The premium list will be ready in a few days. For further particulars write to F. G. Judd, Emporium, Pa.

W. C. T. U. Convention.

The W. C. T. U. Convention of Cameron county which was held in the First M. E. Church on Monday and Tuesday of this week was well attended at all the sessions. The Field Worker, Mrs. S. C. Wilson, of DuBois was present and gave some good talks. The State President, Mrs. Elia M. George, of Beaver Falls, was also present and addressed the meeting on Tuesday evening. Mrs. George is a good speaker and the large audience were well pleased. Much interest was manifested all through the meetings and several good talks were given by town people.

Attended the Ball Game.

Last Saturday afternoon, the following Emporium gentlemen autoed to Driftwood, where they witnessed the ball game between Emporium and Driftwood. Drs. H. W. Mitchell, W. H. Bush, H. S. Falk, Messrs. Fred J. Keim, Andrew Brady, D. R. Branson and J. H. Stephens.

Six O'clock Dinner.

Mr. and Mrs. J. Paul Pelt entertained several relatives at six o'clock dinner last Saturday evening, at their pleasant home on Sixth street. Covers were laid for fourteen. Those present were Mr. and Mrs. Chas. Felt and sons Frank and Lee W., Dr. Leon R. Felt and wife, Mrs. S. E. Felt, Mrs. Guy S. Felt, Mrs. Rena Shafer, Dr. C. L. Felt, wife and son Carl.

Base Ball.

The Keystone National Base Ball team went to Driftwood, as per schedule, last Saturday afternoon and were defeated by that team with a score of 4 to 3, having played 11 innings. It was a close call and a hard fought game for both teams. Driftwood was supposed to have played at this place yesterday; but owing to some unaccountable reason failed to make good.

PRESBYTERIAN CHURCH.

Rev. R. H. BENT, Pastor. Services Sunday morning and evening, subject for the morning, "From Beyond Mars and Return." Subject for the evening, "Throttled Convictions." Pastor expects to preach at both services. Cordial welcome to strangers and others.

Opening of School.

The schools of Emporium will open on Monday September 5th. Pupils who have attended school in other places and desire to be admitted to our schools must see the principal in his office on Friday Sept. 2nd from 9 to 12 a. m. All such pupils as well as beginners must present a certificate of successful vaccination before they can be admitted.

The law does not require the admission of children until they reach the age of six years but in order to prevent the frequent forming of new classes the Board permits the enrollment of children who will be six years of age before Jan. 1st, 1911 during the first week of school. Those who reach the age of six between Jan. 1, 1911 and May 15, 1911 may be admitted after the holiday vacation. Parents will please note this regulation as it is impossible to have beginners coming in at various times through the term.

The law requires the attendance of all children between the age of 8 and 16, except those who having reached the age of 14 hold a certificate of employment given by the principal of schools and regularly employed at some useful occupation. The Directors are sworn to enforce the law and it is hoped that no necessity may arise for proceedings against parents during the present school term.

All teachers are requested to meet in the High School room on Friday evening, Sept. 2, at 8:00 o'clock. Directors are invited.

In conclusion let us hope for a cordial co-operation on the part of all concerned so that each year may place our schools on a higher plane of efficiency. C. E. PLASTERER, Principal.

DEATH'S DOINGS.

HOWARD.

Mrs. MABEL W. CUSH—HOWARD, wife of County Treasurer Chas. J. Howard, and daughter of Edward and Kathryn Cush, died at the hospital at Williamsport on Wednesday morning, August 24th. Mrs. Howard was born at Sizerville, July 6th, 1876 and received her education at that place, later she attended the High School at Eldred, from which place she graduated at the age of fifteen years. She taught school one year at Wharton, Potter county and then taught three consecutive terms at Sizerville and later taught the grammar school at this place for four years, prior to her marriage. In May 1899 she became the wife of Mr. Chas. J. Howard and to this union four children were born, the eldest being ten years of age and the youngest is but four years old. On Saturday August 20th, Mrs. Howard was stricken with appendicitis and the following Tuesday she was removed to the hospital at Williamsport, where an operation was performed immediately, but to no avail and death came to relieve her sufferings early the following morning. She was accompanied to the hospital by Mr. and Mrs. John T. Howard, her husband and Dr. H. S. Falk. Deceased is survived by her husband, four children, Elizabeth, Chas. J. Jr., John, Taylor and Kathryn, her aged parents, Mr. and Mrs. Cush, of Gardeau, two sisters and two brothers, Mrs. Sprung, of Denver, Colo., Mrs. W. B. Thompson, of this place, Edward, of Pittsburg, Pa., and Norman at home. Mrs. Howard's friends were legion and her sudden death is keenly felt and her early demise is a severe loss to her little children, who are now at an age when they most need a mother's love and care. Her aged parents are stricken with grief and all the family are bowed down with their great sorrow.

