

Lingerie Hats

BY JULIA BOTTOMLEY.

TWO lovely hats are shown here made of val lace such as is so much used on lingerie frocks and fine undergarments. Since val lace invaded the realm of millinery a few seasons ago as a material of which hats are made the "lingerie hat," as it is called, has become a staple, just as felt or velvet are, and have been for generations. Each season now sees the introduction of new developments in lace hats. These lingerie hats are for winter and summer alike, just as the pretty frocks are of mill or batiste or light wash silks, trimmed with val lace. One sees them trimmed with fur and feathers, or with velvet or silk flowers for winter, and decorated with distinctly summer flowers for wear in the hottest weather. The lace is washable and lives many seasons when used in millinery.

Edges of val lace from one and one-half to two inches wide, and all-over patterns, are used in the greatest number of mod'is. But fine batiste or batiste embroidery is a great favorite in combination with lace. Sheer mulls and embroidered swisses are also used. A hat made of a fine dotted swiss is shown in Fig. 1. Ruffles of the swiss edged with val are made, after the material has been plaited in fine side plaits on a plaiting machine.

In Fig. 2 a hat is shown, made of embroidered batiste with ruffles about the brim edge. These are made of strips of the batiste edged with a very narrow val edge. Rosettes of messaline ribbon in blue are used on this chic model. They are joined by a twist of ribbon. Such hats are within the province of the home milliner.

DESIGNED FOR THE EVENING

Sky-Blue Cashmere-de-Sole The Most Appropriate Material That Can Be Employed Here.

This is a pretty dress and would be most elegant made up in sky-blue cashmere-de-sole. It is a princess shape slightly draped round the upper part of the figure, and is trimmed at the top by a tiny bolero of elab-

orately embroidered material; a tucker of chiffon is arranged above this, and it is also draped round the top of the arm. The over-skirt is edged with an embroidered band, while the under one is perfectly plain and trained.

The Short Coat.

The re-entry of the short coat is making one of the most entertaining features of early winter styles. Paris has out and out taken a stand for it, but here it is still tentative. The vogue of the short wrap is, however, well assured for the coming season.

HER POINT OF VIEW.

Sweet Maid—You must remember that ours was a summer engagement.
The Man—That means, if you see anyone you like better, you'll break it?
Sweet Maid—Yes.
The Man—And if I see anyone I like better—
Sweet Maid—I'll sue you for breach of promise.

SOFT, WHITE HANDS

May be Obtained in One Night.

For preserving the hands as well as for preventing redness, roughness, and chapping, and imparting that velvety softness and whiteness much desired by women Cuticura Soap, assisted by Cuticura Ointment, is believed to be superior to all other skin soaps. For those who work in corrosive liquids, or at occupations which tend to injure the hands, it is invaluable. Treatment.—Bathe and soak the hands on retiring in a strong, hot, creamy lather of Cuticura Soap. Dry and anoint freely with Cuticura Ointment, and in severe cases spread the Cuticura Ointment on thin pieces of old linen, or cotton. Wear during the night old, loose gloves, or a light bandage of old cotton or linen to protect the clothing from stain. For red, rough, and chapped hands, dry, fissured, itching, feverish palms, and shapeless nails with painful finger ends, this treatment is most effective. Cuticura Remedies are sold throughout the world, Potter Drug & Chem. Corp., sole proprietors, Boston, Mass.

A Woman's Diplomacy.

It was the Chicago man's turn, and he told this one:

"Diplomacy, you know, is a remarkable agent. The other day a lady said to her husband:

"James, I have decided to do without a new fall dress, and with the money it would cost I shall have mother here for a nice long visit."

"James turned on her excitedly. 'What, wear that old brown cloth thing another season? I guess not!' he exclaimed vehemently. 'You go right down to your tailor's to-day and order something handsome. Remember, please, that as my wife you have a certain position to maintain!'

"The wife bowed her head in submission. On her lips played a peculiar smile."—Lippincott's Magazine.

After the Hunt.

Provided with some trophies of the chase in the shape of rabbits, Rev. Sanford C. Hearn, pastor of the First Methodist Episcopal church, Yonkers, proceeded to dress them for dinner in the parsonage cellar. His small son watched the father's work with interest. Going upstairs, the youngster called his mother.

"Oh, mamma," said he, "what do you suppose papa is doing?"

"I can't guess, child. What is he doing?"

"Well, he's just skinning, shaving and cutting up cats."

A Good Head for Business.

"I want a hat pin," said little Mary of four years, as she gazed eagerly at the cushion full of sparkling ornaments on the milliner's showcase. "How much is it?" she asked, after making a very deliberate choice and laying her purchase money, a bright penny, on the counter. "Oh, nothing," returned the kind-hearted Mrs. Briggs, as Mary's mother was one of her regular customers. Imagine her amusement as the little "bargain hunter" said most eagerly: "I'll take two, then."—Delineator.

WHEN DINNER COMES

One Ought to Have a Good Appetite.

A good appetite is the best sauce. It goes a long way toward helping in the digestive process, and that is absolutely essential to health and strength.

Many persons have found that Grape-Nuts food is not only nourishing but is a great appetizer. Even children like the taste of it and grow strong and rosy from its use.

It is especially the food to make a weak stomach strong and create an appetite for dinner.

"I am 57 years old," writes a Tenn. grandmother, "and have had a weak stomach from childhood. By great care as to my diet I enjoyed a reasonable degree of health, but never found anything to equal Grape-Nuts as a standby.

