**Science in Farming.**  
 The farmers of Pennsylvania are showing their faith in agricultural education by sending several hundreds of their sons to the School of Agriculture in The Pennsylvania State College. The growth of this school in this State institution has been remarkable. The criticism made of some State agricultural schools that they train boys wholly away from the farm will not apply to Pennsylvania. One hundred and seventy of the four hundred and seventy-nine students enrolled in the School of Agriculture last year took courses that fit only for rural life, while a considerable percentage of the remaining number, who are taking the four years' college courses, expect to engage in some department of practical farming.

The two years' course in Agriculture attracts young men who have not been able to prepare for a four years' course, and it fits men for practical work only and not for professional life. A booklet has been prepared for free distribution that describes the work offered in this course, and it presents some fine illustrations that are descriptive of the work in the School of Agriculture. Students are shown engaged in livestock judging, horticultural work and other practical work. An excellent picture of the students engaged in military drill is shown on the last cover page. This attractive booklet may be secured without charge by sending a postal card request addressed to School of Agriculture and Experiment Station, State College, Centre county, Pa. Every young man who wants to know the science of agriculture and its useful application, and has not had the advantage of school preparation for a four years' college course, should take advantage of this Two Years' Course in the Pennsylvania State College.

**A Steady Drain.**

Sick Kidneys Weaken the Whole Body, Make You Ill, Languid and Depressed.

Sick kidneys weaken the body through the continual drainage of life-giving albumen from the blood into the urine, and the substitution of poisonous uric acid that goes broadcast through the system, sowing the seed of disease. Loss of albumen causes weakness, languor, depression. Uric poisoning causes rheumatic pain, nervousness, nausea, cricks in the back, gravel and kidney stones. The proper treatment is a kidney treatment, and the best remedy is Doan's Kidney Pills. Great Emporium cures present.

Lee Halderman, Allegheny Ave., Emporium, Pa., says: "I have used Doan's Kidney Pills and have found them to be a cure for backache and pains in the loins. I also know that this remedy acts as a tonic to the entire system."

For sale by all dealers. Price 50 cents. Foster-Milburn Co., Buffalo, New York, sole agents. Remember the name—Doan's—and take no other.

**Company to Concede This.**

In each and every case where Sixine Pills do not bring back your strength and steady nerves to any man or woman who has used six boxes, the company will either give—without additional cost—six boxes more for treatment, or will refund your five dollars. The company has been doing this for years and still does so, without quibble or red tape. Besides, they do not want you to hesitate to send in your claim if necessary.

R. C. Dodson, Druggist, Emporium, Pa., endorses every word of this.

**Marvelous Discoveries**

mark the wonderful progress of the age. Air flights on heavy machines, telegrams without wires, terrible war inventions to kill men, and that wonder of wonders—Dr. King's New Discovery—to save life when threatened by coughs, colds, la-grippe, asthma, croup, bronchitis, hemorrhages, hay fever and whooping cough or lung trouble. For all bronchial affections it has no equal. It relieves instantly. It's the surest cure. James M. Black of Asheville, N. C., R. R. No. 4, writes it cured him of an obstinate cough after all other remedies had failed. 50c. and \$1.00. A trial bottle free. Guaranteed by all Druggists.

**A Dreadful Wound**

It's the quickest, surest healer for all such wounds as also for burns, Boils, Sores, Skin Eruptions, Eczema, Chapped Hands, Corns and Piles. 25c. all druggists.

**MISSSES SEGER ENTERTAINS.**

One of the most enjoyable dancing and card parties held in Emporium for several years, was that given by the Misses Louise and Ida Seger, in honor of their guest and cousin, Miss Rose Singler, of Morgan Park, Ill. The very pleasant affair was given at the Opera House, last Thursday evening. The Hall was very prettily decorated for the occasion. On the left of the entrance cozy corners were fixed and contained tables for card playing and to the right were arranged the tables where the refreshments were served. A program consisting of twenty dances with several encores and cards were the chief features of entertainment. Mrs. Josephine Woodley, presiding at the piano, assisted by Mr. Lawrence Fisk with the drums, made the dances most enjoyable. After the program was half finished, a light collation was served. During the intermission, Miss Singler, the guest of honor, favored the guests with two vocal selections, which were heartily enjoyed. Miss Singler possesses a very sweet and well trained voice and her selections were well rendered. She is a member of a glee chorus in Chicago, composed of 1,000 picked singers, and those who had the extreme pleasure of hearing her enjoyed a rare treat. The dancing was continued until the "wee sma' hours" and even then the guests were reluctant to leave the scene, where they had passed several happy hours. The Misses Seger are royal entertainers and have a very pleasing manner which makes their guests feel perfectly at ease and to realize that the evening is before them for a good time. This was greatly manifested at the happy assemblage last Thursday evening.

