"The Wizard of Wiseland."

The second act opens on this mysterious Fairy Island and they all find themselves experiencing a change of heart and circumstances. Ikey Goldberg, the Professor's stupid valet is appointed Wizard and Ruler of the Island and the heiress to millions becoming a poor working girl and so on through a merry tangle of experiences. After sundry adventures all unite in wishing to go home and the Fairy Queen waves her magic Wand and starts them on their homeward journey.

During the argument of the play eighteen musical numbers are introduced with a magnificent ballet dance in the second act. The management have spared no expense in costuming and producing this play to make it first-class in every respect.

Do you want to forget your troubles? Then take the advice of a friend and consult the Wizard of Wiseland. He is the leading comedian in the new, merry whirl that is coming next Thursday. There are other funny comedians with him, a number of them—and the girls! They are there too, principals and chorus. Girls who can sing. Girls who can dance. Girls who can act—and there is the lion. The lion does not sing, but he is the best animal actor to be found anywhere. The "Wizard of Wiseland" is produced with great care and expense and is guaranteed to please.

The costumes worn by the Chorus in the musical number "The Coming of the Moon" one of the interpolations in the musical comedy extravaganza. "The Wizard of Wiseland" was designed by Victor Florenti of Paris, and imported especially for this production.

"Daddy" Hasn't But he "Otter" Find Him.

A unique experience, which recently fell to the lot of Isaac Wykoff, the veteran hunter and trapper of Cameron county, in trapping for otters, has given rise to considerable speculation on the part of the members of Kelly's and Lantz's Lumber Camps, at Hicks Run, Penn'a.

This congenial individual, hale and hearty at the age of seventy-five (generally known as "Daddy,") is a trapper of extraordinary ability, owing to his thorough knowledge of the habits, characteristics and instincts of all fur animals.

In this particular instance, "Daddy," in setting a trap for an otter, attached to one end of the chain a stone weighing approximately ten pounds, in order that the animal, if caught, might readily be apprehended but, in making his usual rounds, much to his surprise, found trap, chain and stone missing. Although, in Daddy's opinion, the bed of the brook showed clear indications of the stone having been dragged in the direction of an old bridge abutment, and the structure was dynamited to atoms, the animal is still at large in full possession of the trap and attachments. It is "Daddy's" firm belief that the animal is in hiding in the vicinity of the site where caught, but on this point opinions differ. However, "Daddy" is in hopes of finding the otter "high and dry" on the limb of some tree bordering the brook, after the spring freshet. He has searched persistently for the missing captive, without avail, but, not being easily discouraged, his leisure moments will be spent in a further search.

"Daddy" has his own methods and ideas in trapping all animals that inhabit the East, from a mouse to a bear, and if he cannot capture them, others are foolish to attempt it. This veteran of the woods is a man of remarkable vitality, who considers a fifteen-mile-ramble ordinary exercise and if any athletic youth should feel inclined to discredit this statement, "Daddy" is ever ready to test his staying qualities in an all day's roam over Old Pennsy's rolling country.

Lye Stewed Peaches.

The pure food agitation which has been principally over the question of benzoate of soda has now taken a new turn and renewed interest will doubtless be aroused over this question. It is said that in most of the canneries of the country the peaches are stewed in red-hot caustic soda to eat away the skins and thereby save the cost of knife-peeling, the difference in cost amounting from a cent and a half to two cents per can. In the process of this lye stewing, almost all the flavor of the peach disappears and doubtless a little caustic soda is left on each piece of fruit as a memento of its trip through the canneries. Caustic soda, strong enough to eat away the skin of an unripe peach must be anything but soothing to the inner man or child. The full significance of this is best understood in connection with the fact that caustic soda is used in making many kinds of soap; in fact, it is the dirt eating part of soap.

It is said that the great majority of the canneries use the lye process in place of the knife-peeling method. Attempts, have been made for sometime to get the Department of Agriculture to make a ruling on this question which would compel the canners who use this method to say so on the labels of their goods. It looks now as if the question will be passed up to Congress for a specific law covering this phase of the pure food agitation.

The use of caustic soda is impossible with ripe fruit because it discolors a ripe peach so that it will not pass muster with the users of the high grade canned fruits. In consequence this is possible only with unripe fruit, and green fruit is purposely gathered for canning.

Owing to the absence of any marks on the cans to indicate the use of caustic soda, the only way the customer can tell if he has purchased a lye-process can of fruit is by taste. Open a can of peaches, wash away the syrup from a piece of fruit. Then taste it. If it is void of flavor, woody and pulpy, and it has a soapy appearance, it is undoubtedly the lye-peeled variety.

Census Applications Forms.

Census Supervisor S. R. Hamilton, whose office is at Bradford, McKean county, has received from the Census Bureau a supply of blank applications for persons applying for positions as census enumerators. These will be forwarded to his list of applicants as soon as possible. The applications, properly filled out, must be returned to the Supervisor not later than January 31, the Census Director having extended the time for filing from January 25, which was the date first set for closing the consideration of applications. The "test" will occur Feb. 5, as previously announced.

The instructions printed on the application form state that a definite answer is required to each of the questions, which are:

"Are you a citizen of the United States? If naturalized citizen, when and where were you naturalized?"

"Of what State or Territory are you a legal resident? How long have you been a legal resident thereof? Of what county and of what town or city and ward are you a resident? How long have you been a resident thereof?"

"What is your sex or color? What was your age last birthday? Where were you born?"