"When I have no appetite for breakfast and just eat to keep up my strength, I take 4 teaspoonfuls of Grape-Nuts with good rich milk and when dinner comes I am hungry. While if I go without any breakfast I never feel like eating dinner. Grape-Nuts for breakfast seems to make a healthy appetite for dinner.

"My 13-months-old grandson had been very sick with stomach trouble during the past summer, and finally we put him on Grape-Nuts. Now he is growing plump and well. When asked if he wants his nurse or Grape-Nuts, he brightens up and points to the cupboard. He was no trouble to wean at all—thanks to Grape-Nuts." Read the little book, "The Road to Wellville," in plugs. "There's a Reason."

Ever read the above letter? A new one appears from time to time. They are genuine, true, and full of human interest.

Fight Against Plague Goes On.

Although the survey of the past year's anti-tuberculosis work shows that much has been done, the reports from all parts of the country indicate that this year the amount of money to be expended, and the actual number of patients that will be treated will be more than double that of the past year. For instance, special appropriations have been made in the various municipalities for next year's anti-tuberculosis work, aggregating \$3,976,500. In addition to these appropriations over \$1,000,000 has been set aside by the different state legislatures for the campaign against tuberculosis this year. Besides these sums, a large number of the present existing institutions and associations are planning enlargements of their work, and new organizations are being formed daily.

There is more Catarrh in this section of the country than all other diseases put together, and until the last few years was supposed to be incurable. For a great many years doctors pronounced it a local disease and prescribed local remedies, and by constantly failing to cure with local treatment, pronounced it incurable. Science has proven Catarrh to be a constitutional disease, and therefore requires constitutional treatment. Hall's Catarrh Cure, manufactured by F. J. Cheney & Co., Toledo, Ohio, is the only Constitutional cure on the market. It is taken internally in doses from 10 drops to a teaspoonful. It acts directly on the blood and mucous surfaces of the system. They offer one hundred dollars for any case it fails to cure. Send for circulars and testimonials. Address: F. J. CHENEY & CO., Toledo, Ohio. Sold by Druggists. Take Hall's Family Pills for constipation.

He Was an Old Hand.

"Do not anger me!" she said, sternly.

"How am I to know when you are angry?" he asked.

"I always stamp my feet," she answered.

"Impossible," he said. "There isn't room for a stamp on either of them!" That fetched her.—Lippincott's.

A Diagnosis.

"How's yer 'usband after the accident, Mrs. Ginnerty?"

"Faith, sometimes he's bether an' sometimes he's worse, but from the way he ylls an' takes on when he's bether, Oi think he's bether when he's worse."—Kansas City Journal.

Pa's Sleepy Day.

"Pa, what do you go to church for?"

"Way—er—to listen to the sermon, of course."

"That's what I go for, but I can't hear it 'cause you breathe so heavy."

Answer This Question

When shown positive and reliable proof that a certain remedy had cured numerous cases of female ills, wouldn't any sensible woman conclude that the same remedy would also benefit her if suffering with the same trouble?

Here are two letters which prove the efficiency of Lydia E. Pinkham's Vegetable Compound.

Fitchville, Ohio.—"My daughter was all run down, suffered from pains in her side, head and limbs, and could walk but a short distance at a time. She came very near having nervous prostration, had begun to cough a good deal, and seemed melancholy by spells. She tried two doctors but got little help. Since taking Lydia E. Pinkham's Vegetable Compound, Blood Purifier and Liver Pills she has improved so much that she feels and looks like another girl."—Mrs. C. Cole, Fitchville, Ohio.

Irasburg, Vermont.—"I feel it my duty to say a few words in praise of your medicine. When I began taking it I had been very sick with kidney and bladder troubles and nervous prostration. I am now taking the sixth bottle of Lydia E. Pinkham's Vegetable Compound and find myself greatly improved. My friends who call to see me have noticed a great change."—Mrs. A. H. Sanborn, Irasburg, Vermont.

We will pay a handsome reward to any person who will prove to us that these letters are not genuine and truthful—or that either of these women were paid in any way for their testimonials, or that the letters are published without their permission, or that the original letter from each did not come to us entirely unsolicited.

What more proof can any one ask?

For 30 years Lydia E. Pinkham's Vegetable Compound has been the standard remedy for female ills. No sick woman does justice to herself who will not try this famous medicine. Made exclusively from roots and herbs, and has thousands of cures to its credit.

Mrs. Pinkham invites all sick women to write her for advice. She has guided thousands to health free of charge. Address Mrs. Pinkham, Lynn, Mass.

WESTERN CANADA
What Prof. Shaw, the Well-Known Agriculturist, Says About It:
"I would sooner raise cattle in Western Canada than in the corn belt of the United States. Feed is cheaper and climate better for the purpose. Your market will improve faster than your farmers will produce the supplies. Wheat can be raised in the north of the International boundary. Your vacant land will be taken at a rate beyond present conception. We have enough people in the United States alone who want homes to take up this land." Nearly 70,000 Americans will enter and make their homes in Western Canada this year. 1909 produced another large crop of wheat, oats and barley, in addition to which the cattle exports was an immense item. Cattle raising, dairying, mixed farming and grain growing in the provinces of Manitoba, Saskatchewan and Alberta. Free homestead and pre-emption areas, as well as land provided by railway and land companies, will provide homes for millions. Adaptable soil, beautiful climate, splendid schools and churches, and other advantages.