The death of this pleasant young woman was indeed a terrible shock to her afflicted family and friends. This happy, jovial girl as we knew her when she was only a child, was a devoted wife, fond mother and seemed happy to be surrounded by her children and husband. Although wrapped up in her family and never happier than when at their country home on the Portage where she passed her childhood days, she delighted to entertain their friends. We unite with the friends of the family in tendering our heartfelt sympathy to the bereaved husband and children.

Mead Floyd presided at the organ. Lead Kindly Light and Asleep in Jesus were sung. The flower bearers were Misses Grace A. Walker, Alice Montgomery, Mrs. Guy S. Felt and Mrs. D. R. Branson. The floral offerings were beautiful. The casket-bearers were Messrs. Andrew Brady, Albert Forbes, James P. Creighton, Fred Seger, D. R. Branson and Geo. A. Walker. Interment was made in the Wiley Annex of the Newton Cemetery. The PRESS joins with the entire community in offering its sincere sympathy to the bereaved family.

GIBBS.

Jessie, the 11 month old son of Walter Gibbs, died at the family home on South Maple street, last Friday morning. The child had never been in good health but everything was done to keep the little spark of life burning. It will be remembered that the mother died last June, leaving the care of a large family to a daughter, who has been unfeeling in the care of her little brother. The funeral took place Sunday, interment in Rich Valley cemetery.

RUSSELL.

MISS VIOLA RUSSELL, the eight year old daughter of Mr. and Mrs. Allen Russell died at their home on the Four Mile last Wednesday, August 24th. The child was injured a week previous to her death, by falling from a shed in the rear of her home and received internal injuries. The funeral was held last Thursday afternoon from the family home and interment was made in the private burial plot on the Russell farm. Rev. J. F. Anderson, pastor of the First M. E. Church officiated. The family have the sympathy of the PRESS.

Returned Home.

Matthew Sherber, who was injured at the paper mill at Johnsonburg, last January, and has just left the hospital at Ridgway, is at present at the home of his father at this place. The young man lost his right leg at the knee and his left foot was severely injured, the result of the accident.

Fine Prospect.

The Clarion State Normal School will open its twenty-fourth annual session on Tuesday, September 13th. The Attendance promises to be the largest in the history of the institution. During the past five years the growth has been unusual. It has an ideal location and a fine equipment. A fine spirit characterizes the student body. If you have not already engaged a room better do so at once. J. George Becht, Principal, Clarion, Pa.

Old Emporiumites in the West.

We received a letter on Monday from F. A. Hill, at Seattle, Wash., signed by the following old Emporium friends who were stopping with Edw. Dion, proprietor of "The Kentucky Bar": J. W. Kay, Ludger Dion, Roy Burlew, F. A. Hill, A. D. McDonell, James L. Norrie and Edward Dion. Our above friends are located in different sections of the west, but met at Mr. Dion's. The letter says that the "whole state of Washington is going dry." We imagine that the party were enjoying themselves.

Good Appointment.

Prof. D. B. Peterson, who has been teaching school at Cameron for the past three years, has received the appointment as principal of the township schools near Kane, Pa. On Saturday Prof. Peterson informed the PRESS that he was going to Kane to look over the ground, preparatory to getting the term started. His family will remain at Cameron for this year at least. We congratulate the genial Professor on his success and hope that everything will turn out all right, as he is a teacher of ability.

Dairy Products as Food.

The products of the dairy are perhaps the most useful articles included in the human diet. A meal made up of dishes into which no product of the dairy cow enters would not be such as to inspire "the turnpike road to people's hearts I find lies through their mouths, or I mistake mankind." Take away the butter for the bread, the cream for the coffee and the porridge, the shortening in the crust and the biscuits, the in the gravy and in the puddings, the cream for the dessert and the various kinds of cheese which please and satisfy, then take away the cup of milk for the little one and the meal that would be left would be neither tempting nor nutritious.

The health of our people depends so much upon an adequate supply of pure dairy products that even a scarcity is always attended by suffering and death.

Butter is sometimes referred to as a luxury. This is a mistake. Butter is not a luxury but one of the necessities of life, and its composition is such that nothing can take its place and perform the same function. It is nature's product compounded in the maternal organism and the process is in accordance with nature's law, a law which man can imitate but cannot understand. Man can manufacture from various fats and oils a substitute for butter but it cannot take the place of nature's product because man cannot understand the needs of the human body as nature understands them.

The animal body is developed best when nourished by foods which have been little manipulated by man and machinery. Dairy products are, as a rule, consumed nearly as pasture produced them. This is particularly true with milk upon which the growing body must depend. In the case of butter only a small percentage of other products are added to the fat extracted from the milk. Man only manipulates it in order to put it in convenient shape for use. It can still be termed a product of nature designed as only nature can design for use as food by the human body.

Taken to Hospital.

Mr. E. T. Wells, of East Emporium was taken to the Ridgway hospital on Sunday on the afternoon train suffering with typhoid fever. We are informed he is in a very critical condition at this writing.