"What is your education? (Give the principal facts.)"

"What is your present occupation? What is your professional or business experience? (Give the principal facts, and, if at present an officeholder, name the office you hold.)"

"Have you ever been employed on census work, either national or state? If so, in what capacity and for how long a period? If an enumerator, for territory or district? (Describe as accurately as possible.)"

"Are you physically capable of a full discharge of the duties of a census enumerator? Have you any defect of either sight, hearing, speech, or limb? If so, state nature of defect."

"Do you speak English? Do you understand and speak any language other than English? If so, what language? (Specify languages spoken, as Bohemian, Chinese, Danish, French, German, Greek, Hungarian, Italian, Japanese, Lithuanian, Magyar, Norwegian, Polish, Portuguese, Russian, Slavie, Spanish, Yiddish, etc.)"

"Are you a member of a political committee of any party? (Answer 'Yes' or 'No,' but do not indicate what party.)"

In view of the fact that you may be required to take a test before a postmaster, state what post office would be most convenient to you for this purpose. (The test is of a practical character, consisting chiefly or wholly of the filling out of a sample schedule of agriculture.)

"Are the answers to each of the foregoing questions true to the best of your knowledge and belief? Are they in your own handwriting?"

Indorsements of each applicant must be secured from two representative citizens of the community in which the applicant resides. They must be at least 21 years of age and acquainted with the applicant not less than one year. Indorsements will not be accepted from any person who is in any way related to an applicant. The indorsement certifies that the applicant "is a thoroughly trustworthy and honest person, of good habits, and, in my opinion, is fully capable of discharging the duties of a census enumerator, if appointed."

THE ONLY WAY

Many Emporium Citizens Have Discovered It.

Just what to do when the kidneys are affected, is a question that concerns both young and old. Weak kidneys neglected in childhood lead to life-long suffering. People of advanced years, with less vitality, suffer doubly. In youth or age, languor, backache, urinary irregularity, dizziness and nervousness make life a burden.

There is one remedy that acts directly on the kidneys and cures these troubles. Doan's Kidney Pills owe their world-wide fame to the fact that they cure sick kidneys and cure them permanently. Follow the example of this Emporium citizen and you will be convinced that this is so.

Mrs. F. Mundy, Fourth Street, Emporium, Pa., says: Doan's Kidney Pills which I procured at Taggart's Drug Store, brought the best of results in my case. It was some years ago that I first used this remedy, but I still hold a high opinion of it."

For sale by all dealers. Price 50 cents. Foster-Milburn Co., Buffalo, New York, sole agents. Remember the name—Doan's—and take no other.

A DOCTOR'S PRESCRIPTION FOR PIMPLES

To remove Pimples, Blackheads, Blisters, and all forms of skin eruptions, is, according to a well known physician, a very easy matter; he says that many are afflicted with some one of the above ailments, and are subject to a great deal of embarrassment on account of the unsightly appearance which they present, and recommends the following simple, harmless and inexpensive treatment. Go to your druggist and get this prescription filled: Clearola one-half ounce, Ether one ounce, Alcohol seven ounces, mix, shake well and apply to the parts affected night and morning, allowing it to remain on the skin at least ten minutes, then wipe off the powder from the skin. Use a soft cloth or sponge in applying the mixture and in from ten days to two weeks your face will be smooth and clear as a marriage bell. Get the Pure Clearola, which is only put up in one-half ounce packages. Ask to see it.

For indigestion and all stomach troubles take Foley's Orino Laxative. It is the natural remedy for indigestion, dyspepsia, heartburn, bad breath, sick headache, torpid liver, biliousness and habitual constipation. Avoid Harsh Drugs

Many Cathartics Tend to Cause Injury to the Bowels.

If you are subject to constipation, you should avoid strong drugs and cathartics. They only give temporary relief and their reaction is harmful and sometimes more annoying than constipation. They in no way effect a cure and their tendency is to weaken the already weak organs with which they come in contact.

We honestly believe that we have the best constipation treatment ever devised. Our faith in it is so strong that we sell it on the positive guarantee that it shall not cost the user a cent if it does not give entire satisfaction and completely remedy constipation. This preparation is called Rexall Orderlies. These are prompt, soothing and most effective in action. They are made of a recent chemical discovery. Their principal ingredient is odorless, tasteless and colorless. Combined with other well known ingredients, long established for their usefulness in the treatment of constipation, it forms a tablet which is eaten just like candy. They may be taken at any time, either day or night, without fear of their causing any inconvenience whatever. They do not gripe, purge nor cause nausea. They act without causing any pain or excessive looseness of the bowels. They are ideal for children, weak, delicate persons and aged people as well as for the most hearty person.

They come in two size packages, 12 tablets 10 cents, 36 tablets 25 cents. Remember you can obtain them only at our store.—The Rexall Store. The Emporium Drug Co.

What Tonics Are.

When the papers are full of advertisements for this or that great tonic, people are apt to be tempted to try them, but it does not take long to discover that after all there is nothing equal to Sexine Pills for any form of nerve weakness in men and women. We seldom find anybody who can say he or she was cured by this or that wine, extract or liquor, but almost any one can testify to the great nerve and body-building qualities of Sexine Pills. Sexine Pills are absolutely guaranteed. Each box has cash coupon in it. They cost \$1 a box, 6 boxes for \$5. Four months' treatment for \$5. Sold by R. C. Dodson, Druggist, Emporium, Pa., where they sell all the principal remedies and do not substitute.
