Farmers' Instruction Train.

Beginning February 22nd and continuing for three days, the Pennsylvania Railroad Company will operate a farmers' special instruction train through the central part of the State of Pennsylvania in the vicinity of Altoona and Tyrone. This will give the farmer, of that section of the State an opportunity to hear lectures on improved methods of farming by experts from the Pennsylvania State College of Agriculture. These talks will treat of "Soil Fertility," "Meadows and Pastures," "Use of Lime," "Corn," "Alfalfa," and "Dairying".

This three days' tour is a continuation of the campaign started by the Pennsylvania Railroad Company to improve the methods of farming in the through which it operates. Since the Fall of 1908 a number of special instruction trains have been operated in the States of New Jersey, Pennsylvania, and Maryland, and farmers' educational steamboats have been run on the tributary to the Chesapeake Bay by the Maryland, Delaware & Virginia, and the Baltimore, Chesapeake & Atlantic Railway Companies, subsidiary lines of the Pennsylvania.

For the Central Pennsylvania Farmers Special, the Pennsylvania Railroad Company will furnish a train consisting of an engine, two coaches, fitted up as audience rooms, and a car for those accompanying it. The train will start from Altoona, Pa., and during the three days, stops will be made at eighteen stations on the middle division, and on the Bald Eagle Branch of the Tyrone Division. At each of these stations two 45-minute lectures will be delivered in the coaches. Persons desiring to hear a lecture that is not given at one point will be given an opportunity to accompany the train to the next stopping place, or as far as they care to go, on payment of the regular railway fare. Abstracts of all lectures will be distributed at each station to all desiring them.

This train will be in charge of Dr. Thomas F. Hunt, Dean of the State Agricultural College, will be accompanied by Professors R. L. Watts, C. F. Shaw, M. S. McDowell, H. E. Van-Norman, C. F. Noll, and Alva Agee. William G. Spangle, Division Freight Agent at Altoona, Superintendent C. A. Preston of the Middle Division and Superintendent J. K. Johnston of the Tyrone Division will represent the Pennsylvania Railroad Company.

Pittsburg & Shawmut Railroad Sells \$8,000,000 Bonds.

Negotiations have been completed for the sale of \$7,000,000 bonds, at five per cent, payable in fifty years, greater amount of the bonds will be placed abroad. The Pittsburg & Shawmut and the Pittsburg, Shawmut and Northern will be consolidated under one blanket mortgage. The Pittsburg & Shawmut when completed will tap what is said to be one of the largest and richest bituminous coal areas in Elk and Jefferson counties. At one point on their line, they pass within a snow ball distance of the Emporium & Rich Valley R. R., and we should not be surprised to see an effort in the near future to get this line into Emporium, if not further east.

Election Laws Will Have to Be Amended.

The next Legislature will be asked to cure a number of defects in the schedule of the recently adopted amendments to the Constitution of Pennsylvania. Since the adoption of the amendments the State Department has been flooded with inquiries regarding the effect on the terms of various public officers not provided for in the schedule. For the benefit of inquirers a compilation has been made of things that will have to be taken care of by the Legislature. All of these will be incorporated in a bill that will be presented early in the session of 1911.

As judges of the county courts can only be elected in odd numbered years, at municipal elections, it will be necessary to lengthen for one year the terms of the Judges whose commissions expire with the end of the years 1912, 1914, 1916 and 1918. The schedule has already provided that those Judges whose terms expire with the end of 1910 shall continue in office another year.

Terms of Justices of the peace end on the first Monday of May of each year, except those to be elected in February, 1910, who shall serve until the first Monday in December, 1915. The proposed act must state specifically that the terms of those elected in 1908 shall be lengthened to the first Monday in December, 1911; those of 1907 and 1908 to the first Monday of December, 1913, and those of 1909 to the like in 1915. The schedule takes care of city, borough, township and ward officers elected in 1908 for three years; their terms are to end the first Monday in December, 1911, and their successors are to be elected in November of that year for four years. It will be necessary for the Legislature to extend the terms of such officers elected 1909 to the first Monday in December, 1913.

Terms of officers who have in the past been elected for four years will have to be extended to the first Monday in December of the proper year, as follows: Those elected in 1907, to December, 1911; those elected in 1908 will serve to the same date (which would shorten their terms a few months) or to December, 1913, which would lengthen them one year and eight months. Those elected in 1909 for four years are provided for in the schedule, and will serve until the first Monday in December, 1913.

Officers elected in 1909 for two years should serve until the first Monday in December, 1911, but this is not provided for in the schedule and will require action by the Legislature. One of the mistakes in the schedule is a provision that assessors elected in February, 1910, shall serve until the first Monday of December, 1911, although heretofore these officers have been elected for three years. Under the amended constitution those elected after this year will serve four years.

Presbyterian Church.

Services will be held at the Presbyterian church next Sunday, 8th morning and evening. Rev. D. P. Reese, of Chillicothe, Ohio, will preach at both services.

An Obedient Dog.

Schnapps is a dachshund, and the people who know all about the breed call the queer looking animal handsome. In the house in New York where he is the pet he is credited with more than ordinary dog sense and with understanding every word said to him in English or German. In order to demonstrate his sagacity his master said to him a few evenings ago: "Schnapps, the young people have been here long enough. Go down and tell the boys to go home." Downstairs he waddled and, standing before the visiting youths, barked and howled, then ran to the front door and back again and kept up the performance until, as his proud master explained, "the young men heard and saw the point. Pretty smart for a dachs, eh?"—Exchange.

AT LAST.

"I actually had the last word with a woman to-day."
"Amazing! How'd you manage it?"
"It was in the subway—I said 'Madam, have my seat.'"
