Railway Schools.

Unique among railroad schools is that which has just been established at Altoona, Pa., by the Pennsylvania Railroad Company, the management of which has arranged with the Pennsylvania State College to send professors to Altoona two days a week to give instruction to apprentices employed in the railroad shops. Special quarters have been constructed for the school rooms.

The plan with which the Pennsylvania Railroad is experimenting is to educate apprentices along the lines of work which they are following, with the view that this instruction will result in their becoming better and more efficient workmen. At the same time, their records in the school will give the employing officers a better opportunity to judge of their qualifications. From the ability shown in the school and with the records in the shops, the officers can determine upon the fitness of the apprentices for advancement in the service. The professors will make a monthly report on the progress made by each one attending the school.

The membership of the first class will be composed of apprentices of the fourth year who have shown ability in their work and a disposition to better their education. It will be optional with the young men whether or not they will take the course, but after entering the school attendance will be compulsory. The first-class will be limited to thirty apprentices.

The course of instruction, while not be definitely determined upon, will, in a general way, consist of the various elementary principles of mechanics, mechanism and materials, and simple computations based upon these subjects. The school was opened on March 1st, and will continue in session until the first of June. Sessions will be held on Tuesdays and Fridays, two hours each day, from one o'clock to three o'clock.

Free If It Fails.

Your Money Back If You are not Satisfied with the Medicine we Recommend.

We are so positive that our remedy will permanently relieve constipation, no matter how chronic it may be, that we offer to furnish the medicine at our expense should it fail to produce satisfactory results.

It is worse than useless to attempt to cure constipation with cathartic drugs. Laxatives or cathartics do much harm. They cause a reaction, irritate and weaken the bowels and tend to make constipation more chronic. Besides, their use becomes a habit that is dangerous.

Constipation is caused by weakness of the nerves and muscles of the large intestine or descending colon. To expect permanent relief you must therefore tone up and strengthen these organs and restore them to healthful activity.

The discovery of the active principal of our remedy involved the labor of world's greatest research chemists. As an active agent it possesses the valuable qualities of the best known intestinal tonics as well as being particularly pleasant and prompt in its results.

We want you to try Rexall Orderlies on our recommendation. They are exceedingly pleasant to take, being eaten like candy, and are ideal for children, delicate persons and old folks, as well as the robust. They act directly on the nerves and muscles of the bowels. They apparently have a neutral action on other associate organs or glands. They do not purge, cause excessive looseness nor create any inconvenience whatever. They may be taken any time, day or night. They will positively relieve chronic or habitual constipation, if not of surgical variety, and the myriads of associate or dependent chronic ailments, if taken with regularity for any length of time. They come in two sizes of packages, 15 tablets, 10 cents; 36 tablets, 25 cents. Sold in Emporium only at our store—the Rexall store—The Emporium Drug Co.

Fully nine out of every ten cases of rheumatism is simply rheumatism of the muscles due to cold or damp, or chronic rheumatism, neither of which require any internal treatment. All that is needed to afford relief is the free application of Chamberlain's Liniment. Give it a trial. You are certain to be pleased with the quick relief which it affords. Sold by all druggists.

Chamberlain's Stomach and Liver Tablets are safe, sure and reliable, and have been praised by thousands of women who have been restored to health through their gentle aid and curative properties. Sold by all druggists.

Heed The Warning.

Many Emporium People Have Done So.

When the kidneys are sick they give unmistakable warnings that should not be ignored. By examining the urine and treating the kidneys upon the first sign of disorder, many days of suffering may be saved. Sick kidneys expel a dark, ill-smelling urine, full of "brick dust" sediment and painful in passage. Sluggish kidneys cause a dull pain in the small of the back, headaches, dizzy spells, tired, languid feelings and frequent rheumatic twinges.

Doan's Kidney Pills are for the kidneys only; they cure sick kidneys, and rid the blood of uric poison. If you suffer from any of the above symptoms you use no better remedy.

Emporium people recommend Doan's Kidney Pills.

Mrs. E. L. Rendt, Fifth Street, Emporium, Pa., says: "For years kidney trouble kept me in misery. My back ached constantly and I could not rest well

on account of the acute pains across my loins. My kidneys caused me much annoyance and I felt miserable in every way. Reading about Doan's Kidney Pills, I obtained a box from Taggart's Drug Store and commenced their use. Prompt relief was received and I now have no cause for complaint. I have often recommended Doan's Kidney Pills to other kidney sufferers."

For sale by all dealers. Price 50 cents. Foster-Millurn Co., Buffalo, New York, sole agents. Remember the name—Doan's—and take no other.
