Mrs. Henry Hamilton Meets Instant Death.

Mrs. Henry Hamilton, of St. Marys, was almost instantly killed by striking her head against a telephone pole when a sleigh in which she was riding upset about two miles and a half from St. Marys on the St. Marys road at 7:30 o'clock Thursday of last week.

Mrs. Hamilton was one of a party of 14 St. Marys women who drove to Kersey Thursday morning in a rig belonging to the Hoffman livery with George Hoffman as the driver. The party took dinner and supper at the Foch hotel at Kersey and began the return drive immediately after supper. The wind was blowing quite strongly and the roads were drifted very badly in some places. At a point about half a mile from the cross roads the accident occurred. The party was in an unusually good mood and were at the height of their enjoyment of the ride when the sled struck a snow drift and was overturned. Two of the women jumped, but the rest were buried in the drift of snow, many of them under the sled. Mrs. Hamilton was thrown for some distance, and her head struck a telephone pole. When the rest of the party recovered sufficiently to go to her assistance she was expiring.

Mrs. Margaret Hamilton, (Sullivan), aged 48, who is well remembered and highly respected by us all. Mr. and Mrs. Hamilton formerly resided at Sterling Run, where they remained for several years, Mr. Hamilton being engaged in lumbering. He married his wife at Cameron, where his wife, always a jolly, pleasant girl, was employed at the old Cameron House.

The funeral was held at St. Marys last

Sunday afternoon and was very largely attended. The following friends from Emporium attended: Mrs. Chas. L. Butler, Mrs. Dennis Grace, Mrs. Dan'l McCornick, Misses Mary and Sadie McCornick.

Wm. Hamilton, of Charleston, W. V., attended the funeral.

Deceased leaves, besides her devoted husband, three sons to mourn her death.

DEATH'S DOINGS.

SWARTWOOD.

Many Press readers in this county, especially those residing at Sinnamahoning will be pained to read of the death of MRS. PROEBE (DE SHETLER) SWARTWOOD, at Vestal, N. Y., near Binghamton, where they located several months ago, on Jan. 25th. She leaves a new-born daughter, in addition to a daughter by a former union, a faithful husband, W. E. Swartwood, formerly of Emporium, besides her devoted father and mother, Mr. and Mrs. Alec De Shetler, of Slonaker, Va., and one brother. Her mother was with her during her severe illness, as was also her father just before she passed to the "great beyond." The death of this young woman is deeply deplored by a large and mourning circle of friends in this county.

The funeral took place on Friday last, at Vestal, interment being made in cemetery at Tracey Creek, the funeral being conducted by the pastor of M. E. Church, of that place. The Press, as well as their many friends in this county, deeply sympathizes with the bereaved ones.

The following relatives and friends attended the funeral: A. O. Swartwood and wife, Henry Ellis and E. B. Housler, of this place, and E. E. Swartwood and wife, Buffalo, N. Y.

The Cruise Around the World.

of house boats, on which the natives live all their lives, with all they possess, even to the chickens. The boats range in size from 18 to 30 feet long and from six to ten feet wide. All the vessels in the harbor were lit up as well as the whole city, which is at least two miles wide at the base and extends up a high hill. It made a very beautiful sight. We arose early on the morning of the 24th and took river boats for a ninety mile ride to Canton, up the Pearl River. We reached Canton about noon and all took chairs with three Coolies to each chair for a trip around the city. We found the streets about six feet wide with many angles and so packed with natives that our Coolies could scarcely get through. We were divided off in bunches of from 10 to 14, with a native guide to each bunch, and policemen were sent out in every direction. We experienced no trouble and all went well with us. Everyone seemed to mind their own affairs. We stopped at several places of interest among them the Flowery Pagoda, about 300 feet high, and the prison, where there were many awaiting to receive punishment for different crimes. Some were to have their heads cut off and it does not take much of a crime to have a Chinaman lose his head. We did not visit the execution ground but were told by the others who did go that there were seven bodies on the ground with their heads cut off. One woman who poisoned her whole family was strangled to death and then had her head cut off. We visited the old city wall and sported around on its top. We saw many of the women with small feet wearing shoes about four or five inches long. We rode around for about five hours through those throngs and did not see a drunken man or any trouble of any kind, in a population of about three or four million, with two hundred thousand living in boats on the river. We found all the streets paved with long flat stones, not a particle of mud anywhere, that I saw. The shops are all open in front, no windows, but I think they all had grating doors to close up at night, for when we would stop at a place to do shopping they were all anxious to see the Americans. We visited the temple of the five hundred gods, every one with a different expression, one would not think that there could be so many different expressions in the human face. We saw the wonderful water clock, invented hundreds of years ago. After a pleasant trip of six hours down the river, we climb up the sides of the 'Cleveland' and disappear to our different rooms for a bit of sleep.

