Harmony of Dress.

A beautiful woman also studies the harmony of painting a well kept home, takes care to have the house painted with paint that will continue to look bright, clean and fresh looking. The L. & M., never becomes dingy, because only chemically pure colors are used, only the finest White Lead, only the purest of Linseed Oil, only expert paint-makers produce it with machinery, a thousand gallons at a time. Contrast this with the costly and crude production of White Lead Paint made by hard labor with stick in a pot—a few gallons at a time. L. & M., is sold by Harry S. Lloyd, Emporium, Pa.

Body of Unknown Negro Found.

Last Saturday, the day track walker found the remains of a colored man in the creek, about two miles west of Round Island, on P. & E. R.R. When the track walker first discovered the object he thought it was a pile of rags but upon examination found it to be the body of a colored man, lodged near the bank against an old railroad tie. Esquire Kerr, of Renovo, held an inquest and the jury concluded the man met death in an unknown manner. He had been in the water about three weeks it is thought. Deceased was a man of about thirty years, five feet six inches tall; weight about 175 or 180 pounds; wore a blue coat and dark striped pants; a pair of high-top lumberrmans shoes, newly calked. Had the appearance of being a woodsman. Seth Nelson, poor master, caused the body to be buried at Hulings on Sunday. Nothing was found in his pockets to identify him or show who he was or where he came from, except a draw-back ticket, showing that he had paid \$3.00 cash fare on the Alabama Great Southern R. R., Feb. 20th, 1910. He also had a card from the Wagner House, New Orleans, La.