Died at Ridgway.

Mrs. John Cummings and Mr. James P. Creighton, of this place, who went to Ridgway, Wednesday morning, were called there by the very serious illness of their mother, Mrs. Mary Creighton, whose death occurred at that place, Wednesday evening at seven o'clock. We copy the following from to-day's Ridgway Democrat:

"Mrs. Mary Creighton, for years one of the very highly respected residents of Ridgway, passed peacefully away at her home at 201 South Main street shortly before seven o'clock last evening. A serious attack of heart trouble hastened the end, although she has been afflicted for some time with a complication of diseases, brought on partly by her advanced age.

Deceased has been confined to the bed the greater part of the present summer, suffering with various ills. Her condition, however was never regarded as exactly dangerous during all that time, until the failure of her heart last evening gave a warning of the inevitable, but all too late.

Mrs. Creighton was born in County Clare, Ireland, sixty-seven years ago. When about six years of age she came to this country with her parents, who settled in the Eastern section of the United States. She was married to John Creighton who died in 1894 and ever since that time Mrs. Creighton has resided in this city.

Deceased is survived by the following children: Mrs. John Cummings, of Emporium; James P., of Emporium; Mrs. J. F. Roach, of Peoria, Ill.; W. H. Creighton, of Bellville, Ark.; Mrs. J. T. McMinn, of Punxsutawney, Pa.; the Misses Agnes, and Lucy and Luke A. Creighton, the latter three at home. She was a faithful professor of the Catholic faith all her life, and services will be held from the local church."

The funeral of this venerable old lady will take place on Saturday morning at nine o'clock.

Wild Elephants Disturbed His Slumbers.

Who could sleep in an elephant and rhinoceros trail when a herd of elephants was charging about, trumpeting and bellowing? In his illustrated lecture, "Through Africa with Roosevelt," J. Alden Loring says it made his hair stand on end and the porters climbed trees. Emporium Opera House, Saturday evening, Sept. 10.

Mr. Wylie kindly giving the use of the grove gratis. This ground could not be secured for the Reunion of 1909, which necessitated the securing of new grounds which was done by the committee and officers in charge, and on which we have a lease for term of years. These grounds are situated about one mile east of Sterling Run Station, convenient and easy of access from railroad and township road. Fine shape, good water and an ideal place for reunions, pic-nics or camping parties.

Another Misleading Statement.

So much has been said relative to the expenses connected with Broad street paving and so many false reports issued, or rather circulated, calculated to deceive the tax-payers, that we published in the PRESS recently a statement of the Borough financial condition on July 16th, 1910, over the signature of Mr. E. D. White, our efficient and capable Borough Treasurer, who certainly had the proper data at hand to verify his statement. The Burgess, or even any tax-payer could secure the statement just as readily as THE PRESS. This report was issued July 16, 1910, there being of course the August bills to add to the disbursements, all work under construction having been completed as ordered or contracted for by the Borough.

We notice in last week's East Emporium Independent an open letter from Burgess Marshall, wherein he indulges in some more misrepresentations. In the first place he asks if we intend to pay the borough expenses and pave Fourth street from the 1910 tax budget. Our answer: Is the cost of Broad street paving taken from the 1910 tax? Certainly not—any school boy should know better. It is the desire of, and intention of, the Borough Council to place all bonds, for improvements and the up-building of Emporium, for a long term of years, at a low rate of interest. Mr. Burgess again disputes the genuineness of Mr. White's statement, issued July 16, 1910, over a month ago, because the figures do not lie. The tax-payers fully understand the fact that two-thirds of the cost of paving Broad Street is repaid by the abutting property owners into the Borough treasury. In case Fourth street, or any portion of it, should be paved this year, or at any future time, the tax-payers-at-large would be taxed for one-third the cost.

"What think you, Mr. Tax-payer?" Are we to continue hauling mud, cinders, dirt and other matter to fill up our roads or crossings, only to repeat the waste of money year after year? We are emphatically in favor of paving every foot of Fourth street from Junction to Iron Bridge, near Woodland Avenue; to be decided by popular vote and the Borough bonded for thirty years, which would cost each taxpayer about two cents on a dollar of valuation, each year. "What think you, Mr. Tax-payer?"

Wild People That Live on Milk and Blood.

In the South country of Africa there is a naked race of savages that lives solely on blood and milk mixed. J. Alden Loring, one of the naturalists who accompanied the ex-president, describes these people and their habits in his illustrated lecture "Through Africa with Roosevelt." Emporium Opera House, Saturday evening, Sept. 10.

Youthful Westons.

Last Sunday, four of Emporium's young hopefuls started for a long walk which resulted in a jaunt of about fifteen miles. They started from East Emporium and tramped the pipe line to Hunts Run; thence to Cameron and again to Emporium, having made the trip in a little over four hours. The walkers were Messrs. Fred Metzger, George Piper, Riley Murray and Will Spence. They are contemplating another trip in the near future.
