SINNAMAHONING.

A heavy frost Tuesday night killed nearly all the early fruit.

Forest fires continue to rage on the mountains here. The mountains will soon be all burned over. One of the Socialists says "it is a benefit to the land to burn every spring." By looking at the small pine and hemlock trees, which are turning brown, it will soon clean the land, leaving nothing to burn.

Several parties were after the speckled beauties last week. When the fishing season opens there will be few left to eatch