The invited guests for the evening were as follows: Mrs. R. Seger, Mrs. N. Seger, Mr. and Mrs. Charles Seger, Mr. and Mrs. Fred. Seger, Mr. and Mrs. John Howard, Mr. and Mrs. E. E. Forbes, Mrs. Josephine Woodley, Mrs. Anna Almes, Misses Marion Judd, Mayme Cummings, Nell Thomas, Encie Howard, Kate Lechner, Julia Hogan, Jean McNarney, Kate Metzger, Carolyn Lechner, Theresa Blumie, Marion Rentz, Esther Tumpousky, Francis Blumie, Elizabeth Lechner, Helen Smutz, Gladys Lloyd, Helen Blumie, Carolyn Cox, Christy MacDonald, Anna Ashall, Kathryn Hogan, Agnes Blumie, Lena Coyle, Kate Zimmet, Mazie Gallagher, Flora Schlecht, Martha Schlecht, Vera Geary, Elizabeth Crandell and Messrs. G. A. Walken, A. H. Forbes, Russell McQuay, Warner Judd, Scott Sterner, Herbert Vogt, Leo Hayes, Fred Keim, Gordon Vogt, Frank Blumie, Guy Thompson, Carl Thompson, Edward Breene, Edward Foster, Harold Seger, Charles Farrell, Mose Harris, Edward Baldwin, Willard Cope, Charles Lambert, Max Balcom, Everett Pierson, Harry Anderson, Hubert Brady, Theo. Butler, John Quigley, Clyde Fisher, Will Flynn, and Drs. H. W. Mitchell, W. H. Bush and H. S. Falk, of Emporium, Messrs. Carl Mumford, St. Marys, Mr. Russell, of Driftwood, A. W. Phillips and C. H. Cordie, of Sinnamahoning, and Don Minnick, of Ridgway.

**Whist Parties.**

Emporium ladies have been busy entertaining at whist parties during the past week. The following ladies have had card parties, Mesdames I. K. Hockley, Grant S. Allen, Leon R. Felt and Lizzie Hinkle.

Keith Dalrymple, aged 17, of Port Allegheny, who has been lost about four years, has just been located at Aurora, Ill., where he is in prison, charged with a serious crime. The young man is said to be worth \$200,000.

Promoters of a "safe and sane" Fourth of July at Bradford, have secured a supply of stamps printed under their direction, and advocating their cause. The stamps show a small flag in the center and on each side are the figures "1910". Beneath the flag is "Safe and Sane Fourth of July, Bradford, Pa."

**A Woman's Great Idea** is how to make herself attractive. But, without health, it is hard for her to be lovely in face, form or temper. A weak, sickly woman will be nervous and irritable. Constipation and Kidney poisons show in pimples, blotches, skin eruptions and a wretched complexion. But Electric Bitters always prove a godsend to women who want health, beauty and friends. They regulate Stomach, Liver and Kidneys, purify the blood; give strong nerves, bright eyes, pure breath, smooth, velvety skin, lovely complexion, good health. Try them. 50c. at all druggists.

Lame shoulder is almost invariably caused by rheumatism of the muscles and yields quickly to the free application of Chamberlain's Liniment. This Liniment is not only prompt and effective, but in no way disagreeable to use. Sold by all dealers.

The undersigned is prepared to contract for all kinds of brick, stone, concrete and mason work. Having given twenty years to the work prior to coming to Emporium, am prepared to give satisfaction. Give me a call.

**Goodyears Start on Ten-Year Job in McKean County.**

SMETHPORT, JUNE 21. The Goodyear company is now at work in earnest clearing "The Big Woods," fifteen miles from here. There are about one thousand men located in twenty different lumber camps, and it is expected they will be employed for a period of about ten years. Only hemlock timber is being cut now, but as soon as this is exhausted the fine hardwood will be attended to. On the Emporium road on the outskirts of the woods a town is being built. Already there are about ten buildings, a store, barber shop, blacksmith shop, planing mill, where all sorts of wooden handles for steel instruments are turned out for the woodmen a boarding house and several private dwellings. The store, owned by Chas. Hull & Co., is a model structure. Its frontage on the road is eighty feet, and it extends back for two hundred. When finished, its length will be two hundred feet more. The retailing portion of the store is nicely finished with metal ceiling, varnished counters, handsome shelves, and the office is equipped with all the modern necessities—cash register, telephone, safe, typewriter and large stands for accounts. The rest of the store is a huge warehouse where there is stored everything from pins and jewelry up to baled hay. In connection with the store, there is a slaughter house, where meat is handled on a large scale—sold only in quarters. It may well rival the Chicago stockyards in everything except size. The road leading to the new town is being graded, and the place will be found an interesting one to visit.

**THE DEATH DICE.**

**A Murder Case in Which They Returned a Just Verdict.**

The German emperor some time ago presented to the Hohenzollern museum the "death dice" with which one of his ancestors decided a difficult case in the seventeenth century. The history of these dice is generally given as follows:

A young girl had been murdered. Suspicion fell upon two young soldiers, Ralph and Alfred, who were suitors for her hand. They both denied their guilt, and even torture failed to extract a confession from either.

Then Elector Frederick William decided to cut the knot by means of the dice box. The two soldiers should throw for their lives and the loser should be executed as the murderer.

