to publish obituary notices of people who, while living, failed to subscribe for his paper, and gives this pointed reason: "People who do not take their home paper are dead anyway, and their passing away has no news value."

The complaint above is only one of the many impositions imposed upon the average editor, who has very often been asked to say good words over the departed who in life threw mud at the editor and "would not have that paper in the house," yet the editor is expected to deal out his cash to the printer to put up a good send off, only to be followed by the request to publish a card of thanks and when the editor sends his little bill of \$1 for the same he is a hog. See!

Determine on Success.

Make up your mind to be a success at something, no matter what that something may be. Failure does not lie in the choice of a lowly calling. It is no disgrace to be a shoemaker, but it is a shame to make bad shoes.—Exchange.

Lost, Strayed or Stolen.

A light bay horse, weight about 1,000 pounds; had a small mark on forehead, saddle galls on each side of back, and one hind leg was marked with white, just above the hoof. When last seen, had on a new tan halter. This horse got away from White Pine Camp, nine miles from Sinnamahoning, and about two miles from the Carthaus road. Disinfect

Some disinfectants and germicides might be classed as drugs but, you do not want to be drugged just now with a bug killer. However, now is the time to think of getting after the rose bugs and currant worms.

We have a full line of the "remedies" for that class of pests. Also a non-poisonous bed bug exterminator in small cans.