December 25, 1909.

This morning we have to ourselves to go and do as we please, so while some are sleeping others are shopping and looking around the town. In the afternoon we took cars for the Peak, some 1,000 or more feet high. Part of the trip is made in the cars and the balance of the way on chairs. We find it very interesting and get a fine view of all the surrounding country. On the 26th we did not go ashore but contented ourselves in watching the people in their house-boats, as they swarm around the ship ready to pick up anything that is cast overboard. We saw them cook their breakfast, wash the dishes and then wash the babies and tuck them in their beds to sleep and then attend to the other duties that belong to a house-wife and all the work being done on a boat eight feet wide and twenty or twenty-five feet long. The waves are rocking them all the time, but they do not seem to mind that any more than a fly does the shaking of a leaf on a tree. At about 11 a. m. we pull up anchor and slip out of the harbor and are now on our way to Nagasaki, Japan; with the weather quite cold and all have put on heavy clothes. They tell us we will find snow in Japan. Good bye for this time.

Yours Respectfully,
MR. and MRS. GEO. J. LABAR.

A Good Showing.

The annual business meeting of the First Baptist Church, last Tuesday evening, was attended by about 100 people. At seven o'clock the members and guests sat down at the supper table and did their duty by the good things, until about 7:45, when H. C. Olmsted, Chairman of the Board of Trustees, called for reports from the various societies. The Sunday School report was given by Chas. E. Crandell, Assistant Superintendent, and showed a marked progress during the year. Miss Jennie Loucks, President of the C. E., reports the society in splendid condition, with fair prospects of organizing a Junior Society, when the present contest in the Senior Society draws to a close. The treasurer's report as rendered by Jay P. Felt, shows the expenditures of the past year to be close on the thousand dollar mark. The Pastor's report was in part as follows: Sermons, 97; outside addresses, 16; funerals, 5; weddings, 1; prayer meetings, 57, with an average attendance of 18. Received into the church, through baptism, 7; by letter 3; total membership at present 70. Among the guests were to be seen the faces of Rev. Shank, and Editor Mullin, and a large number of equal fame (?) and good looks (?). The committee of ladies, who had the supper in charge, are to be complimented upon the excellent repast which was served. Miss Mary Hilyard, who headed the committee, is one of the ever faithful kind.

A Startling Statement

New York Medical Authorities Claim Dyspepsia to be a Pre-Disposing Cause of Consumption.

The post-mortem statistics of the big New York hospitals show that some cases of consumption are due, at least indirectly, to unchecked dyspepsia, especially when the victim was predisposed to tuberculosis.

Dyspepsia wears out the body and brain. The weakened, irritable stomach being unable to digest food, the body does not receive the required nourishment, and the victim becomes thin, weak and haggard. As a result, the body becomes a fertile field in which the germs of disease may lodge and flourish.

Therefore, the people who permits dyspepsia to progress unhindered is guilty of contributing toward the development of one of the most insidious and fatal diseases known to mankind.

Dyspepsia may be completely eradicated if properly treated. We sell a remedy that we positively guarantee will completely relieve indigestion or dyspepsia, or the medicine used during the trial will cost the user nothing.

This remedy has been named **REXALL Dyspepsia Tablets**. Certainly no offer could be more fair, and our offer should be proof positive that **REXALL Dyspepsia**

Tablets are a dependable remedy. Inasmuch as the medicine will cost you nothing if it does not benefit you, we urge you who are suffering with indigestion or dyspepsia to try **REXALL Dyspepsia Tablets**. A 25 cent box contains enough medicine for fifteen days treatment. For chronic cases we have two larger sizes, 50c and \$1.00. Remember you can obtain **REXALL Remedies** in Emporium only at our store.—The **REXALL Store**, The **Emporium Drug Co.**