The event was celebrated with great solemnity. Ralph had the first chance and threw sixes, the highest possible number. The dice box was then given to Alfred. He fell on his knees and prayed. Then he rose to his feet and threw the dice with such force that one of them was broken. The whole one showed six, the broken one also gave six on the larger portion, and the fragment split off showed one. This was a total of thirteen, one beyond Ralph's throw. The audience held its breath in amazement.

"God has spoken!" cried the prince. Ralph, appalled by what he regarded as a sign from heaven, confessed his guilt and was sentenced to death.—Chicago Record-Herald.

**Got What She Wanted.**

"I can stand for some things, but not for everything," said the clerk as he watched a stylishly dressed young woman leave the store.

"What is the matter?" asked the proprietor, who had walked up unobserved.

"That woman who just left hustled up to the counter and asked to see men's shirts. I showed her every style and color we carry. After inspecting the entire stock she rose and thanked me sweetly, adding: 'I didn't wish to purchase any. You see, I am making my husband some shirts, and I wanted to be sure I was doing them right. My husband is very particular about the finish of his shirts.' And they say married women are so considerate."

The boss smiled and walked away.—Boston Traveler.

**The Sun.**

It is computed that the temperature of the sun would be expressed by 18,000 degrees of Fahrenheit's thermometer, or about ninety times the temperature of boiling water. This is about five times the temperature that man is able to produce by artificial means. The light given off from the surface of the sun is reckoned as being 5,300 times more intense than that of the molten metal in a Bessemer converter, though that is of an almost blinding brilliancy, or, if we compare it with the oxyhydrogen flame, the sun sheds a light equal in brilliancy to 146 times the intensity of the limelight.

**Plant That Feigns Death.**

In South America there is a plant, a species of mimosa, which resorts to death feigning, evidently for the purpose of preventing grass eating animals from eating it. In its natural state this plant has a vivid green hue, but directly it is touched by a human finger or by any living animal it collapses into a tangle of apparently dead and withered stems. Among British wild plants the most sensitive to touch is the insectivorous sundew of English bogs.—London Globe.

**Kind Critics.**

"How did Jones get such a reputation both as a singer and an artist?" "He sang before the Painters' club and painted pictures for the Musicians' union."—Cleveland Leader.

**The Boy's Shadow.**

Recently the mother of a boy who is about twelve years of age made complaint before a Judge that her son was unruly and she feared he was associating with company that in the end would bring disgrace to him and her. The judge told the son to step near him, and in a pleasant tone of voice said, pointing to the parent. "Boy, there is the only true friend you have; obey her. Let me impress this on your mind; think of it, remember it! Whatever shadow you cast in life will follow you as long as you live and always keep up with you. That is your reputation. It is always in sight and just your size exactly, and how proud and happy it will make your fond mother if you will stop going with bad youths and stand in such a position in the sunlight of heaven that your shadow will always be on the side of respectability. Go home this time with your mother, turn over a new leaf and prevent the law from sending you to the reform school." Golden words. No more pertinent truth was ever spoken; no wiser counsel ever proffered by mortal lips. Your reputation in your community is your shadow. It is exactly your size, and you can never get away from it; though you may flee a thousand miles of a cloudy day, the moment you show yourself in public your shadow is at your side. Your habits and modes of thought have left their imprint upon your features, unconsciously controlling your speech and action, and dissemble as much as you may, are constantly signaling from behind the mask that you are not what you pretend to be.—Ex.

An average of \$83 every hour was paid out by the Odd Fellows of Pennsylvania for relief purposes during the year just closed, according to a report presented by Grand Secretary Joseph H. Mackey to the Grande lodge session at Williamsport. The total amount paid out for relief was \$728,354,67, an average of \$1,955,40 per day, but so large is the membership of the three-link fraternity in Pennsylvania the average cost per week to each member was less than ten cents.—Ex.

By a change in the form of the postal money order and the elimination of the mail advice to postmasters. Postmaster General Hitchcock expects to save the Government approximately \$500,000 a year. The order making the changes was issued Friday by the Postmaster General. The money order form is two and a half inches longer than the one now in use. It consists of a stub, order with marginal checks, coupons to be retained by the postmaster who makes the payment and a receipt for the remitter. The order and coupon both are to be mailed to the person in whose favor the order is drawn. The new form will be put into use as soon as the Public Printer can obtain the necessary supply of "safety" paper.

Hard words, unkind acts may be forgiven, but they may never be effaced from memory. An injustice that wrongs or injures or pains a brother, sister or friend stands there forever. You may atone for it, repent of it, try to repair it, make double or treble compensation for it, but you cannot recall it; it is done and never can be helped, though it might have been prevented before it happened. Many a hasty, inconsiderate act has led to a life of sorrow; many an act, even trivial, has been the occasion of frequent bitter memories for a long lifetime; whereas an act of kindness and forgiveness, which it would have been better and wiser and easier to do, would have rewarded the doers with a glow of graceful pride and pleasure, every time in after years it came to mind.—Ex.
