FIRST FORK

The fore parts of last week it looked as though we were booked for a drought, till the copious rains of Wednesday put a different look on the face of nature. Also on the faces of the farmers, as this insures moisture enough for the corn, buckwheat and potatoes to mature.

There have been hundreds, or perhaps I should say, thousands of bushels of huckleberries taken out of Muley Run, parties coming from Port Allegany, Condersport, Austin and intermediate points and taking out team loads of them but the season is about over now.

When Fred Williams was returning from the pasture, Sunday morning, he saw a large rattlesnake just disappearing into the buckwheat and caught him by the tail and jerked him out into the open and killed him. He was about four feet long.

The heavy shower of Sunday, p. m. helped out the situation wonderfully.

Another Street Paving.

The property owners of Second street are seriously contemplating the paving of that handsome little street. It would be economy on the part of the taxpayers if every street in Emporium was paved and obliterate the expenditure of hundreds of dollars.

Birthday Surprise.

A number of lady and gentlemen friends of Mr. Harold Robinson, son of Mr. and Mrs. Wm. Robinson of West Fifth street, surprised that popular young man last Tuesday evening, it being his 17th birthday. It was a genuine surprise to the young man, who cordially greeted his friends and all enjoyed a pleasant evening, games and other amusements keeping the merry party busy until a late hour. An elegant luncheon was served by the young man's good mother which was hugely enjoyed.

An Agreeable Visitor.

Mr. L. Grant Goodnough, editor of Cornwall-on-Hudson, N. Y., Local Press, accompanied by his wife, have been guests of the former's brother, Mr. C. J. Goodnough and wife, West Fourth street this week. The Press sanctum was favored with a fraternal visit from the former gentleman on Monday just at a time when one of our presses had "balked." Being a practical printer and expert dressman he at once pulled his coat and assisted in locating the "difficulty," for which we are thankful. In addition to conducting an up-to-date print shop, Mr. Goodnough is postmaster of Cornwall-on-Hudson and a prominent citizen of that section. We enjoyed his call very much.

Suitable for Stock Farms.

A. T. Lyon of Fredericktown, Ohio, where he conducts the Lyon Stock Farm has looked over this section considerable since he came here to visit his daughter, Mrs. E. J. Rogers and family, and feels confident that the time is not far distant when the hills of this county will be occupied as stock farms, giving as his reason the fact that western land is being rapidly cleared and advancing in value, therefore driving out the stock breeder. He is confident our close proximity to Buffalo makes this an ideal place for stock raising. Why not consult with Mr. Lyon, ye owners of large tracts of land and open up a new industry in this county. We are told this section will produce grass equal to the celebrated blue grass field of Kentucky.
